What he doesn't know is that he is on a collision course with a crack special forces unit from Ukraine and a disturbed colleague with a score to settle. Celebrating Ray Bradbury's centennial, a deluxe illustrated commemorative collection of his finest crime stories -- tales as strange and wonderful as his signature fantasy. Time travelers...dark carnivals...living automata...and detectives? Honoring the 100th birthday of Ray Bradbury, renowned author of *Fahrenheit 451*, this new, definitive collection of the master's less well-known crime fiction, published in a high-grade premium collectible edition, features classic stories and rare gems, a number of which became episodes of ALFRED HITCHCOCK PRESENTS and THE RAY BRADBURY THEATER, including the tale Bradbury called "one of the best stories in any field that I have ever written." Is it murder to destroy a robot if it looks and speaks and thinks and feels like a human being? Can a ventriloquist be incriminated by the testimony of his own dummy? Can a time traveler prevent his younger self from killing the woman they both loved? And can the survivor of a pair of Siamese twins investigate his own brother's murder? No other writer has ever rivaled the imagination and narrative gifts of Ray Bradbury, and the 20 unforgettable stories in this collection demonstrate this singular writer's extraordinary range, influence and emotional power.

Mark Twain's the Facts Concerning the Recent Carnival of Crime in Connecticut New York Review of Books

Chances are you have been ripped off at a friendly traveling carnival, set up at your local fair or festival, because you had been left unprotected by police. The intention of this book is not just to tell readers about the games which keep ripping them off, but most importantly to explain the clandestine behind the scenes workings of a not so friendly, well organized, criminal element. From the innocent looking and usually rigged, two to five dollars per play "Duck Pond," to the \$10,000 contribution by the itinerant carnival owner to the state or national political action committee or candidate, the author, a retired police officer, specializing in carnival midway game enforcement, has been able to associate a

portion of illegally obtained cash proceeds from anonymous transient weekend midway scammers to carnival owners, to public servants, and also to distinguished politicians. This 100-year-old entrenched system of confidence crime and public corruption still operates relatively unrestricted at weekend fairs and festivals in America. Police simply do not arrest carnival thugs or their politician pals. No one cares about duped children or teenagers since many civic leaders ultimately get a cut of the midway loot in some way, shape, or form. Because this traditional chicanery is actually endorsed by wink & nod carnival security (dubbed "carny-cops") and public officials, trusting carnival patrons have a high likelihood of being either swindled, pick-pocketed, or short-changed on American midways by anonymous serial criminals. Unfortunately for unprotected American children, all but a few police agents nation-wide are either untrained, dont care, or are on the take, and refuse to address fraud (theft by deception) and gambling violations on their anything-goes, hit & run, carnival turf. While crooked carnival owners operate these drifting mobile crime syndicates under the radar of federal law enforcement, few citizens know the full extent of the systemic immunity and corruption involved. Thus, victims of this multibillion-dollar racket continue to remain unprotected on 21st century carnival lots. The authors exclusive investigation describes, for the first time, evidence of facilitation of free-wheeling criminal acts combined with the curious contributions/payoffs which enable this annual crime spree. The author also uncovers crafty "payments" from culpable carnival owners and lists renowned U.S. politicians associated with the perpetuation of this ten to forty-billion-dollar per year, largely unregulated, rolling racketeer industry. "Deeply satisfying...succeeds on a grand scale...best of all is the language....Hopkinson's narrative voice has a way of getting under the skin."--The New York Times Book Review "Caribbean patois adorns this novel with graceful rhythms...Beneath it lie complex, clearly evoked characters, haunting descriptions of exotic planets, and a stirring story...[This book] ought to elevate Hopkinson to star status." --Seattle Times It's Carnival time and the Caribbean-colonized planet of Toussaint is celebrating with music, dance, and pageantry. Masked "Midnight Robbers" waylay revelers with brandished weapons and spellbinding words. To young Tan-Tan, the Robber Queen is simply a favorite costume to wear at the festival--until her power-corrupted father commits an unforgiveable crime. Suddenly, both father and daughter are thrust into the brutal world of New Half-Way Tree. Here monstrous creatures from folklore are real, and the humans are violent outcasts in the wilds. Tan-Tan must reach into the heart of myth and become the Robber Queen herself. For only the Robber Queen's legendary powers can save her life . . . and set her free.

From Ferdinand von Schirach, one of Germany's most prominent defense attorneys, comes a jolting debut collection of short stories that daringly brings to light the motivations stirring within

the criminal mind. By turns witty and sorrowful, unflinchingly brutal and heartbreaking, the deeply affecting, quietly unnerving cases presented in *Crime* urge a closer examination of guilt and innocence. In "Fähner," a small-town physician and avid gardener betrays little emotion when he takes an ax to his wife's head, an act that shocks the locals but provides a long-awaited reprieve for the good doctor. Abbas, a Palestinian refugee who is cornered into a life of crime, finds true love and seemingly a saving grace with a beautiful student named Stefanie in "Summertime." But when she is viciously murdered in a hotel room after having been paid to sleep with one of the country's wealthiest men, is Abbas to blame or is it the man who seems to have it all? And in the startling story "Love," a young man's infatuation with his girlfriend takes a grisly turn as he comes to grips with his unconventional—and uncontrollable—impulses to truly know a woman. "Guilt," writes von Schirach, "always presents a bit of a problem." In this beautifully nuanced and telling collection, guilt is indeed never as clear-cut as the crime, and justice is more nebulous still.

CRIME, DEVIANCE, AND SOCIAL CONTROL IN THE 21ST CENTURY

Simon and Schuster

Cultural criminology has now emerged as a distinct theoretical perspective, and as a notable intellectual alternative to certain

aspects of contemporary criminology. Cultural criminology attempts to theorize the interplay of cultural processes, media practices, and crime; the emotional and embodied dimensions of crime and victimization; the particular characteristics of crime within late modern/late capitalist culture; and the role of criminology itself in constructing the reality of crime. In this sense cultural criminology not only offers innovative theoretical models for making sense of crime, criminality, and crime control, but presents as well a critical theory of criminology as a field of study. This collection is designed to highlight each of these dimensions of cultural criminology - its theoretical foundations, its current theoretical trajectories, and its broader theoretical critiques-by presenting the best of cultural criminological work from the United States, Europe, Australia, and elsewhere.

Samuel Langhorne Clemens (1835-1910), better known by the pen name Mark Twain, was an American humorist, satirist, lecturer and writer. Twain is most noted for his novels *The Adventures of Tom Sawyer* (1876) and *Adventures of Huckleberry Finn* (1885). He is also known for his quotations. His first important work, *The Celebrated Jumping Frog of Calaveras County*, was published in 1865. His next publication was *The Adventures of Tom Sawyer*, which drew on his youth in Hannibal. The character of Tom Sawyer was modeled on Twain as a child, with traces of two schoolmates, John Briggs and Will Bowen. His next major published work, *Adventures of Huckleberry Finn*, solidified him as a noteworthy American writer. Some have called it the first Great American Novel. Finn was an offshoot from Tom Sawyer and proved to have a more serious tone than its predecessor. The main premise behind *Huckleberry Finn* is the young boy's belief in the right thing to do even though the majority of society believes that it was wrong.

director Guillermo del Toro and starring Bradley Cooper, Cate Blanchett, Rooney Mara, and Toni Collette. **Nightmare Alley** begins with an extraordinary description of a carnival-show geek—alcoholic and abject and the object of the voyeuristic crowd's gleeful disgust and derision—going about his work at a county fair. Young Stan Carlisle is working as a carny, and he wonders how a man could fall so low. There's no way in hell, he vows, that anything like that will ever happen to him. And since Stan is clever and ambitious and not without a useful streak of ruthlessness, soon enough he's going places. Onstage he plays the mentalist with a cute assistant (before long his harried wife), then he graduates to full-blown spiritualist, catering to the needs of the rich and gullible in their well-upholstered homes. It looks like the world is Stan's for the taking. At least for now.

ORGANIZING DEVIANCE

Carnival of Crime In these 23 stories, Brown never fails to surprise and delight. Time after time the reader anticipates the ending only to discover that once more the author has proved too clever. Yet Brown never "cheats," never feeds false clues, and his endings are always plausible. His imagination is by turns puckish, grim, outlandish—but forever fresh. Brown's stories run from the fifty-word "Mistake" to a novelette ("The Case of the Dancing Sandwiches"). In "Granny's Birthday," a two-page short short, with Granny supervising like a benign queen, the party goes splendidly, marred only by manslaughter and murder. **Cultural Criminology and the Carnival of Crime**

"A cab driver in a crime-filled, apocalyptic city begins a romance with a book-loving, married fare, who offers a ray of light and happiness in the grittiness around him in this new novel by the author of *De Niro's Game*."
