Barge and in compliance with the requirements of ASME Section XI.

EVALUATION OF ASME SECTION XI REFERENCE LEVEL SENSITIVITY FOR INITIATION OF ULTRASONIC INSPECTION EXAMINATION

The Code of Federal Regulations Title 10 contains the codified Federal laws and regulations that are in

effect as of the date of the publication pertaining to energy, including: nuclear energy, testing, and waste; oil, natural gas, wind power and hydropower; climate change, energy conservation, alternative fuels, and energy site safety and security. Includes energy sales regulations, power and transmission rates.
