**A GUIDE TO THE
MAGIC AND
MYSTERY OF
PRACTICAL ENGLISH**

University of Chicago
Press

Early in the history of
English, the words
"grammar" and
"glamour" meant the
same thing: the power
to charm. Roy Peter
Clark, author of *Writing
Tools*, aims to put the
glamour back in
grammar with this fun,
engaging alternative to

stuffy instructionals. In
this practical guide,
readers will learn
everything from the
different parts of
speech to why
effective writers prefer
concrete nouns and
active verbs. **THE
GLAMOUR OF
GRAMMAR** gives
readers all the tools
they need to "live inside
the language"--to take
advantage of grammar
to perfect their use of
English, to instill
meaning, and to charm
through their writing.
With this indispensable
book, readers will
come to see just how
glamorous grammar

can be.

Why Language Can't Be Tamed John Wiley & Sons

This new edition of Garner's Dictionary of Legal Usage discusses and analyzes modern legal vocabulary and style more thoroughly than any other contemporary reference work. Since the first edition, Bryan A. Garner has drawn on his unrivaled experience as a legal editor to refine his position on legal usage. The new Third Edition remains indispensable: Garner has updated entries throughout, added hundreds of new entries and thousands of new illustrative quotations from judicial opinions and leading lawbooks, revised the selected bibliography, and expanded and

updated cross-references to guide readers quickly and easily. A new preface introduces the reader to this edition and discusses content that has been newly incorporated. Influential writers and editors rely on Garner's Dictionary of Legal Usage daily. It is an essential resource for practicing lawyers, legal scholars, and libraries of all sizes and types, functioning as both a style guide and a law dictionary, guiding writers to distinguish between true terms of law and mere jargon and illustrating recommended forms of expression. Common blunders are discussed in ways that will discourage writers from any further use. The origins of

frequently used expressions are described with engaging prose. Collectively, there is no better resource for approaching legal writing in a logical, clear, and error-free way.

Consider the Lobster

A Dictionary of Modern American Usage

The go-to guide for perfecting your grammar and communication skills in every situation English teachers aren't the only ones who expect careful and correct language choices. Precision in language can be the deciding factor when it comes to getting a job or winning a promotion. Whether your skills need drastic improvement or a quick brush-up, The McGraw-Hill Handbook

of English Grammar and Usage will get your grammar back on the right track. Written by two expert grammarians, the book provides bottom-line definitions, tips, and simple rules that summarize the essentials you need to know. You'll find clear examples of usage and as well guidance on communication via text, email, and social media. The new, third edition of The McGraw-Hill Handbook of English Grammar and Usage features:

- Straightforward explanations of common mistakes and why they happen
- Hundreds of correct and incorrect sentence examples, with errors clearly marked
- Quick tips for fixing your most stubborn grammatical

mishaps • Catchy memory aids for writing correctly the first time, and more

A Dictionary of Modern English

Usage Little Brown
The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This

updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. straightforward instruction.

CASTE (OPRAH'S BOOK CLUB)

The Economist Language is the most human invention. Spontaneous, unruly, passionate, and erratic it resists every attempt to discipline or regularize it--a history celebrated here in all its irreverent glory. Language is a wild thing. It is vague and anarchic. Style, meaning, and usage are continually on the move. Throughout history, for every mutation, idiosyncrasy, and ubiquitous mistake, there have been countervailing rules, pronouncements and systems making some attempt to bring language to heel. From the utopian language-builder to the

stereotypical grammatical stickler to the programmer trying to teach a computer to translate, Lane Greene takes the reader through a multi-disciplinary survey of the many different ways in which we attempt to control language, exploring the philosophies, motivations, and complications of each. The result is a highly readable caper that covers history, linguistics, politics, and grammar with the ease and humor of a dinner party anecdote. Talk on the Wild Side is both a guide to the great debates and controversies of usage, and a love letter to language itself. Holding it together is Greene's infectious enthusiasm for his subject. While you can walk away

with the finer points of who says "whom" and the strange history of "buxom" schoolboys, most of all, it inspires awe in language itself: for its elegance, resourcefulness, and power.

THE ELEMENTS OF LEGAL STYLE

McGraw Hill
Professional

An exploration of a surprisingly combative period in the history of English grammar.

Heated arguments can break out over many things: slander, insults to a person's honor--and, during one period in English history, grammar. In his new book detailing the controversies and fraught histories that accompanied efforts to regularize English grammar, Bryan A. Garner shows that the

grammarians of the eighteenth and nineteenth centuries were a surprisingly contentious and opinionated lot. Taming the Tongue in the Heyday of English Grammar (1711-1851) makes the primers of the period come alive in ways that their concerned and idiosyncratic authors might not have envisioned. The entries in Taming the Tongue--which has nearly five hundred color illustrations--are packed with scrupulously recorded information on the content and publication details of the primers, as well as tantalizing tales from the authors' lives. Combining scholarly rigor with lively anecdotes, Garner sheds light on the controversies and

unexpectedly fiery histories of English grammatical disputes.

What's Your Pronoun?: Beyond He and She

Liveright Publishing

The authoritative guide to using the English language effectively, from “the greatest writer on grammar and usage that this country has ever produced” (David Yerkes, Columbia University).

The author of *The Chicago Manual of Style*'s popular “Grammar and Usage” chapter, Bryan A.

Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With *The Chicago Guide to Grammar, Usage, and Punctuation*, he has written the definitive guide for writers who want their prose to be

both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of

English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. The *Chicago Guide to Grammar, Usage, and Punctuation* is a magisterial work, the culmination of Garner's lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. "[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his

advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it."—John E. McIntyre, Baltimore Sun

The Oxford Dictionary of American Usage and Style American Bar Association

The *Cambridge Guide to Australian English Usage* is an up-to-date, evidence-based account of the variable points in Australian usage and style, in alphabetical format. Its description of Australian English uses a wealth of primary sources (linguistic corpora; the internet; public surveys of usage, conducted through Australian Style) as well as the latest editions of

English dictionaries, style manuals and grammars. With all this input the Cambridge Guide to Australian English Usage provides in-depth coverage of the currency of alternative usages in spelling, punctuation and word choice in Australia, while showing the influence of British and American English here as well. This book is designed for everyone who writes and edits documents and non-fiction texts, for print or electronic delivery. Tertiary students and staff will get plenty of help from it, as well as professional editors who work with manuscripts of many different authors and commissions from multiple publishers.

Usage and Abusage: a Guide to Good English

W. W. Norton & Company
Admirably clear, concise, down-to-earth, and powerful—all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process that will appeal to other

professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Trenchant advice covers all types of legal materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the

past decade and addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward.

The Chicago Manual of Style Oxford University Press

Partridge's classic guidelines for writing standard English and explanations of usage differences are updated for the nineties with articles on sexism and vogue words

The Interpretation of Legal Texts Random House Reference

Good legal writing wins court cases. In its first edition, *The Winning Brief* proved that the key to writing well is understanding the

judicial readership. Now, in a revised and updated version of this modern classic, Bryan A. Garner explains the art of effective writing in 100 concise, practical, and easy-to-use sections. Covering everything from the rules for planning and organizing a brief to openers that can capture a judge's attention from the first few words, these tips add up to the most compelling, orderly, and visually appealing brief that an advocate can present. In Garner's view, good writing is good thinking put to paper. "Never write a sentence that you couldn't easily speak," he warns-and demonstrates how to do just that. Beginning each tip with a set of quotable quotes from experts, he then gives

masterly advice on building sound paragraphs, drafting crisp sentences, choosing the best words ("Strike pursuant to from your vocabulary."), quoting authority, citing sources, and designing a document that looks as impressive as it reads. Throughout, he shows how to edit for maximal impact, using vivid before-and-after examples that apply the basics of rhetoric to persuasive writing. Filled with examples of good and bad writing from actual briefs filed in courts of all types, *The Winning Brief* also covers the new appellate rules for preparing federal briefs. Constantly collecting material from his seminars and polling judges for their preferences, the

second edition delivers the same solid guidelines with even more supporting evidence. Including for the first time sections on the ever-changing rules of acceptable legal writing, Garner's new edition keeps even the most seasoned lawyers on their toes and writing briefs that win cases. An invaluable resource for attorneys, law clerks, judges, paralegals, law students and their teachers, *The Winning Brief* has the qualities that make all of Garner's books so popular: authority, accessibility, and page after page of techniques that work. If you're writing to win a case, this book shouldn't merely be on your shelf--it should be open on your desk.

A Midsummer-night's Dream Oxford University Press, USA
 Fowler's Concise Dictionary of Modern English Usage is an invaluable quick-reference work, providing clear, practical and up-to-date guidance on questions of grammar, spelling, style, and word choice. Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and concerns of the 21st century.

The Joy of Syntax

Random House
 A Dictionary of Modern American Usage
 New York : Oxford University Press

FOWLER'S CONCISE DICTIONARY OF MODERN ENGLISH USAGE

The Economist

This expanded twelfth edition of the bestselling guide to style is based on the Economist's own updated house style manual, and is an invaluable companion for everyone who wants to communicate with the clarity, style and precision for which the Economist is renowned. As the introduction says, 'clarity of writing usually follows clarity of thought.' The Economist Style Guide gives general advice on writing, points out common errors and clichés, offers guidance on consistent use of punctuation, abbreviations and capital letters, and contains an exhaustive range of reference material - covering everything from accountancy ratios and

stock market indices to laws of nature and science. Some of the numerous useful rules and common mistakes pointed out in the guide include: *Which informs, that defines. This is the house that Jack built. But: This house, which Jack built, is now falling down. Discreet means circumspect or prudent; discrete means separate or distinct. Remember that "Questions are never indiscreet. Answers sometimes are" (Oscar Wilde). Flaunt means display, flout means disdain. If you flout this distinction you will flaunt your ignorance. Forgo means do without; forego means go before. Fortuitous means accidental, not fortunate or well-timed. Times: Take care.

Three times more than X is four times as much as X. Full stops: Use plenty. They keep sentences short. This helps the reader.

The Winning Brief: 100 Tips for Persuasive Briefing in Trial and Appellate Courts

Harvard Business Review Press

This book provides a comprehensive guide to the essential rules of legal writing. Unlike most style or grammar guides, it focuses on the special needs of legal writers, answering a wide spectrum of questions about grammar and style -- both rules and exceptions. It also gives detailed, authoritative advice on punctuation, capitalization, spelling, footnotes, and citations, with illustrations in legal

context. Designed for law students, law professors, practicing lawyers, and judges, the work emphasizes the ways in which legal writing differs from other styles of technical writing. Its how-to sections deal with editing and proofreading, numbers and symbols, and overall document design. Features: * Cautions on use of 500 stuffy phrases and needless legalisms, along with their everyday English translations * Details rules for 800 words with required prepositions in certain contexts * Explains the correct usage of more than 1,000 words that are often troublesome to legal writers * Gives tips on preparing briefs and other court documents, opinion

letters and demand letters, research memos, and contracts

- * Provides model documents of all types of legal documents and pleadings
- Reviews 200 terms of art that take on new meanings in legal contexts

A Guide Univ of Chicago+ORM
