FINLEY KAIYA

[When Atheism Becomes Religion](#) Baker Books

Barry Harvey provides a doctrine of the church that combines Baptist distinctives and origins with an unbending commitment to the visible church as the social body of Christ. Speaking to the broader Christian community, Harvey updates, streamlines, and recontextualizes the arguments he made in an earlier edition of this book (Can These Bones Live?). This new edition offers a style of ecclesial witness that can help Christian churches engage culture. The author suggests new ways Baptists can engage ecumenically with Catholics and other Protestants, offers insights for Christian worship and practice, and shows how the fragmented body of Christ can be re-membered after Christendom.

When Jesus Came to Harvard Orbit

"In the past 50 years (2009), Christianity has entered into its most momentous transformation since its transition in the 4th century A.D. from what had begun as a tiny Jewish sect into the religious ideology of the Roman Empire" (Harvey Cox). What does the future hold for faith in a transcendent God? What will this mean for Christianity? What will this mean for the religions of the world? Dr. Ron Cottle answers these questions and more in this continuing series of books called, "Ron Cottle Teaches The Masters."

A NOVEL

Fortress Press

"Three generations of the Murphy women must come together when a hurricane threatens to destroy their hometown--and the holiday season in the process"--

God Said, \"Live!\" Simon and Schuster

A thought-provoking, original appraisal of the meaning of religion by the host of public radio's On Being Krista Tippett, widely becoming known as the Bill Moyers of radio, is one of the country's most intelligent and insightful commentators on religion, ethics, and the human spirit. With this book, she draws on her own life story and her intimate conversations with both ordinary and famous figures, including Elie Wiesel, Karen Armstrong, and Thich Nhat Hanh, to explore complex subjects like science, love, virtue, and violence within the context of spirituality and everyday life. Her way of speaking about the mysteries of life--and of listening with care to those who endeavor to understand those mysteries--is nothing short of revolutionary.

Mindfall The Future of Faith

From the New York Times bestselling author of American Fascists and the NBCC finalist for War Is a Force That Gives Us Meaning comes this timely and compelling work about new atheists: those who attack religion to advance the worst of global capitalism, intolerance and imperial projects. Chris Hedges, who graduated from seminary at Harvard Divinity School, has long been a courageous voice in a world where there are too few. He observes

that there are two radical, polarized and dangerous sides to the debate on faith and religion in America: the fundamentalists who see religious faith as their prerogative, and the new atheists who brand all religious belief as irrational and dangerous. Both sides use faith to promote a radical agenda, while the religious majority, those with a commitment to tolerance and compassion as well as to their faith, are caught in the middle. The new atheists, led by Richard Dawkins, Christopher Hitchens and Sam Harris, do not make moral arguments about religion. Rather, they have created a new form of fundamentalism that attempts to permeate society with ideas about our own moral superiority and the omnipotence of human reason. I Don't Believe in Atheists critiques the radical mindset that rages against religion and faith. Hedges identifies the pillars of the new atheist belief system, revealing that the stringent rules and rigid traditions in place are as strict as those of any religious practice. Hedges claims that those who have placed blind faith in the morally neutral disciplines of reason and science create idols in their own image -- a sin for either side of the spectrum. He makes an impassioned, intelligent case against religious and secular fundamentalism, which seeks to divide the world into those worthy of moral and intellectual consideration and those who should be condemned, silenced and eradicated. Hedges shatters the new atheists' assault against religion in America, and in doing so, makes way for new, moderate voices to join the debate. This is a book that must be read to understand the state of the battle about faith.

The Market as God McGraw-Hill Education (UK)

The Market has deified itself, according to Harvey Cox's brilliant exegesis. And all of the world's problems--widening inequality, a rapidly warming planet, the injustices of global poverty--are consequently harder to solve. Only by tracing how the Market reached its divine status can we hope to restore it to its proper place as servant of humanity.

REIMAGINING THE CHURCH'S WITNESS IN THE MODERN WORLD

Houghton Mifflin Harcourt

"A beautiful book and a Cox classic....Readers will be grateful that they joined him on his journey." --E.J. Dionne Jr., author of Souled Out "Insightful, provocative, and inspiring--I even found myself uttering a hearty evangelical 'Amen!'" --Richard Mouw, President, Fuller Theological Seminary, and author of Calvinism in the Las Vegas Airport The Future of Faith is Harvard religion scholar Harvey Cox's landmark exploration of why Christian dogmatism is giving way to a grassroots Christianity rooted in social justice and spirituality. Cox laid the groundwork for modern religious writing with his 1965 classic, The Secular City, paving the way for writers like Diana Butler Bass, Karen Armstrong, Stephen Prothero, and Deepak Chopra, who calls The Future of Faith "a fresh vision for the resurrection of a new global Christianity."

[A Flexible Faith](#) Oxford University Press, USA

Offers support, comfort, and guidance on spiritual matters, and advises readers how to allow faith combined with imagination and hard work to achieve their dreams.

The Future of Faith Harper Collins

ON NOT LEAVING IT TO THE SNAKE

Little, Brown

The "unputdownable" (Dave Eggers, National Book award finalist) story of the most infamous American con man you've never heard of: James Strang, self-proclaimed divine king of earth, heaven, and an island in Lake Michigan, "perfect for fans of The Devil in the White City" (Kirkus) A New York Times Book Review Editors' Choice Longlisted for the 2021 Andrew Carnegie Medal for Excellence in Nonfiction Finalist for the Midland Authors Annual Literary Award A Michigan Notable Book A CrimeReads Best True Crime Book of the Year "A masterpiece." —Nathaniel Philbrick In the summer of 1843, James Strang, a charismatic young lawyer and avowed atheist, vanished from a rural town in New York. Months later he reappeared on the Midwestern frontier and converted to a burgeoning religious movement known as Mormonism. In the wake of the murder of the sect's leader, Joseph Smith, Strang unveiled a letter purportedly from the prophet naming him successor, and persuaded hundreds of fellow converts to follow him to an island in Lake Michigan, where he declared himself a divine king. From this stronghold he controlled a fourth of the state of Michigan, establishing a pirate colony where he practiced plural marriage and perpetrated thefts, corruption, and frauds of all kinds. Eventually, having run afoul of powerful enemies, including the American president, Strang was assassinated, an event that was frontpage news across the country. The King of Confidence tells this fascinating but largely forgotten story. Centering his narrative on this charlatan's turbulent twelve years in power, Miles Harvey gets to the root of a timeless American original: the Confidence Man. Full of adventure, bad behavior, and insight into a crucial period of antebellum history, The King of Confidence brings us a compulsively readable account of one of the country's boldest con men and the boisterous era that allowed him to thrive.

Psychoneuroimmunology (PNI) studies relationships between mental state & the nervous, endocrine & immune systems. It focuses on how mental states & beliefs affect physical health. This book examines topics relating to religious faith & behaviour.

Speaking of Faith Bloomsbury Publishing

Renowned religion expert and Harvard Divinity School professor Harvey Cox deepens our experience of the Bible, revealing the three primary ways we read it, why each is important, and how we can integrate these approaches for a richer understanding and appreciation of key texts throughout the Old and New Testaments. The Bible is the heart of devotional practice, a source of guidance and inspiration rich with insightful life lessons. On the other side of the spectrum, academics have studied the Bible using scientific analysis to examine its historical significance and meaning. The gap between these readings has resulted in a schism with far-reaching implications: Without historical context, ordinary people are left to interpret the Bible literally, while academic readings overlook the deeply personal connections established in church pews, choir benches, and backyard study groups. In *How To Read the Bible*, Cox explores three different lenses commonly used to bring the Bible into focus: Literary—as narrative stories of family conflict, stirring heroism, and moral dilemmas; History—as classic texts with academic and theological applications; Activism—as a source of dialogue and engagement to be shared and applied to our lives. By bringing these together, Cox shows the Bible in all its rich diversity and meaning and offers us a contemporary activist version that wrestles with issues of feminism, war, homosexuality, and race. The result is a living resource that is perpetually evolving as our understanding changes and deepens from generation to generation.

[How to Read the Bible](#) Random House

Over the past three decades, American evangelical Christians have undergone unexpected, progressive shifts in the area of race relations, culminating in a national movement that advocates racial integration and equality in evangelical communities. The movement, which seeks to build cross-racial relationships among evangelicals, has meant challenging well-established paradigms of church growth that built many megachurch empires. While evangelical racial change (ERC) efforts have never been easy and their reception has been mixed, they have produced meaningful transformation in religious communities. Although the movement as a whole encompasses a broad range of political views, many participants are interested in addressing race-related political issues that impact their members, such as immigration, law enforcement, and public education policy. *Ambivalent Miracles* traces the rise and ongoing evolution of evangelical racial change efforts within the historical, political, and cultural contexts that have shaped them. Nancy D. Wadsworth argues that the stunning breakthroughs this movement has achieved, its curious political ambivalence, and its internal tensions are products of a complex cultural politics constructed at the intersection of U.S. racial and religious history and the meaning-making practices of conservative evangelicalism. Employing methods from the emerging field of political ethnography, Wadsworth draws from a decade's worth of interviews and participant observation in ERC settings, textual analysis, and survey research, as well as a three-year case study, to provide the first exhaustive treatment of ERC efforts in political science. A 2014 CHOICE Outstanding Academic Title

Common Prayers New York : Macmillan

Colin has yet another argument with his wife and storms out of the house with the intention of watching the remaining half of a football match in his local pub. However, he is knocked down by a car whilst crossing a road. And, that is just the start of his troubles...

[Where Justice and Diversity Meet](#) Radical Welcome and Healing Hope Harper Collins

In a sweeping reconsideration of the relation between religion and modernity, Jose Casanova surveys the roles that religions may play in the public sphere of modern societies. During the 1980s, religious traditions around the world, from Islamic fundamentalism to Catholic liberation theology, began making their way, often forcefully, out of the private sphere and into public life, causing the "deprivatization" of religion in contemporary life. No longer content merely to administer pastoral care to individual souls, religious institutions are challenging dominant political and social forces, raising questions about the claims of entities such as nations and markets to be "value neutral", and straining the traditional connections of private

and public morality. Casanova looks at five cases from two religious traditions (Catholicism and Protestantism) in four countries (Spain, Poland, Brazil, and the United States). These cases challenge postwar—and indeed post-Enlightenment—assumptions about the role of modernity and secularization in religious movements throughout the world. This book expands our understanding of the increasingly significant role religion plays in the ongoing construction of the modern world.

THE RISE OF PENTECOSTAL SPIRITUALITY AND THE RESHAPING OF RELIGION IN THE 21ST CENTURY

Crossway

It was born a scant ninety-five years ago in a rundown warehouse on Azusa Street in Los Angeles. For days the religious-revival service there went on and on—and within a week the Los Angeles Times was reporting on a "weird babble" coming from the building. Believers were "speaking in tongues," the way they did at the first Pentecost recorded in the Bible?and a pentecostal movement was created that would, by the start of the twenty-first century, attract over 400 million followers worldwide. Harvey Cox has traveled the globe to visit and worship with pentecostal congregations on four continents, and he has written a dynamic, provocative history of this explosion of spirituality?a movement that represents no less than a tidal change in what religion is and what it means to people.

America's New Fundamentalists Baker Academic

Ronnie Nelson likes to be chased. Jaxon Cook loves a challenge. Ronnie wants a man who pulls out all the stops. Jax doesn't stop until he gets what he wants. Seems like a match made in heaven. Until an unexpected development—of the 'call me Professor Cook' variety—makes their attraction-and what they did last Saturday night-a lot more forbidden. Now, committing a work violation has become a forgone conclusion and the chase just became a lot more complicated. Lucky for Ronnie, Jax loves breaking the rules. Lucky for Jax, Ronnie does too. *** *Work Violation* is a full-length, family friends to lovers, professor/adult student, house flipping romantic comedy that can be read as a complete standalone and is book 2 in the Cook County series.

The End of Church and the Birth of a New Spiritual Awakening Harper Collins

"Brilliant. . . . The perfect summer read." --Nylon "[A] compulsively readable page-turner." --Cosmopolitan An assured and savagely funny novel about three old friends as they navigate careers, husbands, an ex-fiancé, new suitors, and, most important, their relationships with one another After a devastating break-up with her fiancé, Geraldine is struggling to get her life back on track in Toronto. Her two old friends, Sunny and Rachel, left ages ago for New York, where they've landed good jobs, handsome husbands, and unfairly glamorous lives (or at least so it appears to Geraldine). Sick of watching from the sidelines, Geraldine decides to force the universe to give her the big break she knows she deserves, and moves to New York City. As she zigzags her way through the downtown art scene and rooftop party circuit, she discovers how hard it is to find her footing in a world of influencers and media darlings. Meanwhile, Sunny's life as an It Girl watercolorist is not nearly as charmed as it seemed to Geraldine from Toronto. And Rachel is trying to keep it together as a new mom, writer, and wife--how is it that she was more confident and successful at twenty-five than in her mid-thirties? Perhaps worst of all, why are Sunny and Rachel--who've always been suspicious of each other--suddenly hanging out without Geraldine? Hilarious and fiercely observed, *How Could She* is an essential novel of female friendship, an insider's look into the cutthroat world of New York media--from print to podcasting--and a witty exploration of the ways we can and cannot escape our pasts.

[The Link Between Religion and Health](#) BJ Harvey

BONNIE KRISTIAN shows that a vibrant diversity within Christian orthodoxy—which is simply to say a range of different ways to faithfully follow Jesus—is a strength of our faith, not a weakness. It is all too easy to fail to grasp the diversity of the Christian faith—especially for those who have grown up in one branch of the church and never explored another. We fail to realize how many ways there are to follow Jesus, convinced that our own tradition is the one Christian alternative to nonbelief. A FLEXIBLE FAITH is written for the convinced and confused believer alike. It is a readable exploration of the lively theological diversity that stretches back through church history and across the spectrum of Christianity today. It is an easy introduction to how Christians have historically answered key questions about what it means to follow Jesus. Chapters will include 17 big theological questions and answers; profiles of relevant figures in church history; discussion questions; single-page Q&As—profiles of more unusual types of Christians (e.g., a Catholic nun or a member of an Amish community); and a guide to major Christian denominations today. As Bonnie shares her wrestlings with core issues—such as who Jesus is, what place the Church has in our lives, how to disagree yet remain within a community, and how to love the Bible for what it actually is—she teaches us how to walk courageously through our own tough questions. Following Jesus is big and it is something that individual believers, movements, and denominations have expressed in uncountably different ways over the centuries. In the process of helping us sort things out, Bonnie shows us how to be comfortable with diversity in the Body. And as we learn to hold questions in one hand and answers in the other, we will discover new depths of faith that will remain secure even through the storms of life.

Higher Is Waiting WestBow Press

Lasting marriages are built one defining moment at a time. The moment of blame. The moment of weakness. When your spouse suffers. When dreams disappoint. When the kids leave the nest. It's how we think and behave toward one another in moments like these that determines whether our marriage endures or falters. Ultimately, these are invitations from God to consider our direction and pursue transformation. With 37 years of marriage and 33 years of pastoring under his belt, Dave Harvey has identified those life-defining moments of a post-newlywed marriage. He wants to help couples recognize them in their own relationships so that they can take a proactive, godly approach to resolving conflicts, holding one another up as change inevitably happens, and ensuring that their marriage survives and thrives. Whether your relationship is maturing gracefully, just needs a tune-up, or you and your spouse are locked in conflict and your future seems uncertain, Dave Harvey has encouragement and practical tools to help strengthen what remains and build a rock-solid union for the days to come.
