New York magazine was born in 1968
after a run as an insert of the New York
Herald Tribune and quickly made a place

for itself as the trusted resource for
readers across the country. With award-
winning writing and photography
covering everything from politics and
food to theater and fashion, the
magazine's consistent mission has been
to reflect back to its audience the energy
and excitement of the city itself, while
celebrating New York as both a place

and an idea.

THE JOURNAL OF THE ROYAL AGRICULTURE SOCIETY OF ENGLAND

Cambridge University Press

Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures,

making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

Ein Box-Set mit Werken mehrerer
Autoren! Hunderte von Seiten
apokalyptischer Erzählungen! Wenn die
Welt zerfällt, wenn die Zivilisation
zusammenbricht, wenn unsere bisherige
Existenz zu Ende geht, werden unsere
schlimmsten Befürchtungen wahr.
Vielleicht ist es ein Atomkrieg, der giftige
Strahlung bringt, schreckliche
Krankheiten oder chemische

Verseuchung, wild gewordene KIs, die
Killer-Roboter steuern, oder Zombies, die
unsere Freunde und Nachbarn in
unmenschliche Monster verwandeln.
Was können durchschnittliche Männer
und Frauen im Angesicht dieser
apokalyptischen Schrecken tun?

Cambridge University Press

Two iconic bands. An unforgettable life.
One of the most dynamic groups of the
'70s and '80s, Talking Heads, founded by
drummer Chris Frantz, his girlfriend Tina
Weymouth, and lead singer David Byrne,
burst onto the music scene, playing at
CBGBs, touring Europe with the
Ramones, and creating hits like "Psycho
Killer" and "Burning Down the House"
that captured the post-baby boom
generation's intense, affectless style. In

Remain in Love, Frantz writes about the beginnings of Talking Heads—their days as art students in Providence, moving to the sparse Chrystie Street loft Frantz, Weymouth, and Byrne shared where the music that defined an era was written. With never-before-seen photos and immersive vivid detail, Frantz describes life on tour, down to the meals eaten and the clothes worn—and reveals the mechanics of a long and complicated working relationship with a mercurial frontman. At the heart of Remain in Love is Frantz's love for Weymouth: their once-in-a-lifetime connection as lovers, musicians, and bandmates, and how their creativity surged with the creation of their own band Tom Tom Club, bringing a fresh Afro-Caribbean beat to hits like “Genius of Love.” Studded with

memorable places and names from the era—Grace Jones, Andy Warhol, Stephen Sprouse, Lou Reed, Brian Eno, and Debbie Harry among them—Remain in Love is a frank and open memoir of an emblematic life in music and in love.

Jason Bourne is back in this "rollicking roller coaster ride of spy games" as a riddle leaves Bourne with less than four days to prevent a cataclysmic international war" (BookReporter.com). On the eve of Russian general Boris Karpov's wedding, Jason Bourne receives an enigmatic message from his old friend and fellow spymaster. In Moscow, what should be a joyous occasion turns bloody and lethal. Now Bourne is the only one who can decipher Karpov's cryptogram. He discovers that Karpov has betrayed his sovereign to warn Bourne of a crippling disaster about to be visited on the world. Bourne has only four days to discover the nature of the

disaster and stop it. The trail Karpov has been following leads Bourne to Cairo and the doorstep of Ivan Borz, the elusive international arms dealer infamous for hiding behind a never-ending series of false identities, a man Bourne has been hunting ever since he abducted former Treadstone director Soraya Moore and her two-year-old daughter and brutally murdered Soraya's husband. Bourne must travel to war-torn Syria and then Cyprus as he chases the astonishing truth. The clock is ticking, and Bourne has less than four days to solve Karpov's riddle--and hunt down Borz--if he hopes to prevent a cataclysmic international war . . .

The Vermont Bar Journal

La sconcertante vicenda d'amore di uno scrittore e il suo viaggio creativo all'interno di se stesso. Un Hemingway insolito, in un grande romanzo postumo.

THE WORKING PRESS OF THE NATION

Una obra póstuma, aunque terminada en vida, sobre la complejidad del amor y de

la creación artística. Por el Premio Nobel de Literatura Ernest Hemingway. La concepción y redacción de El jardín del Edén se inició en 1946, contemporánea de otras novelas que vieron la luz en vida del autor, como El viejo y el mar o París era una fiesta. Pero no llegó a las imprentas hasta veinticinco años después de la muerte de Hemingway. Es, por tanto, una obra póstuma, aunque terminada en vida, que trata, con una interpretación profunda, gran imaginación y una prosa vivaz, sobre la complejidad del amor y de la creación artística a través de un atípico triángulo amoroso entre el protagonista, David Bourne, su mujer Catherine y una joven que la propia Catherine coloca en el camino de su marido. No se trata exactamente de una novela

autobiográfica, aunque el protagonista sea un escritor americano al que empieza a saludar el éxito, ni de una novela sobre un atípico triángulo amoroso. Es, más bien, la revelación de la ternura y vulnerabilidad que Hemingway, como ser humano, ocultaba tras su imagen pública; la amarga explicación de las características principales del artista y del precio que ha de pagar para mantener su vocación; y el nacimiento de una de las heroínas más logradas y complejas del autor: Catherine Bourne. Reseña: «Hemingway es el Stendhal de nuestro tiempo.»

Cesare Pavese

The Railway Magazine

La Mort dans la peau est la suite des aventures de Jason, le héros du célèbre thriller, La Mémoire dans la peau. Un

affreux massacre a eu lieu près de Hong Kong. Un même nom revient sur toutes les lèvres : Jason Bourne. Jason Bourne est de retour ! Mais pour qui travaille-t-il ? Une seule certitude : le «roi des tueurs» menace de plonger l'Extrême-Orient dans le chaos. Aux Etats-Unis, des hommes s'interrogent. Ils savent que le massacre ne peut avoir été perpétré par Bourne. Car Jason Bourne n'a jamais existé. Ce nom - ce mythe -, ils l'ont eux-mêmes créé afin de piéger le tueur international Carlos... Le nom de Bourne a simplement été «endossé» par David Webb, un Américain devenu non opérationnel depuis qu'il a perdu la mémoire lors d'un terrible accident. Une décision, au plus haut niveau gouvernemental américain, est prise. David Webb doit retourner en Asie.

Endosser de nouveau son prête-nom. Traquer l'imposteur. Pour l'y contraindre, sa femme est enlevée. Webb n'a pas le choix : il va devoir se couler dans l'identité du dangereux meurtrier. Non plus, cette fois, jouer ce rôle, mais devenir Jason Bourne...

Proceedings of the ... Annual Encampment of the Department of Massachusetts, Grand Army of the Republic

This greatly expanded third edition provides a comprehensive overview of clinical psychopharmacology, incorporating the major advances in the field since the previous edition's publication. Renowned experts from psychiatry, pharmacy, and nursing have integrated basic science, psychopharmacology, and clinical

practice throughout the book in order to provide a thorough basis for prescribing. It covers all key psychiatric drugs and disorders and includes the latest data on efficacy, safety and tolerability. Adopting a pragmatic approach to drug nomenclature, both Neuroscience-based Nomenclature (NbN) and older generic terminology are included in the text reflecting that clinicians are likely to use both systems. Many chapters refer to current National Institute of Health and Care Excellence (NICE) guidelines, making this a crucial resource. Edited by leading authorities in the field, Professor Peter M. Haddad and Professor David J. Nutt, *Seminars in Clinical Psychopharmacology* emphasises evidence-based prescribing with the aim of achieving better clinical outcomes for

patients.
