### **CARIBBEAN PRIMARY SPANISH WORKBOOK LEVEL 4**

McGraw-Hill Education

"This is History Book. It

explored the grand

scheme of world history

as a product of real-life

human beings pursuing

their individual and

collective interests. It also

offered a global

perspective on the past

by focusing on both the

distinctive characteristics

of individual societies and

the connections that have

linked the fortunes of different societies. It has combined a clear chronological framework with the twin themes of traditions and encounters, which help to make the unwieldy story of world history both more manageable and more engaging. From the beginning, Traditions & Encounters offered an inclusive vision of the global past—one that is meaningful and appropriate for the interdependent world of contemporary times"—
