CMR Deviations: Submission
Deviations: Discipline
Tobias and Noah explore their relationships more deeply than they ever have, not just with their own dominance and submission, but with their friends. As Noah helps Tobias through the loss of someone dear, he finds Tobias helping him, too, leading him through some intense sexual games, breaking down the last of Noah's fears, and helping him face his biggest one. The cage. Meanwhile, Tobias' ex-lover, Phantom, becomes close friends with Noah as they discover and try to resist the simmering sexual tension between them. Their teasing turns to real support when Phantom reaches the breaking point thanks to the lack of a master in his life, something he desperately needs. While Bradford works to become that master, Tobias and Noah go to Paris, where they see the sights, go to sex clubs, and re-negotiate their contract. Returning from Paris to their own lives brings then all sorts of new difficulties, from deciding whether they should love together to trying to figure out just where Phantom belongs in their ever-changing relationship. Deviations: Discipline is the third book in the popular Deviations series, which begins with Deviations: Submission, and Deviations: Dominance. Chris Owen and Jodi Payne have another winner on their hands, a gripping, emotional tale that you won't want to miss!
Deviations
In this sequel to Deviations: Submission, Dom Tobias and Sub Noah are back,

learning more about each other and their relationship, testing the boundaries of what they can and cannot handle, both together and apart. Tobias works at becoming more comfortable and finding his balance as a full-time Master again. Meanwhile, his work brings out the true submissive in Noah, who faces some of his greatest fears, and his greatest secrets, confessing to Noah about a terrible time in his past. He's not the only one who has a rough time. Tobias breaks down and shows Noah he's not all dominance, too, which sends shockwaves through their romance, leaving them to wonder if they can keep it together. With a deep exploration of the BDSM scene, secondary characters who shine, and a romance that has the reader rooting for these men from the start, Deviations: Domination is one book you can't miss.

This paper investigates the spillover effects of money market turbulence in 2007-08 on the short-term covered interest parity (CIP) condition between the US dollar and the euro through the foreign exchange (FX) swap market. Sharp and persistent deviations from the CIP condition observed during the turmoil are found to be significantly associated with differences in the counterparty risk between European and US financial institutions. Furthermore, evidence is found that dollar term funding auctions by the ECB, supported by dollar swap lines with the Federal Reserve, have stabilized the FX swap market by lowering the volatility of deviations from CIP.

Annual report (Illinois. Dept. of Public Health). v. 3, 1919/20

Scripture is the foundation for all of Christian life and ministry, but in our current age it is being challenged, doubted, and, in many cases, simply ignored. Wayne Grudem, one of evangelicalism's best-known theologians and authors, has worked tirelessly throughout his life to demonstrate the necessity, sufficiency, and centrality of Scripture. In his honor, Grudem's friends and colleagues, including John Piper, Thomas R. Schreiner, Sam Storms, Vern S. Poythress, John M. Frame, Gregg R. Allison, Erik Thoennes, and John DelHousaye, have compiled a series of essays on various topics central to Grudem's life and teaching. Exploring topics such as the nature of Scripture, the relationship between Scripture and doctrine, and the role of Scripture in life and ministry, this volume stands as a testimony to the enduring worth of God's Word.
