JUSTICE STEIN

The Magician's Show Box Edinburgh University Press

This book examines how the productive interplay between nineteenth-century literary and visual media paralleled the emergence of a modern psychological understanding of the ways in which reading, viewing and dreaming generate moving images in the mind.

A Treatise on the Breeding and Management of Bees, to the Greatest Advantage "O'Reilly Media, Inc."

DigiCat Publishing presents to you this special edition of "Fancy's Show-Box (From "Twice Told Tales")" by Nathaniel Hawthorne. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

ILLUSTRATIONS OF POLITICAL ECONOMY, IN NINE VOLUMES

Litres

This richly illustrated and interdisciplinary study examines the commercial mediation of royalism through print and visual culture from the second half of the seventeenth century. The rapidly growing marketplace of books, periodicals, pictures, and material objects brought the spectacle of monarchy to a wide audience, saturating spaces of daily life in later Stuart and early Hanoverian England. Images of the royal family, including

portrait engravings, graphic satires, illustrations, medals and miniatures, urban signs, playing cards, and coronation ceramics were fundamental components of the political landscape and the emergent public sphere. Koscak considers the affective subjectivities made possible by loyalist commodities; how texts and images responded to anxieties about representation at moments of political uncertainty; and how individuals decorated, displayed, and interacted with pictures of rulers. Despite the fractious nature of party politics and the appropriation of royal representations for partisan and commercial ends, print media, images, and objects materialized emotional bonds between sovereigns and subjects as the basis of allegiance and obedience. They were read and re-read, collected and exchanged, kept in pockets and pasted to walls, and looked upon as repositories of personal memory, national history, and political reverence.

When an application is part of the Microsoft Office suite, it's sure to be a leader in its field. In the realm of desktop database management, Access is top dog with millions of users. But this is one dog that can bite. Although Access is a powerful, relational tool with the fetching talents of a Labrador, it's not an easy beast to train. Still, millions of users count on Access for everything from managing parts databases to running Web catalogs to working as a front end to mondo SQL databases. But Access is chockablock with annoyances---report hassles, query conundrums, VBA bugs, arcane error messages, and more. O'Reilly's Annoyances series offer real-world help, right now, and *Fixing Access Annoyances* continues tradition. You'll not only squash bugs and workarounds Access' limits, but you'll learn how to use Access to the max, whether you're a newbie or a seasoned pro. Coverage includes install/configuration annoyances, building better tables and queries, creating forms that work right, generating reliable and sophisticated reports, pulling in data from a variety of sources, crafting macros and VBA code to customize Access, and much

more. You could grab those other books for help, but do they solve problems from page one? Meet a book of a different stripe. The authors come armed with knowledge of the program's quirks, design hurdles and interface snags. They provide you with battle plans in *Fixing Access Annoyances* to save you time and bouts of hair pulling. Stop information from spiraling out of control when working with Access and trying to make this #\$\$@# thing work! Don't let its quirks, bugs, and troublemaking features beat you. Who you gonna call for help? Instead of waiting on the line for tech support or searching for the answer on the Internet with its too many resources to find exactly what you need, take control of databases with *Fixing Access Annoyances*, your partner on database adventures.

FANCY'S SHOW-BOX (FROM "TWICE TOLD TALES")

Hodder Education
Monthly magazine devoted to topics of general scientific interest.
Journal of the Photographic Society of London Lulu.com
An excellent introduction to the remarkable rat, written by the world-famous Rat Lady, Debbie Ducumum, *Rats* offers expert advice to all keepers of these popular fancy pets. Held in high regard in Ancient Egypt, major Asian societies, and discriminating homes in America, rats are the most intelligent rodent on the planet and enjoy playing games with their keepers. As with all editions in the Complete Care Made Easy series, *Rats* offers readers information about selecting the right pets from good sources and acquiring all of the home essentials (for rats: cage, toys, bedding, and furnishings). The book discusses food options and the importance of feeding a rat a healthy, low-cal, low-fat diet based on fruits, veggies, and legumes plus

recipes and menu tips. The author also covers the important considerations of rat proofing the home for keepers who opt to give their pets free run of their dwellings. The chapter "Beginning Your Friendship" discusses rat socialization, handling, grooming, cleaning, and interactions with children and other pets. The health of a pet rat is covered in the "Health Care" chapter that includes choosing a veterinarian, the first vet visit, spaying/neutering, the weekly health exam, plus handling common rat maladies and dealing parasites and emergencies. The real f-u-n begins in chapter seven, "Fun Activities," in which the reader can learn how to train his or her rat to walk on a leash, enrich his rat's life with entertaining games, and learn party tricks to impress visitors to the rat's home. True rat lovers will enjoy taking their rats to shows; just like dog shows; to show off their rat's conformation and natural beauty. The chapter "Show Time" offers advice on preparing for shows, classes at shows, and competing for ribbons. The final chapter on breeding offers rat enthusiasts advice about reproduction, the birthing process, and handling pups. Glossary, appendices, and index included.

Illustrations of Political Economy

Containing original essays; historical narratives, biographical memoirs, sketches of society, topographical descriptions, novels and tales, anecdotes, select extracts from new and expensive works, the spirit of the public journals, discoveries in the arts and sciences, useful domestic hints, etc. etc. etc.
