One of the most common ways in which angels speak to us is by showing us repetitive number sequences. Since the publication of her best-selling book *Angel Numbers*, Doreen Virtue has received even more information from the angels about the meaning of number sequences such as 111, 444, 1234, and so forth. *Angel Numbers 101* clearly explains how to receive accurate messages from your angels and heavenly loved ones whenever you see repetitive number sequences on telephone numbers, license plates, receipts, clocks, and such. Every message is completely updated for increased accuracy in understanding your angels' messages. This handy reference guide is small enough to fit into a purse or desk drawer so you'll always know what your angels are saying.

It's about making the positive and empowering thoughts pass through your subconscious often enough to be accepted. Because if you can believe, you can achieve. As Muhammad Ali said, "I figured that if I said it enough, I would convince the world that I really was the greatest.

Bishop Jordan has written a stellar work that is guaranteed to free the mentally enslaved, acquit the wrongfully charged, and bring healing to the sick. *The Laws of Thinking* is not a work for the shallow-minded person. It is demanding and challenging. It is neither intended to be used as the basis for unmerited criticism nor as sermon material for the minister having difficulty receiving a fresh work from the Lord. It was written with a very clear aim: to provoke spiritual thought. Bill Gates' Microsoft, Oprah Winfrey's Harpo Productions, Stephen Spielberg's DreamWorks, and even his own Zo? Ministries all began with a thought. Every invention, university, book, song, business, home, skyscraper, movie, stage play, and baby began when someone chose to think. Nothing happens without thought. Creation did not happen without God's thought. Bishop Jordan's first objective is getting you to think.

In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

"Payal has beautifully defined success as to 'reach where you want from where you are.' She emphasizes rightful karma or focused execution to keep you on the right path so that you are always walking in a direction that takes you toward your goal." Dr. Arun Arora, CEO, EDVANCE "This book is full of practical tips on how to become a successful leader and the best part is Payal has

narrated it wonderfully with appropriate fables and relevant case studies.... Her entrepreneurial attitude and impactful wisdom are commendable and evident in the IPL series." Swapna Hari, Director, Cognizant "This book by Payal Nanjiani will join the best of business literature for emphasizing attitude as our biggest asset." Swami Mukundananda of Jagadguru Kripaluji Yog (JKYog) Institute Gathering insights from 20 years of the author's executive coaching in the United States and abroad, this book presents 21 mindfulness strategies for business leaders, corporate heads, entrepreneurs, and professionals. During the author's coaching sessions for business and corporate leaders and her trainings at corporations, mid-sized businesses, small businesses, and start-up organizations, she discovered that there is a wide gap between those who achieve success and those who do not. This gap indicates that there is still something significant missing in the business world. Success Is Within fills this gap by encouraging business professionals to "mind the mind." Written in accessible, easy-to-digest language, and targeted towards busy US business professionals who long for thought-leadership to boost their success, the book argues that success depends on changing one's mindset in key ways. Each chapter focuses on one way to transform one's mindset to achieve success. The union of these 21 ways provides a uniquely comprehensive program for leadership success in business and corporate careers. Drawing from a blend of Eastern and Western wisdom, the book blends true-life storytelling about the challenges of actual business professionals with insights drawn from traditional parables from classic "wisdom books" to inspire readers to think-through how to transform their mindsets. Ultimately, the book helps magnify one's inner power: the power of one's mind. The book calls on business professionals to unleash their "inner leader." When they recognize the power of their inner leader, they will become unstoppable.

Joseph Murphy (20th May 1898-16th Dec 1981), the author, says that "Wealth is a state of consciousness. Everyone has a right to be rich. God wants you to be happy, prosperous, and successful." Dr. Murphy was a proponent of the New Thought movement. He had had a unique gift of expressing great truths in a lucid manner. The book highlights "Your right to be rich" and "The road to Riches". The author has narrated-'What people can achieve if they start using their imaginary and creative skills.' Lots of examples are included in the book. The book narrates, there is no virtue in poverty. It should be abolished from the earth. Everyone is here to grow, expand and unfold - spiritually, mentally and materially. Poverty is a disease like any other mental disease. You were born to succeed to win, to conquer all hurdles, and to have all your faculties fully developed. If there is financial lack in your life, do something about it. "Man does not live by bread alone." For this one has to set his heart on money and to give all his attention to amassing money, nothing else matters. You are living in a subjective and objective world. You must not neglect the spiritual food, such as peace of mind, love, beauty, harmony, joy, and laughter. Dr. Murphy wrote more than 30 books. His

most famous work is "The Power of your Unconscious Mind."

A 'moderately prosperous society' with no Chinese individual left behind—that's the vision for China set out by Chinese President Xi Jinping in a number of important speeches in 2017. 'Moderate' prosperity may seem like a modest goal for a country with more billionaires (609 at last count) than the US. But the 'China Story' is a complex one. The *China Story Yearbook 2017: Prosperity* surveys the important events, pronouncements, and personalities that defined 2017. It also presents a range of perspectives, from the global to the individual, the official to the unofficial, from mainland China to Hong Kong and Taiwan. Together, the stories present a richly textured portrait of a nation that in just forty years has lifted itself from universal poverty to (unequally distributed) wealth, changing itself and the world in the process.
