How is it possible to keep the immense deposits of raw materials in buildings "active" and realise environmentally sustainable buildings in the long term? Besides "sufficiency, consistency and efficiency", this goal implies the intelligent use of resources, the recyclability of structures, circular construction methods that reuse decommissioned materials, in short

"urban mining". This requires a rethink in planning and execution, thus posing a great challenge for architects and engineers. The Recycling Manual provides the necessary expertise for the associated paradigm shift in construction. In addition to successful project examples, this comprehensive and detailed guide provides in-depth explanations on calculation methods and tendering aspects.

*Common Mistakes at Proficiency...and How to Avoid Them* OUP Oxford Facing a life of poverty, neglect, abandonment and even homelessness, young Jamaican boys are placed in a

disciplinarian Catholic boarding school. With a rigorous musical training program overseen by an eccentric jazz-loving nun, the young virtuoso graduates of Alpha Boys' School went on to change the shape of music forever. It's the 1950s in Jamaica and a musical revolution is brewing. People all over Kingston dance nightly to vast outdoor sound systems blasting American rhythm and blues records across the shanty towns. In the hotels and theaters big bands are playing jazz and calypso. Street musicians are playing home-grown folk music called mento. Out of this musical stew, Jamaica will soon birth a dance music all of its own, a sound that will conquer the globe. Starting with ska in the early 1960s, followed by rocksteady, eventually arriving at reggae in 1969, a group of virtuoso graduates of a Roman Catholic boarding school spearhead a musical and cultural revolution that still reverberates around the world over half a century later. The Sisters of Mercy nuns at Alpha provided a home alongside industrial trades apprenticeships and religious indoctrination. One in particular, Sister Mary Ignatius, dedicated 64 years of her life to running the school's music program. Her deep appreciation of jazz and her sense of fun endeared her to the boys in the band, inspiring them to attain greatness. From early Jamaican jazz giants like Joe Harriott and Dizzy Reece to the greatest ska band of all time, The Skatalites, and some of reggae's most inspirational artists such as Cedric Brooks, Johnny Osbourne, Leroy Smart and Yellowman, the Alpha story is the untold history of Jamaican music. Join Heather Augustyn and Adam Reeves as they delve into the history of this remarkable institution and reveal the life and works of 47 of the greatest

Alpha boys. The culmination of many combined years of work, using musicians' personal recollections and a wealth of rarely seen photographs, Alpha Boys' School: Cradle of Jamaican Music will take you to the heart of the Jamaica music story. Whether you are a lover of original ska and rocksteady, roots, dub, dancehall and beyond, these stories will take you deeper into the music. If you enjoyed Solid Foundation: An Oral History of Reggae by David Katz, Bass Culture by Lloyd Bradley or So Much Things To Say: The Oral History of Bob Marley by Roger Steffens, then this is definitely for you.

Agastya Sen, known to friends by the English name August, is a child of the Indian elite. His friends go to Yale and Harvard. August himself has just landed a prize government job. The job takes him to Madna, "the hottest town in India," deep in the sticks. There he finds himself surrounded by incompetents and cranks, time wasters, bureaucrats, and crazies. What to do? Get stoned, shirk work, collapse in the heat, stare at the ceiling. Dealing with the locals turns out to be a lot easier for August than living with himself. English, August is a comic masterpiece from contemporary India. Like A Confederacy of Dunces and The Catcher in the Rye, it is both an inspired and hilarious satire and a timeless story of self-discovery.

The classic work on the music of Afrofuturism, from jazz to jungle *More Brilliant than the Sun: Adventures in Sonic Fiction* is one of the most extraordinary books on music ever written. Part manifesto for a militant posthumanism, part journey through the unacknowledged traditions of diasporic science fiction, this book finds the future shock in Afrofuturist sounds from jazz, dub and techno to funk, hip hop and jungle. By exploring the music of such musical luminaries as Sun Ra, Alice Coltrane, Lee Perry, Dr Octagon, Parliament and Underground Resistance, theorist and artist Kodwo Eshun mobilises their concepts in order to open the possibilities of sonic fiction: the hitherto unexplored intersections between science fiction and organised sound. Situated between electronic music history, media theory, science fiction and Afrodiasporic studies, *More Brilliant than the Sun* is one of the key works to stake a claim for the generative possibilities of Afrofuturism. Much referenced since its original publication in 1998, but long unavailable, this new edition includes an introduction by Kodwo Eshun as well as texts by filmmaker John Akomfrah and producer Steve Goodman aka kode9.

Moondog's is one of the most improbable stories of the 20th century: a blind homeless man who became New York City's most famous eccentric and who rose to become an internationally respected composer, performer and conductor. A huge influence on Philip Glass, along with many other notable modern musicians and composers, Moondog lived a double life as both a viking-garbed street musician and as an internationally-feted musical maestro.

*Studying Film* is an all-encompassing guide to cinema and film which explores the key concepts, terms and events that have shaped film study and criticism, all of which is illustrated by reference to classic and contemporary movies from around the world, from *The Great Train Robbery* to *Pulp Fiction* via *Un Chien Andalou* and *Cinema Paradiso*. This accessible introduction to the study of film aims to stimulate students' enjoyment and understanding of a wide range of different types of film, and to give them an awareness of the nature of cinema as a medium, as an art form, and as a social and economic institution. Contemporary film is seen in context by tracing its development from 1895 to the present, exploring film production in a variety of countries in a range of styles, and placing film next to other media.

 Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw* has been recognized as a seminal modern text on the conservation and restoration of works on paper. To address what he saw as a woeful dearth of relevant literature and in order to assist those who have 'set themselves the goal of preserving cultural treasures,' the noted German restorer composed a thorough technical manual covering a wide range of specific techniques, including detailed instructions on how to execute structural repairs and alterations that, if skilfully done, can be virtually undetectable. By the mid-twentieth century, curators and conservators of graphic arts, discovering a nearly invisible repair in an old master print or drawing, might comment that the object had been 'Schweidlerized.' This volume, based on the authoritative revised German edition of 1949, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated critical edition. The editor's introduction places the work in its historical context and probes the philosophical issues the book raises, while some two hundred annotated

 Although aimed at keen amateur photographers who wish to break into the professional market, the superb images and technical expertise offer something for all levels of skill and will also inspire those just becoming interested in photography and more established photographers who need to re-focus their photographic motivation. The book's primary goal is to draw the attention of readers to the absolute importance of light and how to make the best use of it, with an emphasis on being in the right place at the right time, anticipating fine light and ensuring that for the short duration that those qualities are present, they are successfully recorded to film or pixel. However, composition and technical expertise are also vitally important and Ian outlines the best field techniques for choosing the correct exposure, discusses depth of field, hyper-focal focusing, exposure bracketing and the use of appropriate filters.

"As a doctor the number one question I get from patients when they are faced with a scary choice in medicine today, 'Doc, what would you do?' This is the story of what happened when my 71-year-old mother was dying of cancer. Tim Ferriss saved her life. This story will save yours." In ANYWAY YOU CAN, Dr. Bosworth shares her 'accidental' discovery of ketosis and its wide array of health benefits as she supplemented her mom's chemotherapy with ketones. Her story of courage, faith, and tenacity helps young and old achieve better physical, mental, and emotional health through ketosis. Dr. Bosworth inspires patients to become stewards of their own health through her leadership skills, public speaking and 'sticky teachable

moments.' When patients ask how to turn around their chronic health problem, she answers "Fight it ANYWAY YOU CAN. Ketones for Life."

"MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com

“A book that is at once riveting and relevant as it unpeels the various meanings of motherhood, family, and loyalty. I tore through it.”—Miranda Cowley Heller, author of *The Paper Palace*

The bonds between three picture-perfect—but viciously protective—mothers and their close-knit sons are tested during one unforgettable summer in a gripping novel from the New York Times bestselling author of *The Jetsetters*. Austin’s Zilker Park neighborhood is a wonderland of greenbelt trails, live music, and moms who drink a few too many margaritas. Whitney, Annette, and Liza have grown thick as thieves as they have raised their children together for fifteen years, believing that they can shelter their children from an increasingly dangerous world. Their friendship is

unbreakable—as safe as the neighborhood where they’ve raised their sweet little boys. Or so they think. One night, the three women have been enjoying happy hour when their boys, lifeguards for the summer, come back on bicycles from a late-night dip in their favorite swimming hole. The boys share a secret—news that will shatter the perfect world their mothers have so painstakingly created. Combining three mothers’ points of view in a powerful narrative tale with commentary from entertaining neighborhood listservs, secret text messages, and police reports, *The Lifeguards* is both a story about the secrets we tell to protect the ones we love and a riveting novel of suspense filled with half-truths and betrayals, fierce love and complicated friendships, and the loss of innocence on one hot summer night.
