BUSINESS ETHICS IN ACTION

What Everyone Needs to Know
Traditionally, books on business ethics focus on CSR, companies' relations with their stakeholders, and corporate citizenship. More recently, green credentials and sustainability have been added to that agenda. Unconventionally, this book argues that business ethics are basic to running business, not a separate

subject. They are inherent to the governance and management of every organization, not an optional exercise in corporate citizenship. Business ethics concern behaviour in business and the behaviour of business. Decisions at every level in a company have ethical implications – strategically in the board room, managerially throughout the organization, and operationally in all of its activities. The use, and sometimes the abuse, of corporate power, the process of corporate governance, raises ethical issues. Business involves risk-taking, whether decisions are at the strategic, managerial, or operational level. Exposure

to ethical risk needs to be part of every organization's strategy formulation, policy making, and enterprise risk management. Designed to be read by both undergraduates and postgraduates, this book is a primer on ethics in business. It is also relevant to ethics courses that are now part of many legal, accountancy and other professional examinations. The book is not about moral philosophy, nor does it prescribe appropriate standards of behaviour or recommend economic, legal or political solutions. Rather it enables readers to recognize ethical issues in business, to respond appropriately, and to embed ethics in business processes. The

book not only considers what business ethics are, and why they are important, but offers practical approaches on how to develop a successful corporate ethics culture.

Business Ethics and Diversity in the Modern Workplace Routledge

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. Business Ethics is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with

'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen

Business Ethics: Kant, Virtue, and the Nexus of Duty Cengage Learning
This book provides a framework for business ethics in the age of sustainability. The book examines the many ways that business is changing, and should change, to meet the demands of a sustainable future. This book blends philosophical and ethical analysis with real-world practical cases and examples to show what sustainable business can and should become. Thisbook covers the shift to sustainable business models, environmental sustainability, alternative economic model of sustainable economics, sustainable production, and consumerism. People interested in the stdy of Business, Ethics, and Sustainability. "
For Business Ethics Wiley-Blackwell

Corporations have a social responsibility to assist in the overall well-being of their communities through the compliance of moral business standards and practices. However, many societies still face serious issues related to unethical business practices. *Business Ethics and Diversity in the Modern Workplace* investigates the ethical frameworks within modern corporations and their impact on the communities they serve. With a focus on autonomous decision making in complex quandaries, this book is an all-inclusive reference source for students, researchers, practitioners, and managers who are concerned with the various ethical dilemmas within businesses, as well as evaluating moral issues impacting societal welfare.

Business Ethics Oxford University Press, USA

Business and Society: Ethical, Legal, and Digital Environments prepares students for the modern workplace by exploring the opportunities and challenges they will face in today's interconnected, global economy. The author team discusses legal and ethical issues throughout and uses real-world cases to provide students with a

holistic understanding of stakeholder issues. Chapters on social media and citizen movements, big data and hacking, and privacy in the digital age provide in-depth coverage of how technology is transforming the relationship between organizations and consumers. *Best Practices for Designing and Managing Ethical Organizations* Routledge Filled with real-world case studies and examples of ethical dilemmas, *Understanding Business Ethics, Third Edition* prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students'

lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter! *This is Business Ethics* IGI Global Suitable for students on business ethics, business and society, or applied ethics courses, this work brings together eleven essays by prominent authors. It features work in the field and addresses important and provocative issues. The essays represent diverse ethical and philosophical orientations and have been edited and abridged to make them more accessible to students.

BUSINESS ETHICS

SAGE Publications

The Blackwell Guide to Business Ethics, written by international experts in the field, acquaints the reader with theoretical and pedagogical issues, ethical issues in the practice of business and exciting new directions in the field.

SAGE Brief Guide to Business Ethics John Wiley & Sons

Business Ethics will equip students with the strategies necessary to analyse and improve the broad scope of business ethics today.

A Global Introduction John Wiley & Sons
This guide to business ethics provides key terms and concepts related to business ethics in a short, easy-to-use format. It provides objective coverage of theories, corporate social responsibility, human resources issues, consumer protection, and ethical issues in marketing and advertising. It is an ideal supplement for business ethics courses or as a reference for students and practitioners who would like to learn more about the basics of business ethics.

Business Ethics SAGE

Behavioural ethics in business is an emerging field that has challenged some of the established wisdom about ethics and added some truly new insights into our understanding about decision-making and behaviour. Why do seemingly responsible employees and managers sometimes act in bad ways? This book explains how people behave in real

situations and what action can be taken to nudge behaviour in a more ethical direction. This concise textbook is ideal for use in the classroom as core or additional reading on courses in business ethics and corporate social responsibility; organisational behaviour and psychology; and any module with ethics content (for example, accounting ethics and strategic management). Each chapter is presented as a story with details about the experimental designs and related research findings. The key features include learning outcomes, suggested class activities, mock assessment questions, and an annotated list of key readings and these provide a one-stop text for tutors and students interested in this increasingly important area of study.

THE OXFORD HANDBOOK OF BUSINESS ETHICS

John Wiley & Sons

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach--one that

emphasizes how important it is to balance multiple stakeholders' needs--students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.

THE BLACKWELL GUIDE TO BUSINESS

ETHICS

Routledge

This comprehensive textbook, packed with international cases, places individual human action at the heart of ethical business, arguing that business ethics guides human excellence in businesses. With its unique person-centred approach and student-centred pedagogy, this book will help students to discover and frame ethical issues in business, allowing them to gain an understanding of the role of ethical values and moral character in leadership, reason about ethical dilemmas, and reflect on how to improve business and organizational conditions from an ethical perspective. With international and up-to-date case studies drawn from a wide range of business contexts, this book helps students to apply the foundations and principles of business ethics to real world situations. With a strong theoretical unpinning that supports positive practical action, this is an ideal textbook for Business Ethics students at undergraduate, postgraduate and MBA level. New to this Edition: - Thoroughly updated throughout - All new case studies

- Increased coverage of: immigration; climate change; social networking; organizational culture; transnational corporations; ecological issues; environmental, social and corporate governance - Increased international coverage, in particular of Asia, the Middle East and Africa - A new companion website with instructor and student resources

A Contemporary Introduction Routledge
This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for

students to master the text material.

Moral Issues in Business SAGE Publications

In a series of articles specifically commissioned for this volume, some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics. Sections of the book cover topics such as the often easy relation between business ethics and capitalism, the link between business ethics and ethical theory, how ethics applies to specific problems in the business world, the connection between business ethics and related academic disciplines, and the practice of business ethics in modern corporations. Includes extensive, accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents, bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect, comprehensive book for use in

business ethics courses

Business Ethics Routledge

Care is a human ability we all need for growing and flourishing. It implies considering the needs and interests of others, and the quality of how we relate to each other is often defined by care. While the value of care in private life is widely recognized, its role in the public sphere is contested and subject to political debates. In work organizations, instrumentality frequently overrides considerations for colleagues' and co-workers' well-being, while relationships are often sacrificed in the service of performance and meeting organizational targets. The questions this volume attempts to address concerns the organizational conditions that make care flourish and how a caring organization functions in practice. Specifically, we examine what it means to care for each other and what enhances caring behaviours in organizations. The volume ultimately focuses on how caring relations can contribute to making organizations better places. In this perspective, care involves the recognition of, and the limitations of, work as a key aspect of personal and social identity. Because care

exceeds the sphere of individual intimacy, the book will also centre on the necessity for building caring institutions through a political process that considers the needs, contributions, and prospects of many different actors. This book aims to contribute to academic discussions on care in organizations, care work, business and organizational ethics, diversity, caring leadership, well-being in organizations, and research ethics. Managers, consultants, policy-makers, and students will find reflections about the goodness of care in organizations, and guidance about the ethical and practical difficulties of pursuing the project of building caring organizations.

THE BUSINESS ETHICS WORKSHOP

Routledge

Business Ethics Business Ethics A

Contemporary Introduction Routledge

Business Ethics Nirali Prakashan

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial

crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational management, risk management, branding, and strategic management. *Business Ethics: Methods and Application* provides a new systematic approach to normative business ethics that covers the complex and various ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the economy for the individual person, society, the environment, and people around the world. As a result, *Business Ethics:*

Methods and Application develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.
