## **ETHICAL ISSUES IN BUSINESS**

Wolters Kluwer

This text provides an up-to-date, critical analysis of contemporary issues in business ethics. The authors begin with an overview of the major, broad themes in business ethics, then move to a more practical discussion of ethics in key management functions. The second edition of The Ethical

Business has been updated to address current thinking and new problems faced, with new chapters focusing on the symbiotic relationship between business and the environment and new case studies.

An essential core text for today's business students, bringing ethical dilemmas into context to provide the foundation of good management practice. Key Features: An up to date look at contemporary issues in business ethics, an area of huge importance in today's business world Critical analysis of contemporary issues in business ethics Case studies demonstrate the practical application of ethical themes Pedagogical features such as boxed vignettes on current ethical dilemmas aid understanding and learning A companion website with topical and interactive features [Business Ethics FaithWords](#)

CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E introduces readers to business ethics by focusing

on the influence of market mechanisms and social values on workplace norms. And because business is increasingly a global enterprise, this edition emphasizes the role of ethics both at home and abroad. **CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E** also takes time to look at ethics from the unique perspectives of either employee or employer. Along the way, readers also learn about such topics as ethical relativism, ethics and the law, virtue ethics, and ethical decision-making. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**A Critical Approach: Integrating Ethics Across the Business World** Cengage Learning  
An innovative text that aims to deepen students' knowledge of business ethics through a multidisciplinary approach grounded in moral philosophy, management principles, business history, and economics. The text aims to help students make ethical decisions, demonstrate integrity in the workplace, and advocate for moral business practices. It also features content on further trends and topics that will help students build a deeper understanding of business ethics: A section on Personal Integrity in the workplace, unpacks ethical dilemmas that face employees in the workplace including conflicts of interest, cheating, whistle blowing, and bribery. A section on Corporate Values and Responsibilities delves into ethical issues related to the financial industry, competition, safety, privacy, and intellectual property. A section on Global Capitalism examines the ethical issues related to culture, justice, the internet, and environmental issues around the world. All content is supported by 40 contemporary case studies that allow students to grapple with a wide range of moral issues and apply ethical frameworks to a variety of situations at real-world organizations, including GlaxoSmithKline (GSK) in China, Firestone in Liberia, and the Apple Encryption Controversy. The book is complemented by online resources for instructors and students, including: Test Bank, PowerPoint slides, an Instructor's Manual with extensive case notes, Exercises and Activities, Multimedia resources, Quizzes, Flashcards, and SAGE Journal Articles. Suitable reading for undergraduate students on Business Ethics courses.

### **INQUIRIES, CASES, AND READINGS**

IGI Global

A Contemporary Look at Business Ethics provides a 'present day' look at business ethics to include the challenges, opportunities and increased need for ethical leadership in today's and tomorrow's organizations. The book discusses current and future business ethics challenges, issues and opportunities which provides the context leaders and their organizations must navigate. The book includes an in-depth look at lessons learned about the causes of unethical behavior by examining a number of real-world examples of ethical scandals from around the world that have taken place over the past few decades. The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership, received wisdom, the bottom-line mentality, groupthink and moral muteness, all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization. The book discusses ethical decision making in general and the increased role of religion and spirituality, in confronting unethical behavior in contemporary organizations. The book also takes an in-depth look at the impact ethical scandals have on employees and more specifically the psychological contract and person-organization ethical fit with

the goal of identifying, along with other things, what leaders can do to restore relationships with employees and rebuild the organization's reputation in the eyes of various stakeholders.

**Moral Issues in Business** Pearson College Division

Events such as Trafigura's illegal dumping of toxic waste in Côte d'Ivoire and BP's environmentally disastrous oil spill in the Gulf of Mexico have highlighted ethical issues in international business at a time when business leaders, academics and business schools were reflecting on their own responsibilities following the global financial crisis. The scope and scale of the global operations of multinational businesses means that decisions taken in different parts of the world have far reaching consequences beyond the national settings where employees are located or where firms are registered and as such, an awareness of these responsibilities needs to be integrated into all levels and all subjects. Using four guiding principles – a critical multi-level approach rooted in the tradition of European social theory, a comparative and international perspective, a global rather than just a European or American stand point and engaging with subject-specific issues this book aims to 'mainstream' business ethics into the work of teachers and students in business schools. This comprehensive volume brings together contributions from a range of experts in different areas of business studies thereby facilitating and encouraging a move away from business ethics being a box to be ticked to being an integrated consideration across the business disciplines. This impressive book brings ethical considerations back to the heart of the business curriculum and in doing so, provides a companion for the progressive business student throughout their university career.

### **CONTEMPORARY ISSUES IN BUSINESS ETHICS**

John Wiley & Sons

This collection of readings and cases begins with an introduction to moral reasoning, and then provides students with a wide range of opportunities to apply ethical theory to real contemporary managerial situations - including issues facing managers in the next century. Each section contains a case study and relevant theoretical articles that range from classics in philosophy to modern commentaries by business practitioners.

### **ETHICAL ISSUES IN BUSINESS**

John Wiley & Sons

This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## BEST PRACTICES FOR DESIGNING AND MANAGING ETHICAL ORGANIZATIONS

Routledge

Peg Tittle's ambitious business ethics text brings together readings, cases, and the author's own informed opinions. The second edition includes over a dozen new readings and case studies, as well as a new chapter on issues in Information and Communication Technology. Includes - Canonical and topical readings on issues ranging from whistleblowing and advertising to international business, the nature of capitalism, and the environment - Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions - What to Do? scenarios and Case Studies illustrate the practical relevance of each topic - Comprehensive introductions to ethical theory and the ethics of business - Questions following each selection test understanding and promote active reading - A primer on ethical institutions examines the role of ethics consultants, codes of ethics, and more

**Business Ethics and Corporate Governance** Prentice Hall

Business ethics is a form of the art of applied ethics that examines ethical rules and principles within a commercial context, the various moral or ethical problems that can arise in a business setting, and any special duties or obligations that apply to persons who are engaged in commerce. Business ethics can be both a normative and a descriptive discipline. As a corporate practice and a career specialisation, the field is primarily normative. In academia descriptive approaches are also taken. The range and quantity of business ethical issues reflects the degree to which business is perceived to be at odds with non-economic social values. Historically, interest in business ethics accelerated dramatically during the 1980s and 1990s, both within major corporations and within academia. For example, today most major corporate websites lay emphasis on commitment to promoting non-economic social values under a variety of headings (e.g. ethics codes, social responsibility charters). In some cases, corporations have redefined their core values in the light of business ethical considerations. Catching business ethics in action, however, remains a seldom-spotted nugget for in reality it depends on the characters of the characters.

*A Contemporary Look at Business Ethics* IAP

The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.

SAGE Publications

"Keeping pace with recent developments, almost a third of the Eighth Edition is new. Ethical Issues in Business offers a mix of case studies - nine of which are new to this edition - and theoretical articles - ten of which are new to this edition. The articles range from classics in moral theory and economics, to modern commentaries by business executives."--Jacket.

There's No Such Thing as "Business" Ethics Broadview Press

This third Asia-Pacific edition of *Moral Issues in Business* examines key ideas in business ethics in the context of moral and ethical issues encountered by Australian and New Zealand businesses and organisations. Structured within 11 chapters of text including new, cutting edge ethical theories

and practices Moral Issues in Business presents the latest ethical insights and thinking in a manner that is accessible to students

Business Ethics Cambridge University Press

An authoritative and practical guide to business ethics, written in an accessible question and answer format In today's turbulent business climate, business ethics are more important than ever. Surveys of employees show that misconduct is on the rise. Cover stories reporting indictments, prosecutions, and penalties imposed for unethical business conduct appear almost daily. Legislatures pass requirements elevating the levels of punishment and their enforcement against corporations and individuals. Organizations face pressure to design and implement effective ethics and compliance programs. As a result, businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk. *Business Ethics: What Everyone Needs to Know* (R) explains what those lines are, how not to cross them, and what to do when they are crossed. Written for both businesspeople facing real-life dilemmas and students studying ethical questions, this succinct book uniquely surveys materials from moral philosophy, behavioral science, and corporate law, and shares practical advice. Experts J.S. Nelson and Lynn A. Stout cover a wide array of essential topics including the legal status of corporations, major ethical traps in modern business, negotiations, whistleblowing and liability, and best practices. Written in a short question-and-answer style, this resource provides engaging and readable introductions to the basic principles of business ethics, and an invaluable guide for dealing with ethical dilemmas.

There's Only One Rule for Making Decisions What Everyone Needs to Know

Previous research on corporate cultures and ethical business cultures has focused almost exclusively on studies of multinational corporations from a handful of developed countries. This book addresses the intersection of human resource development and human resource management with ethical business cultures in the four BRIC countries, and four other fast-growing emerging economies: those of Mexico, Indonesia, South Africa and Turkey. Drawing on longitudinal large-scale survey-based studies, it compares managers' and employees' perceptions of ethical business cultures in these countries, contrasting them with the US economy. It then discusses the economic and socio-cultural context and current research on business ethics in each of these countries, including implications for research and practice. This significant study will appeal to scholars, researchers and students in business ethics, management, human resource management and development, and organization studies, and addresses issues faced daily by business executives and practitioners working in emerging market countries.

## BUSINESS ETHICS

Cengage Australia

The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, *Business Ethics For Dummies* examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product

safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, *Business Ethics For Dummies* is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics.

*Business Ethics: Ethical Decision Making and Cases* Ethical Issues in Business A Philosophical Approach

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018.

*Business Law I Essentials* is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. *Business Law I Essentials* may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

## MODELS AND FRAMEWORKS

Cengage Learning

The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law.

**Business Ethics** Nova Publishers

NEW EDITION, REVISED AND UPDATED This is a pragmatic, hands-on, up-to-date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues-oriented approach so students look at how a business's actions affect not just share price and profit but the well-being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty-three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved—there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. New to the Sixth Edition! New Cases! Fourteen of the twenty-three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking, neuromarketing, and for-profit

*Business Law I Essentials* Macmillan International Higher Education

Do you want to make sure you · Don't invest your money in the next Enron? · Don't go to work for the next WorldCom right before the crash? · Identify and solve problems in your organization before they send it crashing to the ground? Marianne Jennings has spent a lifetime studying business ethics---and ethical failures. In demand nationwide as a speaker and analyst on business ethics, she takes her decades of findings and shows us in *The Seven Signs of Ethical Collapse* the reasons that companies and nonprofits undergo ethical collapse, including: · Pressure to maintain numbers · Fear and silence · Young 'uns and a larger-than-life CEO · A weak board · Conflicts · Innovation like no other · Belief that goodness in some areas atones for wrongdoing in others Don't watch the next accounting disaster take your hard-earned savings, or accept the perfect job only to find out your boss is cooking the books. If you're just interested in understanding the (not-so) ethical underpinnings of business today, *The Seven Signs of Ethical Collapse* is both a must-have tool and a fascinating window into today's business world.
