BEHIND THE FILM  
BRIDGE OF SPIES.  
'Riveting, meticulously researched and beautifully written, Bridge of Spies unlocks one of the most fascinating espionage mysteries of the Cold War' - Ben Macintyre, author of Agent Zigzag and SAS Rogue Heroes  
Bridge of Spies is a gripping, entertaining, hair-raising and comical story, which moves effortlessly from the hardware of high-flying planes and new missiles to the geopolitics of the nuclear stand-off and through the poignant personal stories of its central protagonists: Powers, the all-American hero, blacklisted for not having killed himself on his descent to earth; a KGB spy who has spent aimless and

lonely years achieving nothing in the US; and the opposing leaders Khrushchev and Eisenhower, both trapped in a spiral of confrontation neither wants. Telling the true story that inspired Le Carré's famous scene, Bridge of Spies is a brilliant take on the absurdity and heroism of the Cold War days that will appeal to a new generation of readers unfamiliar with the history but drawn in by the compelling and vividly recreated narrative.

Bridge Anchor  
The #1 New York Times bestseller and subject of the acclaimed major motion picture *Bridge of Spies* directed by Steven Spielberg, starring Tom Hanks as James B. Donovan. Originally published in 1964, this is the “enthraling...truly remarkable” (The New York Times Book Review) insider account of the Cold War spy exchange—with a new foreword by Jason Matthews, New York Times bestselling author of *Red Sparrow* and *Palace of Treason*. In the early morning of February 10, 1962, James B. Donovan began his walk toward the center of the Glienicke Bridge, the famous “Bridge of Spies” which then

linked West Berlin to East. With him, walked Rudolf Ivanovich Abel, master spy and for years the chief of Soviet espionage in the United States.

Approaching them from the other side, under equally heavy guard, was Francis Gary Powers, the American U-2 spy plane pilot famously shot down by the Soviets, whose exchange for Abel Donovan had negotiated. These were the strangers on a bridge, men of East and West, representatives of two opposed worlds meeting in a moment of high drama. Abel was the most gifted, the most mysterious, the most effective spy in his time. His trial, which began in a Brooklyn United States

District Court and ended in the Supreme Court of the United States, chillingly revealed the methods and successes of Soviet espionage. No one was better equipped to tell the whole absorbing history than James B. Donovan, who was appointed to defend one of his country's enemies and did so with scrupulous skill. In *Strangers on a Bridge*, the lead prosecutor in the Nuremburg Trials offers a clear-eyed and fast-paced memoir that is part procedural drama, part dark character study and reads like a noirish espionage thriller. From the first interview with Abel to the exchange on the bridge in Berlin—and featuring unseen photographs of

Donovan and Abel as well as trial notes and sketches drawn from Abel's prison cell—here is an important historical narrative that is “as fascinating as it is exciting” (The Houston Chronicle). Under the Trestle Simon and Schuster Shortlisted for the 2009 George Ryga Award. This is the story of an average family that has never been the same . . . since its eldest child was swarmed and killed by her peers on a moonlit night, November 14, 1997 . . . It is the story of what sudden and horrific violence can do to a family, and how a family somehow remains intact in the face of such events. —from the prologue by Lynne Van Luven At the time of their 14-year-old daughter

Reena's murder, Manjit and Suman Virk had already been let down by both social-services and law-enforcement authorities. They had struggled with the challenges of conflicting cultures and religions and child-rearing ideologies, and with the anguish of allegations of wrongdoing and the tarnished reputations that resulted. Now Manjit speaks for the first time about life before and after the murder of Reena, a tragedy that remains one of the most widely discussed crimes of our time. It is a book about what was and what was not, about his immigration to a new land and his attempts to raise his family in a safe and simple fashion, about the events that forever

derailed those efforts.

Murder Under the Bridge Simon and Schuster

"Under The Trestle" is the true story of the most compelling murder case in Virginia history. In 1980, beautiful Gina Renee Hall, a Radford University freshman, went to a Virginia Tech nightclub on a Saturday night. She was never seen again. Her abandoned car was found parked beneath a railroad trestle bridging the New River, with blood in the trunk. The investigation led

police to a secluded cabin on Claytor Lake, where there was evidence of a violent attack. Former Virginia Tech football player Stephen Epperly was charged with murder, despite the fact that Gina's body was never found. In Virginia's "trial of the century," prosecutor Everett Shockley presented an entirely circumstantial case. Key witnesses against Epperly included his best friend, his mother and a tracking dog handler later believed by many to be a fraud. Three former Virginia Tech football players testified, including a Hokies quarterback once featured on the cover of Sports Illustrated. Would Epperly become the first person in Virginia history convicted of

murder without the victim's body, an eyewitness or a confession? And would authorities ever find the body of Gina Renee Hall?
