STAND AGAINST THE WIND

Harvard University Press
Lisa H. Cooper offers new insight into the relationship of material practice and literary production in the Middle Ages by exploring

the representation of craft labor in England from c.1000-1483. She examines genres as diverse as the school-text, comic poem, spiritual allegory, and mirror for princes, and works by authors both well-known (Chaucer, Lydgate, Caxton) and far less so. Whether they represent craft as profitable endeavor, learned skill, or degrading toil, the texts she reviews not only depict artisans as increasingly legitimate members of the body politic, but also deploy images of craft labor and its products to confront other complex issues, including the nature of authorship, the purpose of community, the structure of the household, the fate of the soul,

and the scope of princely power.

THE SOULS OF BLACK FOLK

Thomas Nelson
A groundbreaking and endlessly surprising history of how artisans created America, from the nation's origins to the present day. At the center of the United States' economic and social development, according to conventional wisdom, are industry and technology-while craftspeople and handmade objects are relegated to a bygone past. Renowned historian Glenn Adamson

turns that narrative on its head in this innovative account, revealing makers' central role in shaping America's identity. Examine any phase of the nation's struggle to define itself, and artisans are there—from the silversmith Paul Revere and the revolutionary carpenters and blacksmiths who hurled tea into Boston Harbor, to today's “maker movement.” From Mother Jones to Rosie the Riveter. From Betsy Ross to Rosa Parks. From suffrage banners to the AIDS Quilt. Adamson shows that craft has long been implicated in debates around equality, education, and class. Artisanry has often been a site of resistance for oppressed people, such as enslaved African-Americans whose skilled labor might confer hard-won agency under bondage, or the Native American makers who adapted traditional arts into statements of modernity. Theirs are among the array of memorable portraits of Americans both celebrated and unfamiliar in this richly peopled book. As Adamson argues, these artisans' stories speak to our collective striving toward a more perfect union. From the beginning, America had to be—and still remains to be—crafted.

On the Path to a Spiritual Life Penguin

Practicing the presence of God is not on trial. It has already been proven by countless thousands of people. Indeed, the spiritual giants of all ages have known it. Christians who do it today become more fervent and beautiful and are tireless witnesses. Men and women who had been slaves of vices have been set free. Catholics and Protestants find this practicing the presence of God at the heart of their faith. Conservatives and liberals agree that here is a reality they need. People who are grateful for what this booklet has done for them are ordering wholesale quantities to give to friends. Letters from all parts of the world testify that in this game multitudes are turning defeat into victory and despair into joy. The results of this program begin to show clearly in a month. They grow rich after six months, and glorious after ten years. Somebody may be saying, “All this is very orthodox and very ancient.” It is indeed, the secret of the great saints of all ages. “Pray without ceasing,” said Paul, “in everything make your wants known unto God.” “As many as are led by the Spirit of God these are the sons of God.”

Release the Untamed Faith Within Penguin

In this inspiring book, Erwin McManus uses the biblical account of Israel's war with the Philistines (1 Samuel 13 and 14) and the

characters of Saul and Jonathan to demonstrate the difference between living a life of purpose and adventure, and living one of apathy and missed opportunity. In the midst of a less-than-hopeful battle, Saul—who should have been leading—rested beneath a pomegranate tree as Jonathan seized the divine moment that would impact the future of Israel. Through this story McManus artfully illustrates the eight characteristics of an adventurer's heart, what he calls “the Jonathan factor.” Using powerful examples from his own life and ministry, along with fresh biblical teaching, McManus asserts that God crafts divine moments specific to each of us—priceless opportunities for us to actively engage in God's big-picture plan. Apathy and apprehension prevent us from being all we are meant to be for God's kingdom. But by developing the characteristics McManus outlines, Christians can move from mundane to miraculous living. **Seize the Power of Every Moment** WaterBrook

Derived from a popular Revive Our Hearts radio series, “Choosing Gratitude: Your Journey to Joy” challenges and equips the reader to live a life of intention. As a bonus, a 30-day plan of journaling, prayer, and activities is included.

Chasing Daylight (previously published as Seizing Your Divine Moment) is a call to live a life of blazing urgency. We have but one life. We are given one opportunity to pursue our dreams and fulfill our divine purpose. Every moment counts, and we must engage them with fierceness and zeal. Put an end to passive observation, paralyzed by the need for perfect opportunity, and start seizing the raw, untapped potential of your life with God. Are you willing to risk failure? Are you ready to get in the game? You may stumble, but you will find yourself falling forward, propelled toward the God-inspired adventure He intends you to live.

Artisans and Narrative Craft in Late Medieval England HarperOne

Every woman has had this experience: you get to the end of the day and realize you did nothing for you. And if you go days, weeks, or even months in this cycle, you begin to feel like you have lost a bit of yourself. While life is busy with a litany of must-dos—work, parenting, keeping house, grocery shopping, laundry and on and on—women do not have to push their own needs aside. Yet this is often what happens. There's just no time, right? Wrong. In this practical and liberating book, Jessica Turner empowers women to take back pockets of time they already have

in their day in order to practice self-care and do the things they love. Turner uses her own experiences and those of women across the country to teach readers how to balance their many responsibilities while still taking time to invest in themselves. She also addresses barriers to this lifestyle, such as comparison and guilt, and demonstrates how eliminating these feelings and making changes to one's schedule will make the reader a better wife, mother, and friend. Perfect for any woman who is doing everything for everyone—except herself—*The Fringe Hours* is ideal for both individuals and small group use.

An Unstoppable Force Potter Style

Highlighted by two hundred full-color photographs, a celebration of American crafts and decorative arts and the artists who create them showcases masterpieces of furniture, wood, ceramics, glass, fiber, jewelry, metal, and basketry from the past two centuries, along with a look at how craft has shaped American history, arts, vitality, and identity. 25,000 first printing.

Making a Life Harvest House Publishers

A Publishers Weekly Best Book of 2019 Why do we make things by hand? And why do we make them beautiful? Led by the question of why working with our hands remains vital and valuable in the modern world, author and maker Melanie Falick went on a transformative, inspiring journey. Traveling across continents, she met quilters and potters, weavers and painters, metalsmiths, printmakers, woodworkers, and more, and uncovered truths that have been speaking to us for millennia yet feel urgently relevant today: We make in order to slow down. To connect with others. To express ideas and emotions, feel competent, create something tangible and long-lasting. And to feed the soul. In revealing stories and gorgeous original photographs, *Making a Life* captures all the joy of making and the power it has to give our lives authenticity and meaning.

Patrick F. McManus, the "funniest guy in the Outdoor Life and Field & Stream gang...offers another bag of whimsy in the *Great Outdoors*"* with *The Grasshopper Trap*. In this collection of thirty zany stories, spoofing camping, fishing, and other outdoor recreational activities, McManus shares his hilarious wilderness misadventures. From facing an angry bear with an unloaded gun and the folly of running a boat while it's still on the trailer to not questioning the ingredients found in camp cookout cuisine and the best methods of catching grasshoppers, no one knows how to express Mother Nature's sense of humor like Patrick F. McManus. "It's enough to tickle the most rabid member of the National Rifle Association."—*Kirkus Reviews

The Magnificent Story Penguin

After retiring from a lifetime of teaching literature, Patricia Meyer Spacks embarked on a year-long project of rereading dozens of novels: childhood favorites, fiction first encountered in young adulthood and never before revisited, books frequently reread, canonical works of literature she was supposed to have liked but didn't, guilty pleasures (books she oughtn't to have liked but did), and stories reread for fun vs. those read for the classroom. On *Rereading* records the sometimes surprising, always fascinating, results of her personal experiment. Spacks addresses a number of intriguing questions raised by the purposeful act of rereading: Why do we reread novels when, in many instances, we can remember the plot? Why, for example, do some lovers of Jane Austen's fiction reread her novels every year (or oftener)? Why do young children love to hear the same story read aloud every night at bedtime? And why, as adults, do we return to childhood favorites such as *The Hobbit*, *Alice in Wonderland*, and the Harry Potter novels? What pleasures does rereading bring? What psychological needs does it answer? What guilt does it induce when life is short and there are so many other things to do (and so many other books to read)? *Rereading*, Spacks discovers, helps us to make sense of ourselves. It brings us sharply in contact with how we, like the books we reread, have both changed and

remained the same.

The Souls of Black Folk W. E. B. Du Bois - One of the Most Important Books on Civil Rights, Race, and Freedom Ever Written. It is a seminal work in the history of sociology and a cornerstone of African-American literature and a monumental collection of essays that examines race and racism in America during the early 1900s and prior. To develop this work, Du Bois drew from his own experiences as an African American in American society. Outside of its notable relevance in African-American history, *The Souls of Black Folk* also holds an important place in social science as one of the early works in the field of sociology. *The Souls of Black Folk* is perfect for anyone interested in African-America literature and history
