HOBBS SHANNON

A Memoir Schocken

The open ocean--that vast expanse of international waters--spreads across three-fourths of the globe. It is a place of storms and danger, both natural and manmade. And at a time when every last patch of land is claimed by one government or another, it is a place that remains radically free. With typically understated lyricism, William Langewiesche explores this ocean world and the enterprises--licit and illicit--that flourish in the privacy afforded by its horizons. But its efficiencies are accompanied by global problems--shipwrecks and pollution, the hard lives and deaths of the crews of the gargantuan ships, and the growth of two pathogens: a modern and sophisticated strain of piracy and its close cousin, the maritime form of the new stateless terrorism. This is the outlaw sea that Langewiesche brings startlingly into view. The ocean is our world, he reminds us, and it is wild.

This series combines all four volumes while candidly exploring the devastating effects of Western civilization on African Americans. Offering suggestions to correct the dehumanization of African American children, this series tells how to ensure that African American boys grow up to be strong, committed, and responsible African American men.

An American Tragedy Simon and Schuster

Henry Louis Gates, Jr. presents a journey through America's past and our nation's attempts at renewal in this look at the Civil War's conclusion, Reconstruction, and the rise of Jim Crow segregation. Dark Sky Rising joins the Scholastic Gold line, which

features award-winning and beloved novels. Includes exclusive bonus content! This is a story about America during and after Reconstruction, one of history's most pivotal and misunderstood chapters. In a stirring account of emancipation, the struggle for citizenship and national reunion, and the advent of racial segregation, the renowned Harvard scholar delivers a book that is illuminating and timely. Real-life accounts drive the narrative, spanning the half century between the Civil War and Birth of a Nation. Here, you will come face-to-face with the people and events of Reconstruction's noble democratic experiment, its tragic undermining, and the drawing of a new "color line" in the long Jim Crow era that followed. In introducing young readers to them, and to the resiliency of the African American people at times of progress and betrayal, Professor Gates shares a history that remains vitally relevant today.

Invisibility Blues Verso Books

To protect her daughter from the fast life and bad influences of London, her mother sent her to school in rural Ghana. The move was for the girl's own good, in her mother's mind, but for the daughter, the reality of being the new girl, the foreigner-among-your-own-people, was even worse than the idea. During her time at school, she would learn that Ghana was much more complicated than her fellow ex-pats had ever told her, including how much a London-raised child takes something like water for granted. In Ghana, water "became a symbol of who had and who didn't, who believed in God and who didn't. If you didn't have water to bathe, you were poor because no one had sent you some." After six years in Ghana, her mother summons her home to London to meet the new man in her mother's life—and his daughter. The reunion is bittersweet and short-lived as her parents decide it's time that she get to know her father. So once again, she's sent off, this time to live with her father, his new wife, and their young children in New York—but not before a family trip to Disney World.

Filled with Fire and Light Simon and Schuster

This collection of original essays brilliantly interrogates the often ambivalent place of Africa in the imaginations, cultures and politics of its "New World" descendants. Combining literary analysis, history, biography, cultural studies, critical theory and politics, *Imagining Home* offers a fresh and creative approach to the history of Pan-Africanism and diasporic movements. A critical part of the book's overall project is an examination of the legal, educational and political institutions and structures of domination over Africa and the African diaspora. Class and gender are placed at center stage alongside race in the exploration of how the discourses and practices of Pan-Africanism have been shaped. Other issues raised include the myriad ways in which grassroots religious and cultural movements informed Pan-Africanist political organizations; the role of African, African-American and Caribbean intellectuals in the formation of Pan-African thought—including W.E.B. DuBois, C.L.R. James and Adelaide Casely Hayford; the historical, ideological and institutional connections between African-Americans and South Africans; and the problems and prospects of Pan-Africanism as an emancipatory strategy for black people throughout the Atlantic.

A WORLD OF FREEDOM, CHAOS, AND CRIME

Yale University Press

An enthralling biography about one of the most intriguing women of the Victorian age: the first self-invented international social celebrity. Lola Montez was one of the most celebrated and notorious women of the nineteenth century. A raven-haired Andalusian who performed her scandalous "Spider Dance" in the greatest performance halls across Europe, she dazzled and beguiled all who met her with her astonishing beauty, sexuality,

and shocking disregard for propriety. But Lola was an impostor, a self-invention. Born Eliza Gilbert, the beautiful Irish wild child escaped a stifling marriage and reimagined herself as Lola the Sevillian flamenco dancer and noblewoman, choosing a life of adventure, fame, sex, and scandal rather than submitting to the strictures of her era. Lola cast her spell on the European aristocracy and the most famous intellectuals and artists of the time, including Alexandre Dumas, Franz Liszt, and George Sand, and became the obsession of King Ludwig I of Bavaria. She then set out for the New World, arriving in San Francisco at the height of the gold rush, where she lived like a pioneer and performed for rowdy miners before making her way to New York. There, her inevitable downfall was every bit as dramatic as her rise. Yet there was one final reinvention to come for the most defiant woman of the Victorian age—a woman known as a "savage beauty" who was idolized, romanticized, vilified, truly known by no one, and a century ahead of her time.

Literature as a Way of Life Nicholas Brealey

Stranded at Schiphol airport, Ben Coates called up a friendly Dutch girl he'd met some months earlier. He stayed for dinner. Actually, he stayed for good. In the first book to consider the hidden heart and history of the Netherlands from a modern perspective, the author explores the length and breadth of his adopted homeland and discovers why one of the world's smallest countries is also so significant and so fascinating. It is a self-made country, the Dutch national character shaped by the ongoing battle to keep the water out from the love of dairy and beer to the attitude to nature and the famous tolerance. Ben Coates investigates what makes the Dutch the Dutch, why the Netherlands is much more than Holland and why the color orange is so important. Along the way he reveals why they are the world's tallest people and have the best carnival outside Brazil. He learns why Amsterdam's brothels are going out of business, who really killed Anne Frank, and how the Dutch manage to be richer than almost everyone else despite working far less. He also discovers a country which is changing fast, with the Dutch now questioning many of the liberal policies which made their nation famous.

First published in 1990, Michele Wallace's *Invisibility Blues* is widely regarded as a landmark in the history of black feminism. Wallace's considerations of the black experience in America include recollections of her early life in Harlem; a look at the continued underrepresentation of black voices in politics, media, and culture; and the legacy of such figures as Zora Neale Hurston, Toni Cade Bambara, Toni Morrison, and Alice Walker. Wallace addresses the tensions between race, gender, and society, bringing them into the open with a singular mix of literary virtuosity and scholarly rigor. *Invisibility Blues* challenges and informs with the plain-spoken truth that has made it an acknowledged classic.

Award-winning author of *Between the World and Me* “reflects on race, Barack Obama’s presidency and its jarring aftermath”—including the election of Donald Trump. *New York Times* Bestseller • Finalist for the PEN/Jean Stein Book Award, the *Los Angeles Times* Book Prize, and the Dayton Literary Peace Prize Named One of the Best Books of the Year by *The New York Times* • *USA Today* • *Time* • *Los Angeles Times* • *San Francisco Chronicle* • *Essence* • *O: The Oprah Magazine* • *The Week* • *Kirkus Reviews* **Kirkus Reviews* (starred review) “We were eight years in power” was the lament of Reconstruction-era black politicians as the American experiment in multiracial democracy ended with the return of white supremacist rule in the South. In this sweeping collection of new and selected essays, Ta-Nehisi Coates explores the tragic echoes of that history in our own time: the unprecedented election of a black president followed by a vicious backlash that fueled the election of the man Coates argues is America’s “first white president.” But the story of these present-day eight years is not just about presidential politics. This book also examines the new voices, ideas, and movements for justice that emerged over this period—and the effects of the persistent, haunting shadow of our nation’s old and unreconciled history. Coates powerfully examines the events of the Obama era from his intimate and revealing perspective—the point of view of a young writer who begins the journey in an unemployment office in Harlem and ends it in the Oval Office, interviewing a president. *We Were Eight Years in Power* features Coates’s iconic essays first published in *The Atlantic*, including “Fear of a Black President,” “The Case for Reparations,” and “The Black Family in the Age of Mass Incarceration,” along with eight fresh essays that revisit each year of the Obama administration through Coates’s own experiences, observations, and intellectual development, capped by a bracingly original assessment of the election that fully illuminated the tragedy of the Obama era. *We Were Eight Years in Power* is a vital account of modern America, from one of the definitive voices of this historic moment.

Here are magnificent insights into the lives of biblical prophets and kings, talmudic sages, and Hasidic rabbis from the internationally acclaimed writer, Nobel laureate, and one of the world’s most honored and beloved teachers. “This posthumous collection encourages a path toward purpose and transcendence.” —*The New York Times* Book Review From a multitude of sources, Elie Wiesel culls facts, legends, and anecdotes to give us fascinating portraits of notable figures throughout Jewish history. Here is the prophet Elisha, wonder-worker and adviser to kings, whose compassion for those in need is matched only by his fiery temper. Here is the renowned scholar Rabbi Yohanan ben Zakkai, whose ingenuity in escaping from a besieged Jerusalem on the eve of its destruction by Roman legions in 70 CE laid the foundation for the rabbinic teachings and commentaries that revolutionized the practice and study of

Judaism and have sustained the Jewish people for two thousand years of ongoing exile. And here is Rabbi Shneur Zalman of Liadi, founder of Chabad Hasidism, languishing in a Czarist prison in 1798, the victim of a false accusation, engaging in theological discussions with his jailers that would form the basis for Chabad’s legendary method of engagement with the world at large. In recounting the life stories of these and other spiritual seekers, in delving into the struggles of human beings trying to create meaningful lives touched with sparks of the divine, Wiesel challenges and inspires us all to fill our own lives with commitment and sanctity.

#1 *NEW YORK TIMES* BESTSELLER • *OPRAH’S BOOK CLUB PICK* • From the National Book Award-winning author of *Between the World and Me*, a boldly conjured debut novel about a magical gift, a devastating loss, and an underground war for freedom. “This potent book about America’s most disgraceful sin establishes [Ta-Nehisi Coates] as a first-rate novelist.” —*San Francisco Chronicle* **IN DEVELOPMENT AS A MAJOR MOTION PICTURE** • Adapted by Ta-Nehisi Coates and Kamilah Forbes, produced by MGM, Plan B, and Oprah Winfrey’s Harpo Films **NOMINATED FOR THE NAACP IMAGE AWARD** • **NAMED ONE OF PASTE’S BEST NOVELS OF THE DECADE** • **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** *Time* • *NPR* • *The Washington Post* • *Chicago Tribune* • *Vanity Fair* • *Esquire* • *Good Housekeeping* • *Paste* • *Town & Country* • *The New York Public Library* • *Kirkus Reviews* • *Library Journal* Young Hiram Walker was born into bondage. When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to escape from the only home he’s ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia’s proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic movements in the North. Even as he’s enlisted in the underground war between slavers and the enslaved, Hiram’s resolve to rescue the family he left behind endures. This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today’s most exciting thinkers and writers, *The Water Dancer* is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen. Praise for *The Water Dancer* “Ta-Nehisi Coates is the most important essayist in a generation and a writer who changed the national political conversation about race with his 2015 memoir, *Between the World and Me*. So naturally his debut novel comes with slightly unrealistic expectations—and then proceeds to exceed them. *The Water Dancer* . . . is a work of both staggering imagination and rich historical significance. . . . What’s most powerful is the way Coates enlists his notions of the fantastic, as well as his fluid prose, to probe a wound that never seems to heal. . . . Timeless and instantly canon-worthy.” —*Rolling Stone*

What is race and why does it matter? Why does the presence of

Others make us so afraid? America's foremost novelist reflects on themes that preoccupy her work and dominate politics: race, fear, borders, mass movement of peoples, desire for belonging. Ta-Nehisi Coates provides a foreword to Toni Morrison's most personal work of nonfiction to date.

THE BEAUTIFUL STRUGGLE

Penguin

A new edition of a celebrated contemporary work on race and racism Praised by a wide variety of people from Ta-Nehisi Coates to Zadie Smith, *Racecraft* "ought to be positioned," as Bookforum put it, "at the center of any discussion of race in American life." Most people assume racism grows from a perception of human difference: the fact of race gives rise to the practice of racism. Sociologist Karen E. Fields and historian Barbara J. Fields argue

otherwise: the practice of racism produces the illusion of race, through what they call "racecraft." And this phenomenon is intimately entwined with other forms of inequality in American life. So pervasive are the devices of racecraft in American history, economic doctrine, politics, and everyday thinking that the presence of racecraft itself goes unnoticed. That the promised post-racial age has not dawned, the authors argue, reflects the failure of Americans to develop a legitimate language for thinking about and discussing inequality. That failure should worry everyone who cares about democratic institutions.
