**THE DAILY
COCKTAIL**

Springer
From 1760 to
1869, four

generations of
one family
from the
Scottish
Highlands
sought their
fortunes in the
service of the
East India
Company. As
they worked
their way up
through the
ranks of the
empire, the
Baillie family
left numerous
footprints in
India and
recorded their
fascinating
experiences in

letters sent home to Scotland. Drawing on thorough research of the military, political, and economic events of the eighteenth and nineteenth centuries and an extensive collection of family letters that depict the lives and personalities of his ancestors, Alexander Charles Baillie brings the history of British India to life. The compelling documents, lost for over a century with

many reproduced here, reveal changing race relations and social attitudes, cultural tensions, military and civilian battles, economic pressures, and the rise and decline of the East India Company. The book focuses especially on two members of the family - William of Dunain, a military officer, and John of Leys, a civil servant - whose numerous adventures and

misadventures impart provocative clues about the workings of the empire and the daily lives of its most influential figures. An exciting, invaluable, and personalized glimpse into the past of India, Scotland, and the East India Company, Call of Empire will appeal to genealogy enthusiasts and social and global historians.

ARE LEADERS BORN OR ARE THEY MADE?

S. Chand Publishing Have you ever wished you could give your mind an upgrade, just as you can give one to your computer, car, kitchen, or wardrobe? Or that you could remember all-important phone numbers or shopping lists without fumbling with multiple slips of paper? Or

speed-read or do lightning-fast everyday math calculations? Or that you could be a Renaissance man or woman and dazzle your friends at dinner with your mastery of dates and facts, artists and albums, presidents and policies? Now there is a way to give yourself this intellectual attention and improvement: With Your Intelligence Makeover you'll enjoy a makeover that is more than just skin deep.

With this book's three-week master plan, you'll learn the skills you need to nip and tuck your own knowledge -- you'll double or triple your reading speed and dramatically improve your memory. Then you'll have access to a wide body of information to kick it up a notch and rise to a higher intellectual plane. Whether you want to start a new career, complete your education, brush up your cultural

literacy, increase your knowledge of a favorite subject, or simply chat up friends, family, and associates with a fascinating array of anecdotes, you can use the easy-to-learn secrets of education specialist Dr. Edward F. Droge, Jr., to launch new chapters in your own life. A former New York City police officer who went to Yale in his thirties as an undergraduate and then on to Harvard to

earn a master's and a doctorate, Dr. Droge reveals the "Super Tools," which he developed to fuel his own success, to help you create your unique, personalized makeover plan. Take the entertaining self-assessment quizzes to find the areas in which you need to brush up and then use the Super Tools to immerse yourself in virtually any subject. Filled with mind-expanding

sidebars and a vast reservoir of resources for learning in multiple subject areas (including History, Literature, Grammar, Math, Art, Science, Sports, Music, and much more), Your Intelligence Makeover promises to put you on the right track to tapping the limitless power of your intelligence for satisfaction and gain.

Here is the story of David as you have never heard it before: from the king himself, telling the unofficial version, the one he never allowed his court scribes to recount. Rooted in ancient lore, his is a surprisingly modern memoir. Notorious for his contradictions, David is seen by others as a gifted court entertainer, a successful captain in Saul's army, a cunning fugitive, a

traitor leading a gang of felons, and a ruthless raider of neighboring towns who leaves no witnesses behind. But how does he see himself, during this first phase of his life? With his hands stained with blood, can he find an inner balance between conflicting drives: his ambition for the crown, his determination to survive the conflict with Saul, and his longing for purity, for a touch of the divine, as

expressed so lyrically in his psalms? If you like ancient historical fiction about court intrigue, this king David novel has a modern twist like no book you have read before. Supercharge Your Memory! Glory Is Fleeting ECW Press
 In this technological era, with great emphasis placed on sharing information, people are in fact not communicating any better. Despite extraordinary advances in IT devices, social media

platforms and Internet access, individuals are still disaffected and relationships are struggling as much as ever. The Mercury Model is an innovative system that addresses this issue. It accepts that each mind is wired differently, and identifies our individual natural master operating programme through its correspondence with the placement of the planet Mercury at the

time of our birth. Interpretation, steeped in ancient astrological technique and research, is brought right up-to-date as a 21st century cognitive model. User-friendly graphics portray the concept of handling information in 12 different modes. If we embrace the Mercury Model, we can find common ground between us in order to build authentic, respectful relationships with people of

all ages, from all nations, both genders and of all levels of capacity. The Mercury Model supports the position that the world needs all of us - one learning style is not better or worse than another, we all have mental strengths and blind spots; we each do best what comes naturally. The Mercury Model gives permission to be oneself, whether we embody the best characteristics

of fish, elephant, penguin or puppy.
The Rise and Fall of an Economic Empire Ratna Sagar
 Can you predict killing sprees? What do mass killers have in common? Why do so many of them write manifestos online and what do these tell us? These are some of the questions David J. Krajicek seeks to answer in *Mass Killings*, on a topic that is becoming increasingly urgent and desperate. In

recent decades, mass shootings worldwide have increased in their savagery and frequency. Nearly all mass killers are male - and many of them are bound together by misogyny, misanthropy, and racism. They do not just "snap." They plan their assaults for months or years, drawing up detailed battle plans, and accumulating weaponry. They document the

process in journals or videos online, understanding that they are leaving evidence which will help the marquee lights of their futile crimes burn brighter and longer. Krajicek shows the commonalities between mass shooters, and describes the psychopathic process that leads these troubled men to commit atrocities. Mass killers feed off each other's words and deeds, and it's crucial to be able to read the

signals they give out to prevent future tragedies. Napoleon Bonaparte Quotes Paragon Publishing Despite the proven benefits of emotional intelligence, organizational life has typically been hostile to the inner world of feeling. Rationality is deemed superior to feeling, which can contaminate judgment. But without feeling there is no passion, and no action. This book sets

out to change people and organizations for the better, by revealing the 'dark side' of leadership behaviour and its impact on performance. Tapping into the startling parallels between the journey to emotional intelligence, the process of psychoanalysis, the practice of leadership coaching and the Zen journey to enlightenment, renowned thinker Manfred Kets de Vries helps executives, consultants, and coaches

to peel back the layers of self-deception and reveal how inner personality – largely hard-wired since early childhood – affects the way they lead and manage others.

RETHINKING PRESTIGE BRANDING

Dundurn Humorous Wit is a new compilation of quotations in their most humoristic form. There are over 15,000 of these taken from various parts of the world, with

over 1,200 of them translated into English for the first time. This book features 5,000 authors from every corner of the globe, covering a period starting before classical antiquity, when man first started to record his thoughts, to modern times, enriching the cultural heritage. This does not in any way mean that the caveman was less humorous, but the richness of the environment

we live in today and the variety of subject matter contribute considerably to a refined sense of humour. Moreover, considering that chimps and other primates also possess the ability to laugh, humour may have been around longer than the human race :)

the Ultimate Book of Quotations

McGill-Queen's Press - MQUP
This volume presents eight papers and a draft

monograph by T. Price Caldwell on topics in linguistics, semiotics and philosophy of language. From the beginning of his professional career onwards, Caldwell wrote short fiction and poetry, and he taught English literature. The relevance to these of philosophy of language, semiotics and certain areas of linguistics increasingly caught his interest. This book presents the fruits of

this later work. Of the papers included here, two are abstract and theoretical, focusing on linguistic methodology and Caldwell's overarching views on the nature of meaning-in-context. His position here, which he called Molecular Sememics, echoes early Structuralism and Functionalism, but addresses shortfalls in each. Two other papers apply the method and theory to

topics within semantics and pragmatics, including especially the structuring of discourse. The remaining four papers connect Caldwell's theoretical insights to his life-long interests in fiction and pedagogy. The monograph - which Caldwell was left unfinished due to illness - aims to present as a single intellectual package the theory and the applications. Robber Baron
iUniverse

The accumulation of the following quotes began when I served the Army chief of staff as a speechwriter and is a result of encouragement that my father provided to me every day of our lives together. This is a very small slice of the wisdom of the ages uttered by the more famous and not-so-famous people of their respective time periods. Much of that wisdom uttered decades and

even hundreds of years ago are still as relevant today as they were when they were uttered. The times may change, but people don't. GK Genius 7

THE 100 GREATEST HEROES

Brazos Press
The recent proliferation of populist movements worldwide — along with the often dangerous, demagogic leaders that accompany them — have prompted questions about the underlying conditions that give rise to such troubling developments. Leadership Unhinged: Essays on the Ugly, the Bad and the Weird examines

what is going on at a deeper level, both collectively and individually, between leaders and followers. Employing theories derived from psychoanalytic psychology, developmental psychology, neuroscience and evolutionary psychology, these essays help to unravel and expose the pathological leader-follower dynamics that generate such movements. The book is infused with

Kets de Vries's now famous and inimitable style of analysis, which draws from myths, creates fairy tales, and uses irony and metaphor to bring his conclusions into greater relief and trigger new insights. As Kets de Vries explains, effective leaders have the capacity to bring people together and even make them better, stronger. Doing so suggests that those leaders are value

driven, able to set a moral tone. Yet, when such a tone is absent or, at worst, twisted toward the destructive, leadership quickly becomes dangerous. History has shown the devastation left in the wake of unhinged leaders who have gone unchecked. To become fully conscious of the conditions that allow for the emergence of such leaders has become a moral requirement

of our time. In ways both moving and entertaining, Kets de Vries's new contribution puts us in a better position to fulfil that requirement. *The Darkest Side of Saturn* John Wiley & Sons Have your own happy hour every day of the year with this delightful cocktail cookbook. From martinis, shots, and margaritas to classics like Manhattans, Alexanders, juleps, fizzes, old-fashioned,

and rickys, you'll find intoxicating delights for every season. When it's too hot to take your drink outdoors, hole up in air-conditioned comfort and dream of your next cruise or seaside vacation with a Sex on the Beach, Bahama Mama, or Grand Hawaiian Screw. When the snow is flying, warm up by the fire with a Flaming Dr. Pepper, Hot Toddy, or Alabama Slammer. Each day has

its own page, with detailed directions, variations on the cocktail du jour, suggestions for snacks to serve with it, colorful quotes about drinks and drinking, and more.

500 Quotes That Will Knock Your Socks Off John Wiley & Sons
The book brings forcefully to the reader the importance of humor in a person's life, what outstanding men and women from all disciplines say in praise

of humor and how it benefited them. The book tells you where you can find humor and laughter and the ways you can put humor to good use.

Call of Empire

Watkins Media Limited
Contains profiles, ranked in order of significance, of the world's most influential heroes of all time.

Whispering Pines Motilal Banarsidass Publ.
So you're approaching

retirement – what's next? As an over-sixty today you are likely to be very much healthier than previous generations of retirees and you're close to outnumbering the younger age group. So why should they have all the fun? The grey pound is particularly strong, and the so-called Third Age, holds the largest proportion of the country's disposable income. Long-term, empty-nesters have

more money and leisure time than ever so cannot be ignored, but finding the smoothest way to cross the chasm from work to retirement and make the most of the huge variety of opportunities open to you requires forethought, planning, a sense of humour and a copy of this book. The Freedom Years is an upbeat and humorous look at some of the challenges and opportunities

presented as you move from work to retirement. Most people don't give much thought to how they'll adjust and don't have a clue what's going to hit them, but this witty and inspirational guide is all you need to convince you that the best is yet to come. 'At last... a book that exposes the myths of ageing. About time too!' John Humphrys 'It's not three score years and ten anymore; it's

four score years and ten - Michael Shea has great plans for you for those extra twenty years.' Sir David Frost 'We may slow down a bit as we age, but this book demonstrates how we can all keep on winning.' Sir Jackie Stewart OBE Daniel B. Smith The main objective of this book is to provide you an impressive and invaluable collection of English proverbs and sayings with

<p>their explanations included, so as to enrich your English knowledge. A proverb is a simple, concrete, traditional saying that expresses a perceived truth based on common sense or experience. Proverbs are often metaphorical and use formulaic language. Collectively, they form a</p>	<p>genre of folklore. Knowing these proverbs and sayings will enhance your English skills. Thus you will be able to communicate better. Proverbs are found in a wide variety of contexts. You may have noticed them in songs, in film titles or even in newspaper headlines. It is important to remember that proverbs and sayings</p>	<p>are sometimes used when speaking both formally and informally. This book has more than 1,400 proverbs and sayings for you to discover or rediscover. At the end of this book, as a bonus for you, I have chosen and wrote 327 most famous English quotations. You may find them quite inspiring...</p>
