*A Study Guide for Margaret Atwood's "Alias Grace"*  
 Emblem Editions Seminar paper from the year 2015 in the subject Literature - Canada, grade: 2,0, , language: English, abstract: The aim of this term paper is to exemplify the central key features in Postmodernism and to analyse in how far Margaret Atwood manages to make use of them in her

novel "Alias Grace". Besides, I will concentrate on Atwood's strategies to integrate the postmodern features into the novel and to illustrate them to the reader. The first part of the term paper will be concerned with a general overview of Genette's categories of discourse-oriented Narratology and the postmodern features Fragmentation, Subjectivity, Indeterminacy and Alienation.

More precisely, I will define these features and will concentrate on the most important characteristics which can be linked to the novel. I will mention Genette's Narrative Theory because it is especially important when dealing with Fragmentation. The second part will be concerned with these postmodern features with reference to "Alias Grace". Concerning Fragmentation

, I am going to illustrate the interchanging narratives in the novel. When dealing with Subjectivity, I will analyse in how far different narratives of the story are subjective. By pointing out several passages in which open questions remain and the reader has to interpret on his own, I will discuss Indeterminacy . After doing so, I am going to point out in how far Fragmentation , Subjectivity and

Indeterminacy lead to an Alienation of the reader. At the end of the term paper, a conclusion will be drawn in which one can see in how far Atwood uses postmodern elements in her novel.

like a spider in a web. The glamorous, irresistible, unscrupulous Zenia is nothing less than a fairy-tale villain in the memories of her former friends. Roz, Charis, and Tony—university classmates decades ago—were reunited at Zenia's funeral and have met monthly for lunch ever since, obsessively retracing the destructive swath she once cut through their lives. A brilliantly

inventive fabulist, Zenia had a talent for exploiting her friends' weaknesses, wielding intimacy as a weapon and cheating them of money, time, sympathy, and men. But one day, five years after her funeral, they are shocked to catch sight of Zenia: even her death appears to have been yet another fiction. As the three women plot to confront their larger-than-life nemesis, Atwood proves herself

a gleefully acute observer of the treacherous shoals of friendship, trust, desire, and power. [Alias Grace \(TV Tie-In\)](#)

Augusta Travers has spent the last three years avoiding the stifling expectations of New York society and her family's constant

disappointment. As the nation's most fearless--and reviled--columnist, Gussie travels the country with her Kodak camera and spins stories for women unable to leave hearth and home. But when her adventurous nature lands her in the middle of a scandal, an opportunity to leave America offers the perfect escape. Arriving in India, she expects only a nice visit with childhood

 Essay from the year 2019 in the subject *Communications - Movies and Television*, grade: 1,7, , course: *Gender in Film and the Visual Arts*, language: English, abstract: The ambiguity of Grace herself is especially interesting about this series. Therefore, my attempt is to first analyze the narrative style, especially concerning the different

timelines as well as Grace's unreliability and ambiguity as a character and narrator. Furthermore, I will connect this way of narrating to Grace's quilting which is omnipresent in the series and can be read as another form of communication and narration especially for women at a time where they usually had to stay silent. With a rather powerful voice-over begins the

telling of Grace Marks, by that time a 33-year-old maid that was convicted of murdering her former employer Thomas Kinnear and his house keeper Nancy Montgomery together with the stable boy James McDermott. While he gets hanged, Grace is sentenced to life imprisonment. Now, 15 years after her conviction, psychologist Dr. Simon Jordan is hired to talk to Grace to find out if she

really was guilty of the murders or not. These are true events that took once place in 1843 and then were adopted for a novel written by Margaret Atwood: *Alias Grace*. Based on this novel the canadian US-American Drama-mini-series *Alias Grace*, written by Margaret Atwood and Sarah Polley and directed by Mary Harron, was released in 2017. It is the story of Grace Marks, the question of her innocence and guilt, that

is constantly being asked by Dr. Jordan as well as the audience.

Emblem Editions Together in a single volume, two beloved works by the inimitable Graeme Gibson. Gentleman Death Novelist Robert Fraser comes face-to-face with creativity, his mortality, and the deaths of his father and brother. Set mainly in Toronto, the novel also takes us to London, Scotland,

Germany, and New York as we follow the escapades of two of Fraser's fictional characters.

There is Simpson, called into service as an anonymous sperm donor, and Dunbar, an enigmatic tourist in Berlin just before the Chernobyl disaster, where he meets the captivating Lena, with whom he begins to sense an almost forgotten freedom and elation. But at the centre of

Gentleman Death is Robert Fraser's own compelling story. Gibson juxtaposes reality and fiction in this compassionate, sometimes outrageous, often very funny exploration of the absurdities and alarms of aging, the nature of fiction itself, and the maturity that grows from reconciliation. Perpetual Motion First published in 1982, Perpetual Motion is Graeme

Gibson's superb evocation of a time when faith in material progress is still challenged by superstition and a lingering belief in magic. It is an ironic yet compassionate examination of the painful consequences of human folly. Set in southern Ontario in the late nineteenth century when the machine age was coming into its own, Perpetual Motion

chronicles the fortunes of settler Robert Fraser, a man obsessed with power and control. Driven by the idea of inventing a perpetual motion machine which will utilize natural energy, he neglects and destroys not only the nature around him but his own family too, as his overbearing rationality becomes a kind of tragic lunacy.

 From the author of The Silent Companions, a thrilling Victorian gothic horror story about a young seamstress who claims her needle and thread have the power to kill Dorothea

Truelove is young, wealthy, and beautiful. Ruth Butterham is young, poor, and awaiting trial for murder. When Dorothea's charitable work brings her to Oakgate Prison, she is delighted by the chance to explore her fascination with phrenology and test her hypothesis that the shape of a person's skull can cast a light on their darkest crimes. But when she meets one of the prisoners,

the teenaged seamstress Ruth, she is faced with another strange idea: that it is possible to kill with a needle and thread--because Ruth attributes her crimes to a supernatural power inherent in her stitches. The story Ruth has to tell of her deadly creations--of bitterness and betrayal, of death and dresses--will shake Dorothea's belief in rationality, and the power of redemption. Can Ruth be

trusted? Is she mad, or a murderer? For fans of Shirley Jackson, *The Poison Thread* is a spine-tingling, sinister read about the evil that lurks behind the facade of innocence. pages we watch as characters progress from the vulnerabilities of adolescence through the passions of youth into the precarious complexities of middle age. The past resurfaces in the present in ways both subtle and dramatic: the body of a lost Arctic explorer emerges from the ice, a 2,000-year-old bog man turns up in an archeological dig, a man with dark secrets marries his

lover's sister, a girl who disappears on a canoe trip haunts her friend many decades later. The richly layered stories in *Wilderness Tips* map interior landscapes shaped by time, regret, and lost chances, endowing even the most unassuming of lives with a disquieting intensity.
