*Government Contracts:
Special Preferences*
Hoovers Incorporated
Government Contracts:
Special Preferences,
which is focused on the
specific elements of the

procurement process related to special preferences, including small business aids and preferences and domestic procurement preferences, thus expediting the reader's ability to focus on concerns targeted to his or her specific requirements. This publication, which is updated annually and gleaned from the larger set, has been carefully crafted by the General Editor of the main treatise to become the version of Government Contracts you can use as you begin your government contracts law research and analysis. Valuable as a standalone resource, the one volume Government Contracts: Special Preferences can also easily be used in tandem with the more comprehensive main treatise to delve deeper into federal procurement law.

PC Magazine CRC Press Taiwan's electronics industry, especially the semiconductor and information products sectors, is characterized by rapid growth and high potential. This book investigates the past performance, current status, and future development of this industry, providing

engineers with important data. Corporate business planners and electronics managers will find helpful information for decision making regarding joint ventures and alliances with Taiwanese manufacturers.
