KADE MARQUEZ

U.S. History W.W.
Norton & Company

Today, war is more
complicated than it has
ever been. When
considering military
strategy, a commander
must be aware of
several theaters of

war. There's ground strength, air power, naval combat and even cyber warfare. In the late 19th century, however, the true military might of a nation rested primarily on the strength of its navy. In 1890, United States Navy Captain Alfred Thayer Mahan published a book titled "The Influence of Sea Power Upon History." The monumental text addressed the importance of both military and commercial fleets in the success of a nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not sustain the pressure of a naval blockade. Mahan then

applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological advances, were influential in the strengthening of the United States Navy. Presently, Mahan's work is considered the most important work on naval strategy in history.

1492-PRESENT

Beacon Press
Taking a hard look at the unprincipled lives

of political bosses, police corruption, graft payments, and other political abuses of the time, the book set the style for future investigative reporting.

AN AFRICAN AMERICAN AND LATINX HISTORY OF THE UNITED STATES

Teachers College Press Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching

and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

McGraw-Hill Education
"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*
The American

Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without

losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before

chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

AMERICA

Penguin

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

An Inaugural Poem for the Country
The Capitol Net Inc
Shocking and controversial when it was first published in 1939, Steinbeck's Pulitzer prize-winning epic remains his undisputed

masterpiece. It tells of the Joad family who travel West in search of the promised land, and find only broken dreams.

Racism, Antiracism, and You Houghton Mifflin College Division This Elibron Classics title is a reprint of the original edition published by the Government Printing Office in Washington, 1903.

A MASSIVELY COLLABORATIVE OPEN U.S. HISTORY TEXTBOOK, VOL. 1: TO 1877

W. W. Norton & Company
Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book

Riot, and Zora A tenth-anniversary edition of the iconic bestseller—“one of the most influential books of the past 20 years,” according to the Chronicle of Higher Education—with a new preface by the author “It is in no small part thanks to Alexander’s account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system.” —Adam Shatz, London Review of Books
Seldom does a book have the impact of Michelle Alexander’s *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the

creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it

was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today. Our Country Perfection Learning Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's*

History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the

American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history. **Common Sense** The New Press Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known

for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

JAPAN

Oxford University Press, USA
Ever since its first publication in 1992, *The End of History and the Last Man* has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism,

politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, *The End of History and the Last Man* is a modern classic.

AMERICA'S HISTORY

Garden City, Doubleday
THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting

recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present

additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1–41); Volume 1: To 1877 (Chapters 1–22); Volume 2: Since 1865 (Chapters 22–41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. *America: A Narrative History* Cengage Learning "We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to

ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave-- "Really Achieving Your Childhood Dreams"-- wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment

(because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Reconstruction, White Supremacy, and the Rise of Jim Crow

Penguin UK

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English

Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections
The Grapes of Wrath
