An exploration of Spanish culture in Spain and the Americas traces the social, political, and economic forces that created that culture

Destiny and Desire

Houghton Mifflin Harcourt
The life and fate of Laura Dâiaz becomes entwined in the history, culture, and politics of Mexico, in a novel that chronicles her life from 1905 to 1978 as she becomes a politically active artist, wife, mother, and lover.

A Novel GRIN Verlag

Where, Carlos Fuentes asks, is a modern-day vampire to roost? Why not Mexico City, populated by ten million blood sausages (that is, people), and a police force who won't mind a few disappearances? "Vlad" is Vlad the Impaler, of course, whose mythic

cruelty was an inspiration for Bram Stoker's Dracula.

In this sly sequel, Vlad really is undead:

dispossessed after centuries of mayhem by Eastern European wars and rampant blood shortages. More than a postmodern riff on "the vampire craze," Vlad is also an anatomy of the Mexican bourgeoisie, as well as our culture's ways of dealing with death.

For—as in Dracula—Vlad has need of both a lawyer and a real-estate agent in order to establish his new kingdom, and Yves Navarro and his wife Asunción fit the bill nicely. Having recently lost a son, might they not welcome the chance to see their remaining child live forever? More importantly, are the pleasures of middle-class life enough to keep one from joining the legions of the damned?

Carlos Fuentes is a master of modern world literature. With the

translation of his major works into English and other languages, his reputation has surpassed the boundaries of his native Mexico and of Hispanic literature and has become international.

Now each new novel stimulates popular and scholarly reviews in periodicals from Mexico City and Buenos Aires to Paris and New York.

Carlos Fuentes: A Critical View is the first full-scale examination in English of this major writer's work.

The range and diversity of this critical view are remarkable and reflect similar characteristics in the creative work of Carlos Fuentes, a man of formidable intellectual energy and curiosity. The whole of Fuentes' work is encompassed by Luis Leal as he explores history and myth in the writer's narrative. Insightful new views of single works are provided by other well-known scholars, such as Roberto González Echevarría, writing on

Fuentes' extraordinary Terra Nostra, and Margaret Sayers Peden, exploring Distant Relations, for which she served as authorized translator. Here too are fresh approaches to Fuentes' other novels, among them Where the Air Is Clear, Aura, and The Hydra Head, as well as an examination by John Brushwood of the writer's short fiction and a look by Merlin Forster at Fuentes the playwright. Lanin Gyrko reaches outside Fuentes' canon for his fascinating study of the influence of Orson Welles' Citizen Kane on The Death of Artemio Cruz. Manuel Durán and George Wing consider Fuentes in his role as critic of both literature and art. Carlos Fuentes: A Critical View has been prepared with the writer's many English-speaking readers in mind. Quotations are most frequently from standard, readily available English translations of Fuentes' works. A valuable chronology of the writer's life rounds off the volume. *The Secret of Dreams* Norma S A Editorial Delightful stories, other material based on works of Don Juan Manuel, Luis Taboada, Ricardo Palma, other noted writers. The Driver of the car is Franz, an ex-Nazi, and with him is his young Mexican lover Isabel, the talented but failed poet Javier, and his embittered wife, Elizabeth. There is a fifth person as well--the Narrator. Through him we discover that all the characters are searching for some real value in their lives: love for Elizabeth, creating in the case of Javier, experience for Isabel, and redemption for Franz. *A Novel* Dutton Adult A young scholar falls passionately in love with

the niece of an aged widow and discovers the true relationship between the two women, in a short novel by the famed Mexican writer.

Simon and Schuster Baltasar Bustos--an inflamed revolutionary democrat--sneaks into the bedroom of the wife of the Marquise de Cabra and kidnaps her baby, replacing it with the child of a black prostitute, and falls instantly in love with the Marquise's sleeping wife *This I Believe* Farrar, Straus and Giroux The Comte de Branly narrates a story about the relationships in a family named Heredia, focusing on two pairs of fathers and sons and highlighting the mutual, corrupting influences at work between the Old World and the New *Reflections on Spain and the New World* Aura Aura Novel This book explores the Gothic mode as it appears in the literature, visual arts, and culture of different areas of Latin America. Focusing on works from authors in Mexico, Central America, the Caribbean, the Andes, Brazil, and the Southern

Cone, the essays in this volume illuminate the existence of native representations of the Gothic, while also exploring the presence of universal archetypes of terror and horror. Through the analysis of global and local Gothic topics and themes, they evaluate the reality of a multifaceted territory marked by a shifting colonial and postcolonial relationship with Europe and the United States. The book asks questions such as: Is there such a thing as "Latin American Gothic" in the same sense that there is an "American Gothic" and "British Gothic"? What are the main elements that particularly characterize Latin American Gothic? How does Latin American Gothic function in the context of globalization? What do these elements represent in relation to specific national literatures? What is the relationship between the Gothic and the Postcolonial? What can Gothic criticism bring to the study of Latin American cultural manifestations and, conversely, what can these offer the Gothic? The analysis performed here reflects a body of criticism that understands

the Gothic as a global phenomenon with specific manifestations in particular territories while also acknowledging the effects of "Globalgothic" on a transnational and transcultural level. Thus, the volume seeks to open new spaces and areas of scholarly research and academic discussion both regionally and globally with the presentation of a solid analysis of Latin American texts and other cultural phenomena which are manifestly related to the Gothic world.

Smitten by the modernity of Cervantes and Borges at an early age, Carlos Fuentes has written extensively on the cultures of the Americas and elsewhere. His work includes over a dozen novels, among them *The Death of Artemio Cruz*, *Christopher Unborn*, *The Old Gringo*, and *Terra Nostra*, several volumes of short stories, numerous essays on literary, cultural, and political

topics, and some theater. In this book, Raymond Leslie Williams traces the themes of history, culture, and identity in Fuentes' work, particularly in his complex, major novel *Terra Nostra*. He opens with a biography of Fuentes that links his works to his intellectual life. The heart of the study is Williams' extensive reading of the novel *Terra Nostra*, in which Fuentes explores the presence of Spanish culture and history in Latin America. Williams concludes with a look at how Fuentes' other fiction relates to *Terra Nostra*, including Fuentes' own division of his work into fourteen cycles that he calls "La Edad del Tiempo," and with an interview in which Fuentes discusses his concept of this cyclical division.

Have You Seen Marie? showcases the storytelling magic of Sandra Cisneros, beloved author of *The House on Mango Street* and winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. This lyrically told, richly illustrated fable for adults is the tale of a woman's search, in the wake of her mother's death, for a

missing cat—and a reminder that love, even when it goes astray, does not stay lost forever.

Blasphemy Vintage
One of the great masterpieces of modern Latin American fiction, *Terra Nostra* is concerned with nothing less than the history of Spain and of South America, with the Indian Gods and with Christianity, with the birth, the passion, and the death of civilizations.

Fuentes skillfully blends a wide range of literary forms, stories within stories, Mexican and Spanish myth, and famous literary characters in this novel that is both a historical epic and an apocalyptic vision of modern times. *Terra Nostra* is that most ambitious and rare of creations—a total work of art.

Christopher Unborn

University of Texas Press
In *The Old Gringo*, Carlos Fuentes brings the Mexico of 1916 uncannily to life. This novel is wise book, full of toughness and humanity and is without question one of the finest works of modern Latin American fiction. One of Fuentes's greatest works, the novel tells the story of Ambrose Bierce, the American writer, soldier, and journalist, and of his last mysterious days in Mexico living among Pancho Villa's soldiers, particularly his encounter with General Tomas Arroyo. In the end, the incompatibility of the two countries (or, paradoxically, their intimacy) claims both men, in a novel that is, most of all, about the tragic history of two cultures in conflict.

Terra Nostra Random House

Since its publication in 1962, Carlos Fuentes' novel, *Aura*, remains not merely an object of academic interest but a continuous source of controversy in Mexico. It was the explosive combination of sex and religion that incensed the Ministro de Hacienda,

Salvador Abascal, and linked *Aura* to the recent polemical Mexican film *El Crimen del Padre Amaro*. *Aura* is preoccupied with the place and persistence of the sacred in modern Mexico rather than simply the secret abuses of institutional Catholicism.

This critical edition of the work is accompanied by an introduction and notes on the text.
