Oak Publications  
The Sound of Pictures is an illuminating journey through the soundtracks of more than 400 films. How do filmmakers play with sound? And how does that affect the way we watch their movies? Whether pop or classical, sweeping or sparse, music plays a crucial role in our cinematic experience. Other sounds can be even more evocative: the sounds of nature, of cities and of voices. In The Sound of Pictures, Andrew Ford listens to the movies. He speaks to acclaimed directors and composers, discovering radically different views about how much music to use and when. And he explores some of

cinema's most curious sonic moments. How did Alfred Hitchcock use music to plant clues in his films? Why do some ?mix-tape? soundtracks work brilliantly and others fall flat? How do classics from A Clockwork Orange to The Godfather, Cinema Paradiso to High Noon, use music and sound effects to enhance what we see on screen? Whether you're a film-buff or a music lover, The Sound of Pictures will enrich your experience of the movies.

For voice, piano and guitar. Contains sheet music and lyrics for popular songs from musicals of the mid-twentieth century, including "Hello, Dolly!," "Sunrise, Sunset," and "Diamonds Are a Girls Best Friend." *The Farang, the Gora, and the Gwai Lo* Hachette+ORM

Born Vito Farinola in Bensonhurst, Brooklyn in 1928, Vic worked as an usher at the fabled Paramount Theatre before realizing a dream by shooting to the top of the Billboard Chart in 1947 with his first hit "I Have But One Heart." He was mentored by everyone from Perry Como to Tommy Dorsey. Frank Sinatra praised his voice and became a friend for life, giving him advice on singing and women. Damone had one of the most successful careers ever had by an American pop singer and one of the most glamorous and exciting lives of any guy who lived while the Ratpack reigned. • He was almost thrown out of the window of a New York City hotel by a mobster. • He dated Ava Gardner, who got him drunk for the first time. • He married glamorous Italian actress Ana Maria Pierangeli and later, Diahann Carroll. • He appeared at the Sands Hotel during the glory days of Vegas and once took a nude chorus girl into the steam room where the Ratpack was relaxing. In *Singing Was the Easy Part*, he talks frankly about his bankruptcy, his many marriages and his belief in God. It's a warm, funny, and inspiring memoir from one of America's greatest pop singers.

"A warm and expansive portrait of a woman's mind that feels at once singular and universal," this collection of essays interweaves commentary on modern life, feminism, art, and sex with the author's own experiences of obsession, heartbreak, and vulnerability (BuzzFeed). Like a song that feels written just for you, Larissa Pham's debut work of nonfiction captures the imagination and refuses to let go. Pop Song is a book about love and about falling in love—with a place, or a painting, or a person—and the joy and terror inherent in the experience of that love. Plumbing the well of culture for clues and patterns about love and loss—from Agnes Martin's abstract paintings to James Turrell's transcendent light works, and Anne Carson's *Eros the Bittersweet* to Frank Ocean's *Blonde*—Pham writes of her youthful attempts to find meaning in travel, sex, drugs, and art, before sensing that she might need to turn her gaze upon herself. Pop Song is also a book about distances, near and far. As she travels

from Taos, New Mexico, to Shanghai, China and beyond, Pham meditates on the miles we are willing to cover to get away from ourselves, or those who hurt us, and the impossible gaps that can exist between two people sharing a bed. Pop Song is a book about all the routes by which we might escape our own needs before finally finding a way home. There is heartache in these pages, but Pham's electric ways of seeing create a perfectly fractured portrait of modern intimacy that is triumphant in both its vulnerability and restlessness. "Each of the essays in this debut collection reads like a mini-memoir . . . in which the author reflects on her experiences of young love, trauma, and transcendence through discussions of art and music . . . with an intimacy that is at once tender and expansive." —New York magazine
