LAUREN ROLAND

More Than a Game MICHIE

Bernadette and Norman Smith have just celebrated their fiftieth wedding anniversary. After all these years, they are still romantic and in love. They have four children who all have children of their own. The children live in nearby Los Angeles not far from the retirement park where Bernadette and Norman are living. Of all the grandchildren she has, Bernadette has a favorite, Eddie. She and Eddie, who is a teenager when the book begins, have many interests in common. They love books, history and language. And Eddie likes to help Bernadette do small things like show her how to use an iPod. When setting up her computer he scatters his back pack belongings all over the sofa in the study. He hurriedly grabs them up when his dad says it is time to go. Bernadette thinks that the study could use a little change of décor. As she slides the sofa away from the wall she discovers a book wedged in between the wall and the sofa. The book is *Infinite Jest* by David Foster Wallace. On the inside cover someone has written "Eddie's Bible". Bernadette believes that Eddie has left her this treasure -- a modern translation of the Bible specifically for young people. And she begins to read it. She doesn't tell anyone about the book, but it starts to influence her decisions and beliefs. As she is beginning her senescence, her mind is aging, too, and logic is fleeing. She, in fact, is showing senility. How will the book influence her decisions about

her children and grandchildren? How will it change how she copes and how she feels as old age begins to take its toll on both she and Norman. When their children have problems in their marriages and her grandchildren become unapproachable and her husband's health as well as her own begins to fail, how will "Eddie's Bible" help her, or will it at all? There are no quotes or references to Wallace's book in this novel. The novel is not based on any of his work or on any work about him. And could there be a more odd selection of novels to even refer to in this more delicate story? Perhaps you will find out why I chose that book as you read.

Life is the Darkness is a book of short stories, and a few pieces of poetry. I break the fourth wall, and all but a few are macabre, some are humorous and all are pieces of realism/surrealism. Some content can be confronting. It ranges from the innocuous, through to the inevitability of a barren earth, should humans continue to abuse her. There are so many things available to us, other than the manufacturing materials we currently use, to save our planet, while we still maintain a continued enjoyment, doing the things, we have become

accustomed to. I'd like to leave my grandchildren a better world than the one we're leaving for our children today.

All I ever wanted was to be a female fighter. It was in my blood to smack people around. Some girls wore pink dresses and makeup, I wore sneakers and bruises. I was a loner, stuck to myself because I was different, until Camden Steel moved next door. I punched him in the mouth, and he saw me through rose colored glasses from that day on. I had everything I ever wanted. The boy next door, inspiring career... until I didn't. He hates me. I deserve that. They say you have to fight for what you want... What they don't tell you... is it'll cost you more than you're willing to give to reach the top.

 It goes without saying that speaking skill is necessary for everyone who wants to learn second / foreign languages.

Feelings of anxiety and nervousness are common among second/foreign language learners. Different learners with different level of anxiety use different strategies while speaking a foreign language, use of modern communicative language teaching approaches in the English language classrooms have increased the demand to learn good communication skills but existence of such feelings in the learners may prevent them from achieving the desired goal. Some speak in front of others without any anxiety, but some delay this activity until learn enough knowledge, and some delay it forever and never speak a foreign language. The aim of present study is to investigate the

relationship between anxiety and English speaking skill among Iranian EFL learners.

Srimad Bhagavadgita (A Vedanta Text) Upanisads are called Vedanta and the synthesis of its concepts is discussed in 'Brahma Sutra' by the great sage Vedvyas. The knowledge of the fundamental entities, as is propounded in the Upanisads, related to the Absolute (Brahma, Pure Self) is included in Srimad Bhagavadgita (Gita), the dialogue between Lord Srikrna and the mighty-armed Arjuna. That is why the Gita Text is also called a Vedanta Text. Although from the beginning to the end in the text the Blessed Lord Srikrna has given the sermons of carrying out one's duty inspired by one's own inborn nature, but to understand the entire teachings of the Lord the study of the complete text is

essential. This is a unique text of metaphysics (the science of reality) and ethics (the art of union with the reality) by which, following the scriptural method of listening, analytical reasoning and firm meditation, a person gets spiritual happiness. Many enlightened sages and learned authors have written commentaries on Gita which are very valuable from the point of view of Religion and Philosophy. In the present text, taking help of the few of these, effort is being made to present the subject matter in a different form. Based on personal experience the following five points are taken into consideration. First, a suitable title is given to each Sloka (verse) so that essentials of the subject matter are known in a short time from the contents of the text. Second, looking to the need of a large number of devotees who have no in-depth knowledge of Sanskrit and its pronunciation, each Sloka is also given in the roman script. Third, the meaning of each Sanskrit word is explained in Hindi in such a way that entire meaning of the Sloka is easily understood and remembered. Fourth, keeping in view the pattern of present education and interest of young students, the meaning of each Sloka is also given in English along with Hindi. Fifth and the last point is about the short explanation of each Sloka. The thoughts of any one tradition in vogue are not fully incorporated but partly taken into consideration, which are essential to understand the in-depth meaning of the teachings and the rest is left to learned reader for his/her interpretations. It is advised to study the known standard texts for detailed explanations.
