Magical Girl Spec-Ops Asuka Vol. 1 Seven Seas Entertainment
Three years ago, alien invaders ravaged the Earth—until they were defeated by a group of young women blessed with powers from a mysterious source. The girls went back to their normal lives after vanquishing the ghastly monsters, but that time of peace is about to end. The same malevolent creatures have resurfaced, which means it's time for the Magical Girl Special Ops force to head back to the battlefield and defend mankind!

SPEC OPS

St. Martin's Press

Vice Adm. William H. McRaven helped to devise the strategy for how to bring down Osama bin Laden, and commanded the courageous U.S. military unit that carried it out on May 1, 2011, ending one of the greatest manhunts in history. In *Spec Ops*, a well-organized and deeply researched study, McRaven analyzes eight classic special operations. Six are from WWII: the German commando raid on the Belgian fort Eben Emael (1940); the Italian torpedo attack on the Alexandria harbor (1941); the British commando raid on Nazaire, France (1942); the German glider

rescue of Benito Mussolini (1943); the British midget-submarine attack on the Tirpitz (1943); and the U.S. Ranger rescue mission at the Cabanatuan POW camp in the Philippines (1945). The two post-WWII examples are the U.S. Army raid on the Son Tay POW camp in North Vietnam (1970) and the Israeli rescue of the skyjacked hostages in Entebbe, Uganda (1976). McRaven—who commands a U.S. Navy SEAL team—pinpoints six essential principles of “spec ops” success: simplicity, security, repetition, surprise, speed and purpose. For each of the case studies, he provides political and military context, a meticulous reconstruction of the mission itself and an analysis of the operation in relation to his six principles. McRaven deems the Son

Tay raid “the best modern example of a successful spec op [which] should be considered textbook material for future missions.” His own book is an instructive textbook that will be closely studied by students of the military arts. Maps, photos.

SECRETS OF SPECIAL OPS LEADERSHIP

Spec Ops

Second in the “series with plenty of heart” from the bestselling author of “compelling military science fiction thrillers” (AllReaders.com). The Spec Ops Squad is a team of elite soldiers from every alien race in the Alliance of Light. They’re supposed to be the best of the best, handling all the toughest missions—but these elite soldiers don’t have a whole lot in common. It’s fallen to Sgt. Bart “Dragon” Dark to forge them into a seamless fighting machine. It hasn’t been easy, but they’ve accomplished some big things: they scored a major victory over the Ilion Federation, and importantly, they proved that they can function as a team. Now the First Combined Regiment are back on Earth, recovering from their first mission together, trying to unlearn some of the bad habits they picked up. But before they get much down time, they’ve got to go on the offensive: they’re going deep into enemy territory to take and hold the key world of Olviat. If they fail in this Deep Strike, it’s not just this mission that falls apart—it could be the entire Alliance. “A good, fast read for those who are into military science fiction.” —Rambles Praise for Rick Shelley “Rick Shelley was a soldier at heart, and his books were written from the heart. They carry the real feel of the sweat, blood, and camaraderie of those on the front lines.” —Jack Campbell, New York Times–bestselling author

Magical Girl Spec-Ops Asuka Vol. 4 Hatherleigh Press

Tamara has been rescued, but in order to free her from the Russian Army's indoctrination, her teammates must torture her. Meanwhile, the U.N. calls an emergency meeting of the Security Council, gathering Magical Girls from all over the world, including Asuka's Five. Behind the scenes, the wicked hand of the Babel Brigade creeps ever closer!

Deep Strike Seven Seas Entertainment

"An award-winning videogame writer offers a rare behind-the-scenes look inside the gaming industry, and expands on how games are transformed from mere toys into meaningful, artistic experiences"--

Magical Girl Spec-Ops Asuka Vol. 6 Penguin

An acclaimed military expert describes the evolution of the military's special ops division through studying the elite group in Afghanistan with unprecedented access to mountain compounds, secret missions, troops and commanders.

DEEP STRIKE

Seven Seas Entertainment

The Navy SEALs. The Green Berets. Delta Force. These are just a few examples of what are known as ""special ops"" -- unique fighting forces trained to beat overwhelming odds on every mission. Using principles like speed, purpose, repetition, surprise, and simplicity, elite units such as these have throughout history accomplished extremely challenging tasks against vastly superior forces. When something seemingly impossible must be achieved, special ops forces are the ones called upon for a miracle. Just as special ops are needed for critical tasks in battle, ultra-high achievers are needed for special circumstances in business: situations where time is important, when resources are low or insufficient, where you are challenging conventional wisdom or established competitors, or where crisis is imminent. But can commando techniques really work in business? If you can inspire and lead your employees to work at peak performance, they will accomplish dramatic, almost fantastic feats for you -- just as fighting commandos do in battle situations. *Secrets of Special Ops Leadership* reveals the essential methods commando leaders employ, using dramatic real-life stories of commando leadership from biblical times all the way up through Iraq and Afghanistan in 2005, and showing how similar techniques are used by present-day business leaders such as Steve Jobs, Mary Kay Ash, Robert Townsend, and others. You'll learn the fourteen core practices of special ops leadership, including how to: * Create the Best If you think you can just call some of your regular employees together and give them a pep talk and an impossible task to do, you're wrong. Business commandos aren't born. They must be created. Your first task as a special ops business leader is to recruit, select, train, and motivate the right people. * Build a Commando Team Using models such as Carlson's Raiders, who fought for the U.S. Marines during World War II, the book explains how to work with different personalities, agendas, priorities, and motivations to create a team that works efficiently and effectively to get the job

done. * Dare the Impossible Like the Sayeret Mat'kal, the Israeli Special Ops unit that staged the miraculous raid on Entebbe to free hostages on an Air France plane hijacked by terrorists in 1976, successful business ops must aggressively seek out opportunities and know when to transcend conventional thinking to stage an assault and take action. When they've got the right problems to work on, business commandos can do many times the work of normal employees, accomplish more with less, complete projects against looming deadlines, and create innovative new products and strategies. *Secrets of Special Ops Leadership* gives you the ammunition you need to get a business commando unit up and running and achieve the impossible for your organization.

SPEC OPS Z

Lulu.com

An inside look at seven of the most harrowing and significant Special Operations missions ever. Courage beyond reason. Loyalty beyond faith. Perseverance in the face of overwhelming adversity. These are just some of the qualities of the members of the U.S. Special Operation Forces. *BEYOND HELL AND BACK* details the seven defining Special Ops missions that have made the Special Operation Forces the best fighting unit in the world, including: *THE RESCUE OF BAT-21: The largest and longest Combat Search and Rescue mission in the Vietnam War lasted 17 days and cost the lives of 13 Americans—all to rescue one man and the invaluable knowledge he alone possessed. * TASK FORCE NORMANDY: Planned in secrecy and executed with flawless efficiency, Task Force Normandy was an Army/Air Force Special Operations joint op that fired the opening shots behind enemy lines in Operation Desert Storm. *OPERATION EAGLE CLAW: The devastating Special Forces operation mounted to retrieve 52 American hostages in Iran resulted in the deaths of eight members of the rescue team. This failure ultimately led to the creation of Special Operations Command. *BASHER 52: Captain Scott O'Grady was shot down over the "no fly" zone above Bosnia, and his daring rescue was one of the Marine Corps' finest operations ever. These are a few of the dramatic true tales that represent the defining moments that helped shape the operational methods, planning, and deployment for all future Special Ops missions. *BEYOND HELL AND BACK* is the greatest

collection of Spec Ops missions ever assembled.

Tactical Strength Abaddon

A top-secret summit between the nations of Earth and their otherworldly counterparts draws near—and it's Asuka and her fellow magical girls that will need to keep it safe. A shadowy organization moves behind the scenes, plotting slaughter and catastrophe. The sinister Giess has trained a murderous magical girl of his own, and with a small army of monsters on his side, it'll take everything Asuka and the special forces have to hold him off. The time has come for Asuka and her old comrades to join forces once again in deadly combat!

Mgmt Assn

The nefarious Babel Brigade, backed by otherworldly power, has launched a full-scale assault against a military base. Their target? A vital emissary from the spirit world. American soldiers, Japanese special forces, and even an international team of Magical Girls might not be enough to hold them off. It's a no-holds-barred face-off between Asuka and the Brigade's elite: a battle royale of guns and knives and spells!

Magical Girl Spec-Ops Asuka Vol. 2 Sybex

A handsome new re-issue of a high-octane military-SF, as Russian Spetsnaz commandos are turned into zombies in '80s New York. “An exceptional talent” - Peter F Hamilton When Vadim Scorslenki and his elite Spetsnaz squad are sent to New York at the height of the Cold War, they're told it's a ‘training exercise.’ They discover, too late, that the ‘practice’ chemical weapon they're carrying is all too real. They go to their deaths... ..and awaken to a city overwhelmed by the walking dead, even now spreading across the globe. Somehow holding onto their identities amid the mindless monsters, Scorslenki and his squad of zombie commandos set out to return to Russia. Someone's going to pay. High octane SF adventure with Smith's trademark twist” - Jamie Sawyer on *The Bastard Legion* “Pure, unapologetic, full-throttle, action packed awesomeness... Obviously, the author had too much fun.”- The Bookbeard on *Spec Ops Z*
