Those war-crazed fur-balls from the planet Kzin just won't give up, even though the canny pseudo-pacifists from Planet Earth cut through the Kzinti like a laser through catmeat (once the humans rediscovered old technologies and old instincts that never quite bred out). The ferocious Kzinti never seemed to be able to come up with a more complicated strategy than "Scream and Leap."

But after three hard-fought wars, a few of the powerful pussycats have learned from their foes. Now, they are ready, and all that stands between freedom and a feline-filled universe is the human race. Good luck, monkey-boys.  'Smart, witty and bursting with joie de vivre' WENDY HOLDEN
 Romantic comedy with a twist in its tail, perfect for fans of Sophie Kinsella, Lindsey Kelk and Louise Pentland. Jess, a 29-year-old Londoner with a Kate Beckett fringe and a tendency for dramatics, gets taken on a surprise trip by her long-term boyfriend, Pete, to attend her best friend's last-minute wedding in South Africa. Jess imagines sun, sand, wine and safaris. And returning to London with an ethically mined diamond on her left hand... But this holiday isn't set to be quite the fairy tale Jess has planned... Suddenly she finds her world tilting on its axis, and things are only set to get worse when Jess returns home... When the truth comes out, will it be... Make or Break? Catherine Bennetto is back with her trademark wit and an equally hilarious cast of characters who will have you rooting for them from the first page. [Robert Johnson for Ukulele \(Songbook\)](#) John Wiley & Sons
Formed in California's East Bay in 1987 by a 15-year-old guitar player named Billie Joe Armstrong and his bass-playing friend Mike Dirnt (later joined by drummer Tre Cool), Green Day has risen from the Bay Area's underground rock scene to become one of the world's most popular bands. Lauded for bringing punk rock to the masses, Green Day's remarkable

rise from teenage garage band to multi-platinum artists is documented here for the first time to coincide with the band's 25th anniversary. Author and frequent *Guitar World* contributor Alan di Perna, who has interviewed Green Day's three members several times, offers readers and fans a complete band history, from their formation and first gigs in Berkeley, California, and signing to the Lookout! label through their highs and lows, eight studio releases (including the opening salvo *39/Smooth*, the door-opening *Dookie*, the less well-received *Warning*, and more), the critically acclaimed Broadway show *American Idiot*, and their latest recording and film efforts. Di Perna's revealing text is accompanied by more than 300 visuals, including concert and candid off-stage photography, gig posters and handbills, 7-inch picture sleeves, rare vinyl, backstage passes, and more, all presented in a stunningly designed package.
