Ben Mears has returned to Jerusalem's Lot in hopes that exploring the history of the Marsten House, an old mansion long the subject of rumor and speculation, will help him cast out his personal devils and

provide inspiration for his new book. But when two young boys venture into the woods, and only one returns alive, Mears begins to realize that something sinister is at work—in fact, his hometown is under siege from forces of darkness far beyond his imagination. And only he, with a small group of allies, can hope to contain the evil that is growing within the borders of this small New England town. With this, his second novel, Stephen King established himself as an indisputable master of American horror, able to transform the old conceits of the genre into something fresh and all the more frightening for taking place in a familiar, idyllic locale.

a misguided witchWho tried a man's fate to switchHer punishment setTo Ireland she must getBut better than feathers and pitch!With a name like Quinn Calahan I sounded as Irish as a leprechaun dancing a jig on a four leafed clover, but the truth was, I'd never been closer to the emerald isle than drinking green beer at the St Patrick's day street party in Boston until I messed up so badly I had to leave the US. I was offered a job in a tiny village in Ireland that no one's ever heard of. And I think that was the point in sending me there. How much trouble could a divorced, middle-aged witch get into in a village that boasted very few residents, one crumbling castle that attracted no tourists, and a post office that was only open Mondays and Thursdays? Indiana, 1818. Moonlight falls through the dense woods that surround a one-room cabin, where a nine-year-old Abraham Lincoln kneels at his suffering mother's bedside. She's been stricken with something the old-timers call "Milk Sickness." "My baby boy..." she whispers before dying. Only later will the grieving Abe learn that his mother's fatal affliction was actually the work of a vampire. When the truth becomes known to young Lincoln, he writes in his journal, "henceforth my life shall be one of rigorous study and devotion. I shall become a master of mind and body. And this mastery shall have but one purpose..." Gifted with his legendary height, strength, and skill with an ax, Abe sets out on a path of vengeance that will lead him all the way to the White House. While Abraham Lincoln is widely lauded for saving a Union and freeing millions of slaves, his valiant fight against the forces of the undead has

remained in the shadows for hundreds of years. That is, until Seth Grahame-Smith stumbled upon The Secret Journal of Abraham Lincoln, and became the first living person to lay eyes on it in more than 140 years. Using the journal as his guide and writing in the grand biographical style of Doris Kearns Goodwin and David McCullough, Seth has reconstructed the true life story of our greatest president for the first time—all while revealing the hidden history behind the Civil War and uncovering the role vampires played in the birth, growth, and near-death of our nation.

"Throughout the whole vast shadowy world of ghosts and demons there is no figure so terrible, no figure so dreaded and abhorred, yet [looked upon] with such fearful fascination, as the vampire, who is himself neither ghost nor demon, but yet who partakes the dark natures and possesses the mysterious and terrible qualities of both." So begins this riveting study by one of the foremost authorities on witchcraft and occult phenomena. An indefatigable researcher, Summers explores the presence of vampires in Greek and Roman lore, in England and Ireland during Anglo-Saxon times, in Hungary, Czechoslovakia, Russia, Romania, and Bulgaria, even in modern Greece. More than just a collection of library lore, however, this detailed examination of the history of vampirism in Europe also includes anecdotes and firsthand accounts gathered by the author from peasants in places where belief in vampires was still common. A fascinating, sometimes terrifying book, *The Vampire in Lore and Legend* is a "mine of out-of-the-way information full of unspeakable tales," writes *The New York Times*; and according to *Outlook*, "a fascinating inquiry into the vampire legend . . . a storehouse of curious and interesting lore." Of great interest to any enthusiast of the supernatural and the occult, this book will appeal as well to the legions of general readers captivated by this ancient myth.

Anne Rice, creator of the *Vampire Lestat*, the *Mayfair* witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded café, where David meets Pandora. She is two thousand years old, a Child of the Millennia, the first vampire ever made by the great Marius. David persuades her to tell the story of her life. Pandora begins, reluctantly at first and then with

increasing passion, to recount her mesmerizing tale, which takes us through the ages, from Imperial Rome to eighteenth-century France to twentieth-century Paris and New Orleans. She carries us back to her mortal girlhood in the world of Caesar Augustus, a world chronicled by Ovid and Petronius. This is where Pandora meets and falls in love with the handsome, charismatic, lighthearted, still-mortal Marius. This is the Rome she is forced to flee in fear of assassination by conspirators plotting to take over the city. And we follow her to the exotic port of Antioch, where she is destined to be reunited with Marius, now immortal and haunted by his vampire nature, who will bestow on her the Dark Gift as they set out on the fraught and fantastic adventure of their two turbulent centuries together. Look for Anne Rice's new book, *Prince Lestat and the Realms of Atlantis*, coming November 29, 2016.

With Pandora, Anne Rice began a magnificent new series of vampire novels. Now, in the second of her *New Tales of the Vampires*, she tells the mesmerizing story of Vittorio, a vampire in the Italian Age of Gold. Educated in the Florence of Cosimo de' Medici, trained in knighthood at his father's mountaintop castle, Vittorio inhabits a world of courtly splendor and country pleasures--a world suddenly threatened when his entire family is confronted by an unholy power. In the midst of this upheaval, Vittorio is seduced by the vampire Ursula, the most beautiful of his supernatural enemies. As he sets

out in pursuit of vengeance, entering the nightmarish Court of the Ruby Grail, increasingly more enchanted (and confused) by his love for the mysterious Ursula, he finds himself facing demonic adversaries, war and political intrigue. Against a backdrop of the wonders--both sacred and profane--and the beauty and ferocity of Renaissance Italy, Anne Rice creates a passionate and tragic legend of doomed young love and lost innocence.

Yet, as Philip Ball shows, we are still writing them—and still living them—today. From Robinson Crusoe and Frankenstein to Batman, many stories written in the past few centuries are commonly, perhaps glibly, called “modern myths.” But Ball argues that we should take that idea seriously. Our stories of Dracula, Dr. Jekyll and Mr. Hyde, and Sherlock Holmes are doing the kind of cultural work that the ancient myths once did. Through the medium of narratives that all of us know in their basic outline and which have no clear moral or

resolution, these modern myths explore some of our deepest fears, dreams, and anxieties. We keep returning to these tales, reinventing them endlessly for new uses. But what are they really about, and why do we need them? What myths are still taking shape today? And what makes a story become a modern myth? In *The Modern Myths*, Ball takes us on a wide-ranging tour of our collective imagination, asking what some of its most popular stories reveal about the nature of being human in the modern age.
