Simon & Schuster Books For Young Readers

This classic bestseller — the inspiration for the PBS series — is an "illuminating and even inspiring" portrait of medieval Spain that explores the golden age when Muslims, Jews, and Christians lived together in an atmosphere of tolerance (Los Angeles Times). This enthralling history, widely hailed as a revelation of a "lost" golden age, brings to vivid life the rich and thriving culture of medieval Spain, where for more than seven centuries Muslims, Jews, and Christians

lived together in an atmosphere of tolerance, and where literature, science, and the arts flourished. "It is no exaggeration to say that what we presumptuously call 'Western' culture is owed in large measure to the Andalusian enlightenment...This book partly restores a world we have lost." —Christopher Hitchens, *The Nation*

Winner of the National Book Award for Young People's Literature, the Michael L. Printz Award, and the Pura Belpré Award! Fans of Jacqueline Woodson, Meg Medina, and Jason Reynolds will fall hard for this astonishing New York Times-best-selling novel-in-verse by an award-winning slam poet, about an Afro-Latina heroine who tells her story with blazing words and powerful truth. Xiomara Batista feels unheard and unable to hide in her Harlem neighborhood. Ever since her body grew into curves, she has learned to let her fists and her fierceness do the talking. But Xiomara has plenty she wants to say, and she pours all her frustration and passion onto the pages of a leather notebook, reciting the words to herself like prayers—especially after she catches

feelings for a boy in her bio class named Aman, who her family can never know about. With Mami's determination to force her daughter to obey the laws of the church, Xiomara understands that her thoughts are best kept to herself. So when she is invited to join her school's slam poetry club, she doesn't know how she could ever attend without her mami finding out. But she still can't stop thinking about performing her poems. Because in the face of a world that may not want to hear her, Xiomara refuses to be silent. "Crackles with energy and snaps with authenticity and voice." —Justina Ireland, author of *Dread Nation* "An incredibly potent debut." —Jason Reynolds, author of the National Book Award Finalist *Ghost* "Acevedo has amplified the voices of girls en el barrio who are equal parts goddess, saint, warrior, and hero." —Ibi Zoboi, author of *American Street* This young adult novel, a selection of the Schomburg Center's Black Liberation Reading List, is an excellent choice for accelerated tween readers in grades 6 to 8. revelatory tale of science, adventure, and modern myth. When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. Moby-Duck is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, Moby-Duck is a compulsively readable narrative of whimsy and curiosity.

In the firmament of great historical novelists, Anne Perry is a star of the greatest magnitude. First there were her acclaimed Victorian mysteries, sparkling with passion and suspense. Now readers have embraced this bestselling new series of World War I novels—which juxtapose the tranquil life of the English countryside with the horrors of war. By April of 1915, as chaplain Joseph Reavley tends to the soldiers in his care, the nightmare of trench warfare is impartially cutting down England's youth. On one of his rescue forays into no-man's-land, Joseph finds the body of an arrogant war correspondent, Eldon Prentice. A nephew of the respected General Owen Cullingford, Prentice was despised for his prying attempts to elicit facts that would turn public opinion against the war. Most troublesome to Joseph, Prentice has been killed not by German fire but, apparently, by one of his own compatriots. What Englishman hated Prentice enough to kill him? Joseph is afraid he may know, and his sister, Judith, who is General Cullingford's driver and translator, harbors her own fearful suspicions. Meanwhile, Joseph and Judith's

brother, Matthew, an intelligence officer in London, continues his quiet search for the sinister figure they call the Peacemaker, who, like Eldon Prentice, is trying to undermine the public support for the struggle—and, as the Reavley family has good reason to believe, is in fact at the heart of a fantastic plot to reshape the entire world. An intimate of kings, the Peacemaker kills with impunity, and his dark shadow stretches from the peaceful country lanes of Cambridgeshire to the twin hells of Ypres and Gallipoli. In this mesmerizing series, Anne Perry has found a subject worthy of her gifts. Illuminating the murderous conflict whose violence still resounds in our consciousness—as well as the souls of men and women who lived it—*Shoulder the Sky* is a taut, inspiring masterpiece.

A gripping account of the environmental crusade to save the world's most endangered species and landscapes—the last best hope for preserving our natural home. Scientists worldwide are warning of the looming extinction of thousands of species, from tigers and polar bears to rare flowers, birds, and insects. If the

destruction continues, a third of all plants and animals could disappear by 2050—and with them earth's life-support ecosystems that provide our food, water, medicine, and natural defenses against climate change. Now Caroline Fraser offers the first definitive account of a visionary campaign to confront this crisis: rewilding. Breathtaking in scope and ambition, rewilding aims to save species by restoring habitats, reviving migration corridors, and brokering peace between people and predators. Traveling with wildlife biologists and conservationists, Fraser reports on the vast projects that are turning Europe's former Iron Curtain into a greenbelt, creating trans-frontier Peace Parks to renew elephant routes throughout Africa, and linking protected areas from the Yukon to Mexico and beyond. An inspiring story of scientific discovery and grassroots action, *Rewilding the World* offers hope for a richer, wilder future.

The eccentric Professor Challenger leads a scientific expedition deep into the Brazilian rain forest, joined by newspaper reporter Edward Malone, biologist Professor Summerlee, and adventurer Lord John Roxton. Eager to investigate Challenger's controversial claims that there are living dinosaurs in South America, the explorers soon discover the truth—and the danger—of this strange land for themselves. Trapped on an isolated and precipitous jungle plateau, they must survive prehistoric perils if they ever hope to return to the outside world. Written by Scottish author Sir Arthur Conan Doyle (of Sherlock Holmes fame), this tale is a prime example of the "lost world" subgenre of sci-fi/fantasy

adventure that was especially popular between the late nineteenth century and World War I. This is an unabridged version taken from the 1912 copyright edition.

The Story of the Lost Child is the long-awaited fourth volume in the Neapolitan novels (My Brilliant Friend, The Story of a New Name, Those Who Leave and Those Who Stay). The quartet traces the friendship between Elena and Lila, from their childhood in a poor neighbourhood in Naples, to their thirties, when both women are mothers but each has chosen a different path. Their lives are still inextricably linked, for better or worse, especially when it comes to the drama of a lost child. Elena Ferrante was born in Naples. She is the author of seven novels: The Days of Abandonment, Troubling Love, The Lost Daughter, and the quartet of Neapolitan novels: My Brilliant Friend, The Story of a New Name, Those Who Leave and Those Who Stay, and The Story of the Lost Child. Frantugmalia, a selection of interviews, letters and occasional writings by Ferrante, will be published in 2016. She is one of Italy's most acclaimed authors. Ann Goldstein has translated all of Elena Ferrante's work. She is an editor at the New Yorker and a recipient of the PEN Renato Poggioli Translation Prize. Praise for Ferrante and the Neapolitan novels '[Ferrante's] charting of the

rivalries and sheer inscrutability of female friendship is raw. This is high stakes, subversive literature.' Sunday Telegraph 'Ferrante is an expert above all at the rhythm of plotting...Whether it's work, family, friends or sex—and Ferrante, perhaps thanks to her anonymity as an author, is blisteringly good on bad sex—our greatest mistakes in life aren't isolated acts; we rehearse them over and over until we get them as badly wrong as we can.' Independent 'Great novels are intelligent far beyond the powers of any character or writer or individual reader, as are great friendships, in their way. These wonderful books sit at the heart of that mystery, with the warmth and power of both.' Harper's 'Elena Ferrante is one of the great novelists of our time. Her voice is passionate, her view sweeping and her gaze basilisk...In these bold, gorgeous, relentless novels, Ferrante traces the deep connections between the political and the domestic. This is a new version of the way we live now—one we need, one told brilliantly, by a woman.' New York Times Sunday Book Review 'When I read [the Neapolitan novels] I find that I never want to stop. I feel vexed by the obstacles—my

job, or acquaintances on the subway—that threaten to keep me apart from the books. I mourn separations (a year until the next one—how?). I am propelled by a ravenous will to keep going.' New Yorker 'The best thing I've read this year, far and away...She puts most other writing at the moment in the shade. She's marvellous.' Richard Flanagan 'The Neapolitan series stands as a testament to the ability of great literature to challenge, flummox, enrage and excite as it entertains.' Sydney Morning Herald 'The depth of perception Ms. Ferrante shows about her character's conflicts and psychological states is astonishing...Her novels ring so true and are written with such empathy that they sound confessional.' Wall Street Journal 'The older you get, the harder it is to recapture the intoxicating sense of discovery that comes when you first read George Eliot, Nabokov, Tolstoy or Colette. But this year it came again when I read Elena Ferrante's remarkable Neapolitan novels.' Jane Shilling, New Statesman 'There is nothing remotely tiring or trying about the experience of reading the Neapolitan novels, which I, and a great many others, now rank among our

greatest book-related pleasures...it is writing that holds honesty dear.' Weekend Australian 'Dickens gave working people a voice. Ferrante, whoever she might be, presents a new paradigm for being female in the world...Ferrante's great literary creations, Lenu and Lila, have the same emotional weight as Anne in Persuasion, Jo in Little Women, Maggie in The Mill on the Floss, Jane in Jane Eyre.' Helen Elliott in the Monthly 'This stunning conclusion further solidifies the Neapolitan novels as Ferrante's masterpiece and guarantees that this reclusive author will remain far from obscure for years to come.' Publishers Weekly 'The Neapolitan novels are smart, thoughtful, serious literature. At the same time, they are violent, suspenseful soap operas populated with a vivid cast of scheming characters...Ferrante's novels are deeply personal and intimate, getting to the very heart of what it means to be a woman, a friend, a daughter, a mother.' Debrief Daily 'Shattering and enthralling, intimate and vicious...The Neapolitan Novels are the kind of books that swallow me whole. As soon as I pick one up, I don't want to breathe or move lest I break the

spell...The Neapolitan Novels are among the most important in my reading life. I can't recommend them highly enough.' Readings 'Ferrante captures the complexities of women, friendship and motherhood in ways that make your heart soar and ache in equal measures. If you haven't already, treat yourself to this series.' ELLE Australia '[Ferrante's] Neapolitan novels contain real life - recognisable anxiety, joy, love and heartbreak. This is an incredibly difficult feat to achieve in the first place, let alone sustain, over four books. We will be talking about Elena and Lila for years to come.' Sydney Morning Herald 'There's a bright, sinewy humanness to Ferrante's writing that is so alive it's alarming...The Story of the Lost Child is a full emotional experience, and a fitting end to a huge, arresting series.' New Zealand Listener 'I was one of the many who wept and wondered over Elena Ferrante's The Story of the Lost Child. I plan to re-read the entire series soon.' Favourite Feminist Reads from 2016, Feminist Writers Festival **The Lost World** Oxford University Press A life on the prairie is not all its cracked up to be for one girl whose mom takes her

love of the Little House series just a bit too far. Charlotte's mom has just moved the family across the country to live in Walnut Grove, "childhood home of pioneer author Laura Ingalls Wilder." Mom's idea is that the spirit of Laura Ingalls will help her write a bestselling book. But Charlotte knows better: Walnut Grove is just another town where Mom can avoid responsibility. And this place is worse than everywhere else the family has lived—it's freezing in the winter, it's small with nothing to do, and the people talk about Laura Ingalls all the time. Charlotte's convinced her family will not be able to make a life on the prairie—until the spirit of Laura Ingalls starts getting to her, too.

A tender and compelling memoir of the author's grandparents, their literary salon, and a way of life that is no more. The House of Twenty Thousand Books is the story of Chimen Abramsky, an extraordinary polymath and bibliophile who amassed a vast collection of socialist literature and Jewish history. For more than fifty years Chimen and his wife, Miriam, hosted epic gatherings in their house of books that brought together many of the age's greatest thinkers. The atheist son of one of the century's most important rabbis, Chimen was born in 1916 near Minsk, spent his early teenage years in Moscow while his father served time in a Siberian labor camp for religious proselytizing, and then immigrated to London, where he discovered the writings of Karl Marx and became involved in left-wing politics. He briefly attended the newly established Hebrew University in Jerusalem, until World War II interrupted

his studies. Back in England, he married, and for many years he and Miriam ran a respected Jewish bookshop in London's East End. When the Nazis invaded Russia in June 1941, Chimen joined the Communist Party, becoming a leading figure in the party's National Jewish Committee. He remained a member until 1958, when, shockingly late in the day, he finally acknowledged the atrocities committed by Stalin. In middle age, Chimen reinvented himself once more, this time as a liberal thinker, humanist, professor, and manuscripts' expert for Sotheby's auction house. Journalist Sasha Abramsky re-creates here a lost world, bringing to life the people, the books, and the ideas that filled his grandparents' house, from gatherings that included Eric Hobsbawm and Isaiah Berlin to books with Marx's handwritten notes, William Morris manuscripts and woodcuts, an early sixteenth-century Bomberg Bible, and a first edition of Descartes's Meditations. The House of Twenty Thousand Books is a wondrous journey through our times, from the vanished worlds of Eastern European Jewry to the cacophonous politics of

modernity. The House of Twenty Thousand Books includes 43 photos.
