Word Nerds: Teaching All Students to Learn and Love ... Word Nerd by Susin Nielsen is a very cute book. It is about Ambrose, a boy whose father died while working on a construction site. Ambrose has gone through a lot with bullies at public school, so decides to be home schooled. The only people who can really be considered Ambrose's friends are his mom and the landlords (barely). Word Nerd by Susin Nielsen - Goodreads Word Nerd (Book) : Nielsen-Fernlund, Susin : When some bullies at his new school almost kill him by slipping a peanut into his sandwich, friendless nerd Ambrose, forced to be home-schooled by his overprotective mother, coerces his neighbor Cosmo into taking him to the West Side Scrabble Club, where people accept him for who he is. Word Nerd (Book) | Santa Clara County Library | BiblioCommons In many ways the book reminded me of Nick Hornsby's excellent novel About a Boy, in which the friendship

between a shallow womanizer and an awkward preteen boy with a difficult home life transforms them both.
