CIERRA CHEN

My Life Among the Serial Killers Simon and Schuster

This anthology of noir fiction set in São Paulo, Brazil, "might be the strongest entry yet in the long-running and globe-spanning Akashic Noir series" (San Francisco Book Review). Once known as the Land of Mist, São Paulo is now a dense, diverse, and globalized metropolis. It is the most populous city in the Americas, the Portuguese-speaking world, and the southern hemisphere—with some of the worst traffic on the planet. From its gleaming skyscrapers to its historic downtown and its rough, drug-infested outskirts, this unique anthology explores a truly unique city with "a timely feel, giving noir a host of feminine faces" (Kirkus). São Paulo Noir includes fourteen brand-new stories by Tony Bellotto, Olivia Maia, Marcelino Freire, Beatriz Bracher & Maria S. Carvalhosa, Fernando Bonassi, Marcelo Rubens Paiva, Marçal Aquino, Jô Soares, Mario Prata, Ferréz, Vanessa Barbara, Ilana Casoy, and Drauzio Varella.

Death in the City of Light Penguin

A comprehensive examination into the frightening true crime history of serial homicide—including information on America's most prolific serial killers such as: Ted Bundy • "Co-ed Killer" Ed Kemper • The BTK Killer • "Highway Stalker" Henry Lee Lucas • Monte Ralph Rissell • "Shoe Fetish Slayer" Jerry Brudos • "Night Stalker" Richard Ramirez • "Unabomber" Ted Kaczynski • Ed Gein "The Butcher of

Plainfield" • "Killer Clown" John Wayne Gacy • Andrew Cunanan • And more... In this unique book, Peter Vronsky documents the psychological, investigative, and cultural aspects of serial murder, beginning with its first recorded instance in Ancient Rome through fifteenth-century France on to such notorious contemporary cases as cannibal/necrophile Ed Kemper, the BTK killer, Henry Lee Lucas, Monte Ralph Rissell, Jerry Brudos, Richard Ramirez, "Unabomber" Ted Kaczynski, Ed Gein, John Wayne Gacy, Ted Bundy, and the emergence of what he classifies as the "serial rampage killer" such as Andrew Cunanan, who murdered fashion designer Gianni Versace. Vronsky not only offers sound theories on what makes a serial killer but also makes concrete suggestions on how to survive an encounter with one—from recognizing verbal warning signs to physical confrontational resistance. Exhaustively researched with transcripts of interviews with killers, and featuring up-to-date information on the apprehension and conviction of the Green River killer and the Beltway Snipers, Vronsky's one-of-a-kind book covers every conceivable aspect of an endlessly riveting true crime phenomenon. INCLUDES PHOTOGRAPHS

The Daughters of Juarez Abrams

This is no ordinary true crime book. If you think you've got the stomach for the most blood-curdling, sickening and downright strangest murders you will ever come across, then look no further than these pages. You have been warned...Take, for example, Enriqueta Marti who kidnapped

children from the streets of Barcelona, then boiled away their flesh and crushed their bones for ingredients for her coveted 'magic potions'. Or take Randy Kraft, known as The Scorecard Killer, a computer genius by day and a deranged psychopath by night. Finally arrested with a corpse slumped in the passenger seat of his car, it emerged that Kraft had spent over a decade cutting up and disposing of his numerous victims along the California highways. In this stomach-churning collection, all the stories have one thing in common - a unique bizarre twist. True crime writer James Marrison draws upon the material that has featured in the hugely successful column The Murder File in cult magazine Bizarre in order to disclose the kind of sickening deeds that are perpetrated more often than you might think, but which sometimes go largely unreported by the media. Welcome to The World's Most Bizarre Murders - the most shocking true crime book you will ever read.

Killer Book of Serial Killers Kings Road Publishing

Of the twenty-three Brazilian policemen interviewed in depth for this landmark study, fourteen were direct perpetrators of torture and murder during the three decades that included the 1964-1985 military regime. These "violence workers" and the other group of "atrocious facilitators" who had not, or claimed they had not, participated directly in the violence, help answer questions that haunt today's world: Why and how are ordinary men transformed into state torturers and murderers? How do atrocity perpetrators

explain and justify their violence? What is the impact of their murderous deeds—on them, on their victims, and on society? What memories of their atrocities do they admit and which become public history?

SERIAL KILLERS MADE IN BRAZIL

Arcturus Publishing

Fans of Mindhunter and true crime podcasts will devour these chilling stories of serial killers from the American "Golden Age" (1950-2000). With books like *Serial Killers*, *Female Serial Killers* and *Sons of Cain*, Peter Vronsky has established himself as the foremost expert on the history of serial killers. In this first definitive history of the "Golden Age" of American serial murder, when the number and body count of serial killers exploded, Vronsky tells the stories of the most unusual and prominent serial killings from the 1950s to the early twenty-first century. From Ted Bundy to the Golden State Killer, our fascination with these classic serial killers seems to grow by the day. *American Serial Killers* gives true crime junkies what they crave, with both perennial favorites (Ed Kemper, Jeffrey Dahmer) and lesser-known cases (Melvin Rees, Harvey Glatman).

SERIAL KILLERS

Skyhorse

As the number of serial killers worldwide has risen steadily - from the emergence of Jack the Ripper in 1888 to Harold Shipman and Ivan Milat, the backpacker killer of the Australian outback - the need to understand mass murder is becoming more urgent. Using privileged access to the world's first National Centre for the Analysis of Violent Crime, Colin Wilson and Donald Seaman bring you this incisive study of the psychology of serial killers and the motives behind their crimes. From childhood traumas to issues of frustration, fear and fantasy, discover what turns an ordinary human being into a compulsive killer.

[The Top Serial Killers of Our Time \(Volume 1\)](#) Catapult

This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of

aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.

Mommy No. 13 Sourcebooks, Inc.

The Terrifying Story of the Most Monstrous Serial Killers through History. Serial Killers are the most notorious and disturbing of all criminals, representing the very darkest side of humanity. Yet they endlessly fascinate and continue to capture the public's attention with their strange charisma and deadly deeds. From Jack the Ripper to Ted Bundy and the Moors Murderers Ian Brady and Myra Hindley, these killers transfix us with their ability to commit utterly savage acts of cruelty and depravity. Only with modern police detection methods and psychological profiling, have these figures that have existed throughout human history finally been identified in the deadliest category: serial killers. These methods, the killers' characters and their crimes are described here in fascinating and terrifyingly gripping detail. The whole history of serial killers is brought to life in 50 chapters, including: Herman Webster Mudgett, Devil in the White City John Christie, 10 Rillington Place murders Zodiac Killer Ian Brady and Myra Hindley, The Moors Murderers Ted Bundy Fred and Rosemary West Jeffrey Dahmer Aileen Wuornos Harold Shipman, Dr Death

No Country for Old Men Pinnacle Books

The scariest thing about serial killers is that they are actual people. Tiago Henrique Gomes da Rocha is among Brazil's most prolific serial killers. This is his story. Look at how far a human can go into the depth of heinous crimes. For Brazil, Tiago Henrique Gomes da Rocha is the monster in the deceptive mask, the handsome man with the suave persona that fooled so many. He is a good-looking young man, 6'4" with brown hair and brown eyes, who is considered a decent person by those who know him. Although he was a quiet child, and he kept to himself even in adulthood, he had all the physical qualities that women find attractive. Unfortunately, this fact undoubtedly helped him become the most murderous serial killer the city of Goiania, in Brazil, had ever known. As a security guard, he was a man trained and paid to protect people. Yet, by the time he was 29, Gomes da Rocha had murdered some 39 people and committed at least 90

armed robberies. His demeanor and lifestyle aroused no suspicions, and his nightmare rampage lasted four years before he was finally caught. His good looks and unassuming personality were not the only reason he got away with his crimes for so long. His murder victims were random; his modus operandi fluctuated between stabbing, shooting, and choking; and his favored outfit made identifying him difficult. Dressed all in black, wearing a black helmet and riding a black motorcycle with stolen license plates, he easily avoided identification, and he never hinted that he could possibly have a dark side to anyone who knew him. haunting true-life murder mystery about

one of the most monstrous crimes in

American history, from the author of *The*

Lost City of Z. In the 1920s, the richest

people per capita in the world were

members of the Osage Nation in

Oklahoma. After oil was discovered

beneath their land, the Osage rode in

chauffeured automobiles, built mansions,

and sent their children to study in Europe.

Then, one by one, the Osage began to be

killed off. The family of an Osage woman,

Mollie Burkhart, became a prime target.

One of her relatives was shot. Another was

poisoned. And it was just the beginning, as

more and more Osage were dying under

mysterious circumstances, and many of

those who dared to investigate the killings

were themselves murdered. As the death

toll rose, the newly created FBI took up the

case, and the young director, J. Edgar

Hoover, turned to a former Texas Ranger

named Tom White to try to unravel the

mystery. White put together an

undercover team, including a Native

American agent who infiltrated the region,

and together with the Osage began to

expose one of the most chilling

conspiracies in American history.

e reconstrução dos crimes, facilitando a

caça a esses assassinos. São Paulo Noir

BOOKER PRIZE NOMINEE • “A taut and darkly funny contemporary noir that moves at lightning speed, it’s the wittiest and most fun murder party you’ve ever been invited to.” —MARIE CLAIRE Korede’s sister Ayoola is many things: the favorite child, the beautiful one, possibly sociopathic. And now Ayoola’s third boyfriend in a row is dead, stabbed through the heart with Ayoola’s knife. Korede’s practicality is the sisters’ saving grace. She knows the best solutions for cleaning blood (bleach, bleach, and more bleach), the best way to move a body (wrap it in sheets like a mummy), and she keeps Ayoola from posting pictures to Instagram when she should be mourning her “missing” boyfriend. Not that she gets any credit. Korede has long been in love with a kind, handsome doctor at the hospital where she works. She dreams of the day when he will realize that she’s exactly what he needs. But when he asks Korede for Ayoola’s phone number, she must reckon with what her sister has become and how far she’s willing to go to protect her.

Natural Born Celebrities Anchor

The true story behind the ITV series, A Confession 'The gripping allure of long-form podcasts, such as Serial' Observer On the evening of Saturday, 19 March 2011, D.S. Stephen Fulcher receives a life-changing call that thrusts him into a race against the clock to save missing 22-year-old Sian O’Callaghan, who was last seen at a nightclub in Swindon. Steve knows from experience that he has a small window of time to find Sian alive, but his hopes are quickly dashed when his investigation leads him to Christopher Halliwell, a cabbie with sick obsessions. Following the investigation as it develops hour-by-hour, Steve’s gripping inside story of the cat-and-mouse situation that ensues shows how he hunted down Halliwell – his number-one suspect – which led him to the discovery of Sian’s body and another victim, Becky Godden-Edwards, who had been missing since 2002. The murders shocked the nation and Halliwell became one of the most hated men in Britain. Since then, he has been linked to several murders and disappearances, and has been called 'sick in the head' by an ex-cellmate for his unrelenting hatred of women. Catching a Serial Killer is a thrilling, devastating and absorbing look at a real-life murder case and potentially one of the UK’s most prolific serial killers.

The Serial Killer Whisperer Createspace Independent Pub

The gripping, true story of a brutal serial killer who unleashed his own reign of terror in Nazi-Occupied Paris. As

decapitated heads and dismembered body parts surfaced in the Seine, Commissaire Georges-Victor Massu, head of the Brigade Criminelle, was tasked with tracking down the elusive murderer in a twilight world of Gestapo, gangsters, resistance fighters, pimps, prostitutes, spies, and other shadowy figures of the Parisian underworld. But while trying to solve the many mysteries of the case, Massu would unravel a plot of unspeakable deviousness. The main suspect, Dr. Marcel Petiot, was a handsome, charming physician with remarkable charisma. He was the “People’s Doctor,” known for his many acts of kindness and generosity, not least in providing free medical care for the poor. Petiot, however, would soon be charged with twenty-seven murders, though authorities suspected the total was considerably higher, perhaps even as many as 150. Petiot’s trial quickly became a circus. Attempting to try all twenty-seven cases at once, the prosecution stumbled in its marathon cross-examinations, and Petiot, enjoying the spotlight, responded with astonishing ease. Soon, despite a team of prosecuting attorneys, dozens of witnesses, and over one ton of evidence, Petiot’s brilliance and wit threatened to win the day. Drawing extensively on many new sources, including the massive, classified French police file on Dr. Petiot, *Death in the City of Light* is a brilliant evocation of Nazi-Occupied Paris and a harrowing exploration of murder, betrayal, and evil of staggering proportions.

Dexter in the Dark Vintage Crime/Black Lizard

An explosive and historic book of true crime and an emotionally powerful and revelatory memoir of a man whose ten-year search for his biological father leads to a chilling discovery: His father is one of the most notorious-and still at large-serial killers.

Serial killers made in Brazil

The Most Dangerous Animal of All Univ of California Press

100 American Crime Writers features discussion and analysis of the lives of crime writers and their key works, examining the developments in American crime writing from the Golden Age to hardboiled detective fiction. This study is essential to scholars and an ideal introduction to crime fiction for anyone who enjoys this fascinating genre.

Troubled Blood J.D. Rockefeller

In the epic fifth installment in this “compulsively readable” (People) series, Galbraith’s “irresistible hero and heroine”

(USA Today) take on the decades-old cold case of a missing doctor, one which may be their grisliest yet. Private Detective Cormoran Strike is visiting his family in Cornwall when he is approached by a woman asking for help finding her mother, Margot Bamborough—who went missing in mysterious circumstances in 1974. Strike has never tackled a cold case before, let alone one forty years old. But despite the slim chance of success, he is intrigued and takes it on; adding to the long list of cases that he and his partner in the agency, Robin Ellacott, are currently working on. And Robin herself is also juggling a messy divorce and unwanted male attention, as well as battling her own feelings about Strike. As Strike and Robin investigate Margot’s disappearance, they come up against a fiendishly complex case with leads that include tarot cards, a psychopathic serial killer and witnesses who cannot all be trusted. And they learn that even cases decades old can prove to be deadly . . .

The World's Most Bizarre Murders

Quercus Publishing

The FBI estimate that there are between 25 and 50 serial killers at large in the USA at any given time. But the truth is few people kill. We occasionally say we could kill someone, but that is usually hyperbole. Most of us can imagine what it might be like to be driven to a senseless act of violence in an unendurable situation. To kill once is one thing; to kill over and over again is quite another. What drives these people who kill and kill again? Are they evil or are they mad? Serial killing is a worldwide phenomenon and no two killers are alike. Each one comes with a grisly though compelling tale that takes the reader to the darkest reaches of the human psyche.

American Serial Killers Avon

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell.

There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

Magnetized University of Chicago Press Jeffrey Dahmer. Ted Bundy. John Wayne Gacy. Over the past thirty years, serial killers have become iconic figures in America, the subject of made-for-TV movies and mass-market paperbacks alike. But why do we find such luridly

transgressive and horrific individuals so fascinating? What compels us to look more closely at these figures when we really want to look away? Natural Born Celebrities considers how serial killers have become lionized in American culture and explores the consequences of their fame. David Schmid provides a historical account of how serial killers became famous and how that fame has been used in popular media and the corridors of the FBI alike. Ranging from H. H. Holmes, whose killing spree during the 1893 Chicago World's Fair inspired The Devil in the White City, right up to Aileen Wuornos, the lesbian prostitute whose vicious murder of seven men would serve as the basis for the hit film Monster, Schmid unveils a new understanding of serial killers by emphasizing both the social

dimensions of their crimes and their susceptibility to multiple interpretations and uses. He also explores why serial killers have become endemic in popular culture, from their depiction in The Silence of the Lambs and The X-Files to their becoming the stuff of trading cards and even Web sites where you can buy their hair and nail clippings. Bringing his fascinating history right up to the present, Schmid ultimately argues that America needs the perversely familiar figure of the serial killer now more than ever to manage the fear posed by Osama bin Laden since September 11. "This is a persuasively argued, meticulously researched, and compelling examination of the media phenomenon of the 'celebrity criminal' in American culture. It is highly readable as well."—Joyce Carol Oates
