*The Argosy* CreateSpace

When he first met her, he had scoffed at her. Savage and unfeminine, it didn't match her somewhat fresh appearance at all! He was the president, and a small assistant in the design department dared to offend her. He challenged her to take first place or to scram! When he saw her on the podium, he suddenly felt that she was so bright and dazzling. He wanted to pursue her, but was pushed away by her: Lustful man, scram. Don't forget, I'm your fiancée's assistant.

*Is it nothing to you? Social purity, a grave moral question* Nicholas Mag

The Miracle! In this book Nicholas presents you a practical, unique, subliminal, very simple, detailed method of how to Reduce Sugar and Kill Fat. You will feel the effects immediately and the results will appear very quickly! So it was in my case. You will not achieve fulfillment and happiness until YOU become the architect of your own reality. Imagine that with a few moments each day, you could begin the powerful transformation toward complete control of your own life and well being through this unique, subliminal method combined with positive affirmations. The order of words is extremely important for every book written by Nicholas. These are arranged to be traversed in a certain way so as to eliminate certain blockages in the human being, blockages that are bringing disease or failure on various plans. You don't need a big chunk of your time or expensive programs. Everything is extremely simple! Health, money, prosperity, abundance, safety, stability, sociability, charisma, sexual vitality, erotic attraction, will, optimism, perseverance, self-confidence, tenacity, courage, love, loving relationships, self-control, self-esteem, enthusiasm, refinement, intuition, detachment, intelligence, mental calm, power of concentration, exceptional memory, aspiration, transcendence, wisdom, compassion. You have the ability to unlock your full inner-potential and achieve your ultimate goals. This is the age-old secret of the financial elite, world class scholars, and Olympic champions. For example, when you watch the Olympics, you'll find one consistency in all of the champions. Each one closes their eyes for a moment and clearly affirms & visualizes themselves completing the event flawlessly just before starting. Then they win gold medals and become champions. That's merely one example of how the real power of mind can elevate you above any of life's challenges. By reading this book, you will feel totally that life deserves to be lived and enjoyed every moment and that everything that you propose for yourself becomes easy for you to fulfill. Nicholas will guide you to touch your longed-for dream and will make you see life from a new perspective, full of freshness and success. This book helps you step by step, in a natural way, in just 3 minutes a day, to change your misguided way of thinking and to Reduce Sugar and Kill Fat. (NOTE: For good, Nicholas keep the price of the book as lower as he can, even if it is a hard work behind this project. A significant portion of the earnings from the sale of the book are used for these purposes: for charity, volunteer projects, nature restoration, and other inspired ideas to do good where it is needed. If you can not afford to buy the book please contact Nicholas and he will give you a free copy.) *The Knapsack* London, Macmillan and Company

This volume comprises essays in lexicography, lexicology and semantics by leading international experts in these fields. The contributions cover Old, Middle and Present-Day English and Scots, and specific subjects include medical vocabulary, colour lexemes, and semantic and pragmatic meaning in terms for politeness, money and humour. In the area of Old English studies there are articles on kinship terminology and colour lexemes, and in Middle English a semantic and syntactic study of the overlapping of the verbs *dreden* and *douten*. Many of the essays make use of the Historical Thesaurus of English project at the University of Glasgow, and pay tribute to its Director, Professor Christian Kay; e.g., one article demonstrates how the HTE, a project which is at the interface between historical semantics and lexicography, may present a rich resource for information about the lexicalization of concepts within our culture, such as changing social attitudes in the area of will, consent and coercion. Other resources, such as The Linguistic Atlas of Early Middle English, and the Oxford English Dictionary provide a rich source for information on historical lexicography, semantics and editing. A number of essays concern the Scots language, such as an analysis of evaluative terms in modern Scots speech and writing, the rich potential of rhyme in Scots, and the role of lexicon in the fronting in Glaswegian.

*The People's Bible* A New and Complete Concordance Or Verbal Index to Words, Phrases, & Passages in the Dramatic Works of Shakespeare With a Supplementary Concordance to the Poems Modest Words

This book was made to share with others who maybe able to relate to it. I have been writing for most of my life and decided that I should collect some of my favorites and publish them. The one thing that motivated me most to put my words to print was my daughter. The event of losing her to AIDS inspired a few of the more potent poems in this book. I hope some of these words let others know they are not alone in many struggles throughout life. My goal is to offer my heart to others through my words. In doing so I intend to donate an amount of this book's earnings to the American AIDS Institute. I believe there is a cure to this awful disease and no one should have to lose a child from it. I appreciate anyone who has taken the time to read this book and I hope that in some way my words have inspired you.
