#1 New York Times
Bestseller Over 1 million
copies sold In this
generation-defining self-
help guide, a superstar
blogger cuts through the
crap to show us how to
stop trying to be
"positive" all the time so

that we can truly become
better, happier people.

For decades, we've been
told that positive thinking
is the key to a happy, rich
life. "F**k positivity," Mark

Manson says. "Let's be
honest, shit is f**ked and
we have to live with it." In
his wildly popular Internet
blog, Manson doesn't
sugarcoat or equivocate.

He tells it like it is—a dose
of raw, refreshing, honest
truth that is sorely lacking
today. The Subtle Art of
Not Giving a F**k is his
antidote to the coddling,
let's-all-feel-good mindset
that has infected

American society and
spoiled a generation,
rewarding them with gold
medals just for showing
up. Manson makes the
argument, backed both by
academic research and
well-timed poop jokes,
that improving our lives
hinges not on our ability
to turn lemons into
lemonade, but on learning
to stomach lemons better.
Human beings are flawed
and limited—"not
everybody can be
extraordinary, there are

winners and losers in
society, and some of it is
not fair or your fault."

Manson advises us to get
to know our limitations
and accept them. Once
we embrace our fears,
faults, and uncertainties,
once we stop running and
avoiding and start
confronting painful truths,
we can begin to find the
courage, perseverance,
honesty, responsibility,
curiosity, and forgiveness
we seek. There are only
so many things we can
give a f**k about so we
need to figure out which
ones really matter,
Manson makes clear.

While money is nice,
caring about what you do
with your life is better,
because true wealth is
about experience. A
much-needed grab-you-
by-the-shoulders-and-
look-you-in-the-eye
moment of real-talk, filled
with entertaining stories
and profane, ruthless
humor, *The Subtle Art of
Not Giving a F**k* is a
refreshing slap for a
generation to help them
lead contented, grounded

lives.

Apatosaurus Would NOT Make a Good Spy

When Reynold Levy became the new president of Lincoln Center in 2002, New York Magazine described the situation he walked in to as "a community in deep distress, riven by conflict." Ideas for the redevelopment of Lincoln Center's artistic facilities and public spaces required spending more than 1.2 billion, but there was no clear pathway for how to raise that kind of unprecedented sum. The individual resident organizations that were the key constituents of Lincoln Center -- the Metropolitan Opera, the New York City Opera, the New York Philharmonic, the Juilliard School, and eight others -- could not agree on a common capital plan or fundraising course of action. Instead, intramural rivalries and disputes filled the vacuum. Besides, some of those organizations had daunting problems of their own. Levy tells the inside story of the demise of the New York City Opera, the Metropolitan Opera's need to use as collateral its iconic Chagall tapestries in the face of mounting

operating losses, and the New York Philharmonic's dalliance with Carnegie Hall. Yet despite these and other challenges, Levy and the extraordinary civic leaders at his side were able to shape a consensus for the physical modernization of the sixteen-acre campus and raise the money necessary to maintain Lincoln Center as the country's most vibrant performing arts destination. By the time he left, Lincoln Center had prepared itself fully for the next generation of artists and audiences. *They Told Me Not to Take That Job* is more than a memoir of life at the heart of one of the world's most prominent cultural institutions. It is also a case study of leadership and management in action. How Levy and his colleagues triumphantly steered Lincoln Center -- through perhaps the most tumultuous decade of its history to a startling transformation -- is fully captured in his riveting account.

Part memoir, part primer, part cautionary tale, this book takes the reader along on a filmmaker's

12-year journey through Hollywood Hell, culminating in the movie *Angels In Stardust* (2016), starring Alicia Silverstone, AJ Michalka and Billy Burke. Describing meetings with producers, agents, managers, hustlers, wannabes and famous celebrities, and how he overcame the host of problems encountered while trying to produce a movie, William Robert Carey's humorous and confessional narrative illustrates why it takes a minor miracle, a cabinet of liquor and plenty of Pepto-Bismol to complete a film. Copies of his option agreement, script sales contract and director's contract, crafted by LA entertainment attorneys, are included as a valuable guide for beginners.

Anne is a professional wedding hostess at the most beautiful of the opulent mansions along Newport's seashore. She knows the smile she beams at her guests doesn't have to be sincere, just present. She's managed to maintain the illusion of pleasant composure through ten years of rowdy guests and sobbing brides. However, tonight

Anne is afraid she won't be able to hold her tongue, let alone her smile: The wedding from hell has landed on her beautifully manicured lawn. The perfect bride may hope her wedding is beautiful, but would never tell her sister to lose thirty pounds or lose her invitation. The perfect groom might be sad his stag days are over, but could be trusted with the babysitter. The perfect father of the bride may not have had a model marriage, but would never parade his brand new trophy wife in front of his bitter ex-wife. But this is not a perfect wedding. From the caterer to the groom to the barmaid, everyone involved tells the story of a disaster in the making. A romp through the kind of wedding we all want to hear about-but never experience-How (Not) to Have a Perfect Wedding will leave you cringing with delight.

"Most young playwrights
nowadays want to learn
'how to' write a play. This
seems to me to be a
mistake." Thus begins the
first chapter of Walter
Kerr's fascinating book on
the art of playwriting.
Taking an about-face look
at the creative process,
with chapters such as
"How to Spoil a Good
Story," Mr. Kerr leads us
through the exciting and
daring adventure of
successfully bringing a
play to fulfillment. "There
is no point in pretending
that this is not going to be
an argumentative book or
that overemphasis isn't
going to crop up pretty
frequently in the chapters
that follow. The face of
our theater is so familiar
to us that we shall never
see its features without
blowing them up a bit,
one by one. And it does
seem to me that we had
better do some arguing -
quick." Walter Kerr, drama
critic, playwright, teacher,
director, and winner of a
Pulitzer Prize for Drama
Criticism, served as
drama critic for the New
York Herald Tribune and
was chief critic for the
Sunday New York Times
until his retirement. --

How To Manage

YOUR CAREER AND MAXIMIZE YOUR POTENTIAL

From pet keeping to sky burials, a posthuman and ecocritical interrogation of and challenge to human particularity in medieval texts Mainstream medieval thought, like much of mainstream modern thought, habitually argued that because humans alone had language, reason, and immortal souls, all other life was simply theirs for the taking. But outside this scholarly consensus teemed a host of other ways to imagine the shared worlds of humans and nonhumans. How Not to Make a Human engages with these nonsystematic practices and thought to challenge both human particularity and the notion that agency, free will, and rationality are the defining characteristics of being human. Recuperating the Middle Ages as a lost opportunity for decentering humanity, Karl Steel provides a posthuman and ecocritical interrogation of a wide range of medieval texts. Exploring such diverse topics as medieval pet keeping, stories of feral

and isolated children, the ecological implications of funeral practices, and the "bare life" of oysters from a variety of disanthropic perspectives, Steel furnishes contemporary posthumanists with overlooked cultural models to challenge human and other supremacies at their roots. By collecting beliefs and practices outside the mainstream of medieval thought, How Not to Make a Human connects contemporary concerns with ecology, animal life, and rethinkings of what it means to be human to uncanny materials that emphasize matters of death, violence, edibility, and vulnerability. *Secrets from a Sundance Programmer* Viraj Rajani Ever wished you could be more than you are now?
