Coop's previously published works, *Devil's Advocate: The Art of Coop* (Weshampton House, 2001) and *The Big Fat One* (Aperient Pr, 2002), have focused primarily on the artist's illustrations.

Using acrylics, Coop takes the bold iconography of his past work and re-contextualises it on a larger scale, examining its individual parts to create a cohesive whole. The book contains everything that Coop's fans love about his work - smoking devils, voluptuous girls and hotrods - presented side-by-side with a healthy dose of surprises.

The definitive chronicle of underground music in the 1980s tells the stories of Black Flag, Sonic Youth, The Replacements, and other seminal bands whose DIY revolution changed American music forever. *Our Band Could Be Your Life* is the never-before-told story of the musical revolution that happened right under the nose of the Reagan Eighties -- when a small but sprawling network of bands, labels, fanzines, radio stations, and other subversives re-energized American rock with punk's do-it-yourself credo and created music that was deeply personal, often brilliant, always challenging, and immensely influential. This sweeping

chronicle of music, politics, drugs, fear, loathing, and faith is an indie rock classic in its own right. The bands profiled include: Sonic Youth Black Flag The Replacements Minutemen Husker Du Minor Threat Mission of Burma Butthole Surfers Big Black Fugazi Mudhoney Beat Happening Dinosaur Jr.

The Afterthought brings back into focus the psychedelic sixties in all of their purple-haze glory, as seen through the eyes of legendary west coast music promoter and entrepreneur Jerry Kruz. Using the historical posters as a timeline, Kruz's recollections are a celebration of the resiliency of Woodstock-era arts and culture and foundational musical acts like the Grateful Dead, Janis Joplin, Steve Miller, The Collectors (Chilliwack), Tom Northcott Trio, Country Joe & the Fish and many more. Complete with selected discographies and band biographies for many of the musical acts included in the book, The Afterthought is illustrated throughout with selections from the folk-inspired and psychedelia-fuelled artwork of legendary artists Bob Masse and Frank Lewis.

The US presidential election in 2016 brought to a head myriad political activism around the world, around the rights of minorities, women, the LGBTQ community, and the environment. In the midst of this turmoil, nearly 300 designers from around the world answered the call to create this collection of 50 tear-out posters for people who want to make their voices heard in a time of unprecedented uncertainty and apprehension. A foreword by Avram Finkelstein, a designer for the AIDS art activist collective Gran Fury, looks at the crucial role of graphic activism in the current political climate.

Before Austin became the "live music capital of the world" and attracted tens of thousands of music fans, it had a vibrant local music scene that spanned late sixties psychedelic and avant-garde rock to early eighties punk. Venues such as the Vulcan Gas Company and the Armadillo World Headquarters hosted both innovative local musicians and big-name touring acts. Poster artists not only advertised the performances—they visually defined the music and culture of Austin during this pivotal period. Their posters promoted an alternative lifestyle that permeated the city and reflected Austin's transformation from a sleepy university town into a veritable oasis of underground artistic and cultural activity in the state of Texas. This book presents a definitive survey of music poster art produced in Austin between 1967 and 1982. It vividly illustrates four distinct generations of posters—psychedelic art of the Vulcan Gas Company, early works from the Armadillo World Headquarters, an emerging variety of

styles from the mid-1970s, and the radical visual aesthetic of punk—produced by such renowned artists as Gilbert Shelton, Jim Franklin, Kerry Awn, Micael Priest, Guy Juke, Ken Featherston, NOXX, and Danny Garrett. Setting the posters in context, Texas music and pop-culture authority Joe Nick Patoski details the history of music posters in Austin, and artist and poster art scholar Nels Jacobson explores the lives and techniques of the artists.

Documenting Danny Marianino's days as a metalhead from childhood into adulthood, Don't Ever Punch a Rockstar somehow rationalizes playing in a few hardcore/punk bands, touring, fighting, drinking, internet bullying, celebrity encounters, satanic curses, house fires, harassment and collecting an immeasurable amount of hate mail from some of the most illiterate human beings the world has to offer. Though Oprah will never add this into her book club, it's still a good lesson in accepting the negative with a laugh and gaining a new sense of temperance and humility. At the very least I will entertain you with a campy memoir and a detailed eye-opening account of the chaos that followed the infamous event that VH1 called one of the Most Shocking Moments in Rock and Roll. This is by no means the same old autobiography that you have read before. Don't Ever Punch a Rockstar combine elements of Get in The Van, Emails from and Asshole and Shit My Dad Says all in one hot mess of a story. Praise for the book - "Danny Marianino's Never Punch A Rockstar is a sock in the jaw to punk/metal scene conformity, and it hurts so good! Final score: North Side Kings 2, Danzig, 0." - STEVEN BLUSH, author/filmmaker, American Hardcore "As trenchant, sometimes funny, insightful and shocking as a punch in the face. WHICH is incidentally what started this whole ball rolling. A pretty potent look into the power of image and the punching of the face of arguably a legend of, well, face punching, Glenn Danzig, and the ensuing firestorm that followed. I'd give it 5 black eyes." -- EUGENE S. ROBINSON, singer for Oxbow & author of FIGHT: Everything You Ever Wanted to Know About Ass Kicking But Were Afraid You'd Get Your Ass Kicked For Asking "With Don't Ever Punch a Rock Star author Danny Marianino has written an entertaining, humorous and humble autobiography. The often times laugh-out-loud recollections of Danny's life up to and following the infamous run-in with the drama-queen of dark metal is more than engaging and, with the inclusion of hate mail, zany rumors, message board threats and internet tough guys, you're sure to get a good giggle while learning what truly transpired that fateful night in Tuba City." - DUSTIN LAVALLEY,

author of *Spinner* "As we have always said on the streets of NY - don't start none -there wont be none - and if you do, at least keep your hands up and guard your grill. Way to K.O. rock star attitudes Danny Boy!" - John Joseph author of *The Evolution of a Cro-Magnon* and *Meat is For Pussies*

Like Moses delivering forth the Ten Commandments, *Chunklet* magazine presents you with *The Rock Bible*—the complete rules for living an authentic life of rock 'n' roll. Here are hundreds of wise and witty guidelines for Drummers: "If you're one of those drummers who sets up at the front of the stage, back the hell up. You are the goalies of rock; play your position." Singers: "When you feel like stage-diving, first make sure the people in the front like your music enough to catch you." Guitarists: "No one's looking at your guitar strap. Don't ever spend more than the cost of an average meal on something that can be replaced by a particularly hearty piece of string." Keyboardists: "There's only one person who will look more ridiculous and offensive in leather pants than the lead singer: the keyboard player." Onstage Antics: "Being wasted onstage works for only about 5 percent of bands, and yours isn't one of them." Fans: "Fans that dress like the band are just asking to be pummeled. If you want to be in the band that badly, you might as well bring your gear to the show and play along from the audience." And unholy words on much, much more.

Legendary impresario Bill Graham began in January 1966 to commission posters to promote the concerts he was putting on at San Francisco's Fillmore auditorium. The poster artists followed the revolutionary mandate of the sixties consciousness, creating vivid, irreverent banners that reflected their own sense of poetics, style, and wit. What resulted were signature juxtapositions of design, lettering, and color that spawned a brand new art form. Their muse was the cosmic synergy that then abounded, fueled in part by LSD. These posters have since come to occupy a place in art history while surviving priceless artifacts of rock archeology. Published in cooperation with Bill Graham Presents, this is an intoxicating compendium of the funkier posters of the century. Highlighted in this unique, lavishly printed full-color volume are the original numbered and unnumbered series created exclusively for the San Francisco and New York Fillmore dance concerts. The more than 400 hand-drawn posters, handbills, tickets, and photographs feature art by Wes Wilson, Bonnie MacLean, Stanley Mouse, Alton Kelley, Rick Griffin, Lee Conklin, Greg Irons, Randy Tuten, David Byrd, David Singer, and Norman Orr.

Apogee Books

Play It Loud celebrates the musical instruments that gave rock and roll its signature sound. Seven engrossing essays by veteran music journalists and scholars discuss the technical developments that fostered rock's seductive riffs and driving rhythms; the evolution of the classic lineup of two guitars, bass, and drums; the thrilling innovations and expanded instrumentation musicians have explored to achieve unique effects; the powerful visual impact instruments have had; and the essential role they have played in the most memorable moments of rock and roll history. Abundant photographs depict rock's most iconic instruments—including Jerry Lee Lewis's baby grand piano, Chuck Berry's Gibson ES-350T guitar, John Lennon's twelve-string Rickenbacker 325, Keith Moon's drum set, and the white Stratocaster Jimi Hendrix played at Woodstock—both in performance and as works of art in their own right. Produced in collaboration with the Rock and Roll Hall of Fame, this astounding book goes behind the music to offer a rare, in-depth look at the instruments that inspired the musicians and made possible the

songs we know and love.
