SITI HAJAR - Rasa cintanya terhadap Ibrahim sangat mendalam. Meskipun dimusuhi Khadijah... Hajar tetap mampu bertahan kerana ALLAH sentiasa melindunginya. ILAH itu dekat dengannya, lebih hampir daripada urat merahnya sendiri. IBRAHIM - Tidak diragui sama sekali, cintanya terhadap Hajar menggunung tinggi. Namun sayang, dia berlaku tidak adil tatkala mengadili konflik antara Hajar dan adiknya, Khadijah. Akibatnya, sang isteri asyik menjeruk hati. Namun, rasa cinta Ibrahim berubah sejak kehadiran Sarah. Dia kasihkan Hajar tetapi tidak mampu menidakkan kesetiaan Sarah terhadapnya. Hajar pula, sudah tidak berdaya mempertahankan cintanya lagi.

Kata-kata Aisyah mungkin ada benarnya. Cinta Hajar kepada Ibrahim selama ini bukanlah kerana ALLAH. Buktinya jelas. Hajar tidak mampu menerima hakikat hidup bermadu. Ada, tetapi... Hajar bukanlah gerangnya.

*Weapons of the Weak* Penguin UK Orphaned as a young boy in the rainforests of Borneo, Bujang is brought up by a family of orangutans, but his adult future has already been decided for him by Sengalang Burong, the Iban warpath god. On reaching adulthood, Bujang must leave his ape family and serve the warpath god as a warrior and a headhunter. Having survived his first assignment — to kill an ill-tempered demon in the form of a ferocious wild boar — subsequent adventures see Bujang converse with gods, shamans, animal spirits and with the nomadic people of Borneo as he battles evil spirits and demons to preserve the safety of those he

holds dear to him. But Bujang's greatest test is still to come and he must rally a large headhunting expedition to free his captured wife and those of his fellow villagers. In this unique work of fantasy fiction, author Golda Mowe — herself an Iban from Borneo — uses real beliefs, taboos and terminology of the Iban (a longhouse-dwelling indigenous group of people from Borneo who, until very recently, were renowned for practising headhunting) to weave an epic tale of good versus evil.

SEORANG pengarang novel cuba menulis naskhah terbaharu. Malangnya, gejala writers block melanda. Suatu masa... dalam keadaan separa sedar ketika terlena, dia terlihat seseorang menggunakan komputer ribanya. Namun kelibat orang itu samar-samar. Sebuah cerita yang siap ditaip terpamer pada skrin. Sebuah kisah yang mengujakan, tetapi bukan dia penulisnya. Teorinya – mungkin dia ada berkarya tanpa disedari, tetapi minda logiknya ragu-ragu. Satu demi satu cerita baharu ditemui lagi dalam komputer ribanya. Dia semakin galak mencuri idea-idea tersebut. Gaya dan teknik penceritaan memang menyerupai cara dia berkarya. Dia semakin seronok mengakui semua cerita itu adalah miliknya. Kemudian... semakin banyak kejadian pelik yang mengitari kehidupannya. Dia diburu sesuatu yang meremangkan bulu roma. Ada bahana muncul bertubi-tubi. Siapa suspek yang bertanggungjawab menghuru-harakan kehidupannya? RAMLEE AWANG MURSHID ada sebuah rahsia yang lama dipendamkan. Rahsia dirinya sendiri sejak bergelar seorang penulis novel. Lama-kelamaan... andai belunggu misteri yang menggelisahkan ini tidak dirungkaikan segera, maka berakhirlah kariernya... *Yang Empunya Cerita* ITBM

In recent years, China has become a major actor in the global economy, making a remarkable switch from a planned and egalitarian socialism to a simultaneously wide-open and tightly controlled market economy. Against the establishment wisdom, Minqi Li argues in this provocative and startling book that far from strengthening capitalism, China's full integration into the world capitalist system will, in fact and in the not too distant future, bring about its demise. The author tells us that historically the spread and growth of capitalist economies has required low wages, taxation, and environmental costs, as well as a hegemonic nation to prevent international competition from eroding these requirements. With the decline of the economic power of the United States, its current hegemonic role will deteriorate and the unprecedented growth of China will so erode the foundations of capital accumulation—by pushing wages and environmental costs up, for example—that the entire capitalist system will be shaken to its core. This is essential reading for those who still believe that there is no alternative.

The first of two studies included is "Music in Kelantan, Malaysia and Some of Its Cultural Implications," by William P. Malm. Kelantan is the northernmost province on the east coast of Malaysia. It is considered to be the most orthodox area in a nation whose state religion is Islam. At the same time it must be noted that it borders to the north with the Buddhist country of Thailand and to the west is the Malaysian province of Perak whose jungles and mountains contain many "pagan" tribal traditions. Beyond Perak is Kedah with its larger Indian and Chinese populations and to the south is Trengganu where some Indonesian traits are still to be found. It is in this context that Malm's study of music is made. The second study is "Professional

Malay Story-Telling: Some Questions of Style and Presentation" by Amin Sweeney. In view of the hitherto almost exclusive concern with the content of such tales as those of Sang Kanchil or Pak Pandir, Sweeney throws some light on the form, style, and presentation of oral Malay literature, with special reference to that class of story-telling popularly known as penglipur lara, or what Winstedt termed "folk romances."

This encyclopedia provides a comprehensive overview of the traditions, cultures, kinship norms, and other significant cultural aspects of the tribes, or otherwise named ethnic groups, of Indonesia, by an Indonesian anthropologist. The entries are supported by illustrations drawn by the late author himself, and are also accompanied by maps indicating the geographic locations and distributions of each tribe throughout the vast archipelago. Originally written and published in Bahasa Indonesian, the text has been translated into English and revised to feature up-to-date information. In showcasing the extent of diversity and the distinctiveness of the numerous tribal cultures in Indonesia, the volume presents itself as an important academic reference in Indonesian anthropology and ethnography studies, now finally available to global readership. Intended as a short work of reference, it will be indispensable to students and scholars researching Indonesia from anthropological, sociocultural, and ethnographic perspectives.

How did we get to where we are? John Cassidy shows that the roots of our most recent financial failure lie not with individuals, but with an idea - the idea that markets are inherently rational. He gives us the big picture behind the financial headlines, tracing the rise and fall of free market ideology from Adam Smith to Milton Friedman and Alan Greenspan. Full of wit, sense and, above all, a deeper understanding, *How Markets Fail* argues for the end of 'utopian' economics, and the beginning of a pragmatic, reality-based way of thinking.
