Cruciverbalists, rejoice!!! Pick up a pencil and get ready to solve the puzzle--and a puzzling murder--in this lively debut of a unique amateur detective, Miss Cora Felton, the reigning queen of crosswords. Cora's an eccentric old lady with a nationally syndicated puzzle column, an irresistible urge to poke into unsettling events, and a niece who's determined to keep her out of trouble. In a slyly amusing and wickedly suspenseful mystery, this delightful heroine takes her first crack at playing sleuth. Only this isn't fun and games....It's murder. Violent crime is rare in tiny Bakerhaven. When the body of an unknown teenage girl turns up in the local cemetery, Police Chief Dale Harper finds himself investigating his first homicide. Nothing about this case is straightforward. Even a thorough search of the crime scene fails to reveal who she was, the murder weapon, or why the killer

left her body in a graveyard minus her shoes. A cryptic message on a scrap of paper she carried seems to be a crossword puzzle clue. Could it have been left by the killer? If so, what does it mean? Fortunately for Harper, Bakerhaven is the new home of Miss Cora Felton, the famed "Puzzle Lady" herself, whose popular crossword puzzle column graces newspapers nationwide. Yet bringing Cora Felton into this case could be his most costly mistake. For though she may look like someone's sweet old grandmother, behind those twinkling eyes and that slightly mysterious smile lies a woman with a whopping secret...and some hidden vices. What's worse, one whiff of mystery turns Miss Felton into a modern-day Miss Marple. Now Cora is snooping through crime scenes, questioning witnesses, and gaining a lot of unwanted attention. It's just the sort of meddling, mischief-making behavior that drives Chief Harper to distraction and inspires many cross words from her long-suffering niece Sherry. But when another body turns up in a murder that hits much closer to home, Cora must find a

killer--before she winds up in a black box three feet across...and six down. A delicious brew of colorful characters, irresistible intrigue, and dazzling plot twists, Parnell Hall's *A Clue for the Puzzle Lady* is just what a mystery should be--a generous helping of fun and a puzzle that never fails to surprise and entertain.

Tracy Belden's first solo case as a Private Investigator lands her in the middle of a murder when her ex-husband's second wife disappears and Tracy becomes a suspect. For Tracy, creating crossword puzzles is a passion but it doesn't pay the rent. Being a part-time PI does. Her current case is about a missing woman. There's no proof she's dead. Or that Tracy's ex-husband killed her. What's important is solving the puzzle.

THE OFFICIAL SHERLOCK PUZZLE BOOK

Simon and Schuster
An instant New York Times bestseller, this prequel to the acclaimed Cork O'Connor series is "a pitch perfect, richly imagined story that is both an edge-of-your-seat thriller and an evocative, emotionally charged

coming-of-age tale” (Kristin Hannah, #1 New York Times bestselling author) about fathers and sons, small-town conflicts, and the events that shape our lives forever. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota’s Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O’Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will cause him to question everything he took for granted about his hometown, his family, and himself. Cork’s father, Liam O’Connor, is Aurora’s sheriff and it is his job to confirm that the man’s death was the result of suicide, as all the evidence suggests. In the shadow of his father’s official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this “brilliant achievement, and one every crime reader and writer needs to celebrate”

(Louise Penny, #1 New York Times bestselling author), beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding.

100 Puzzles from Then and Now Chronicle Books Part of the brain-boosting Sherlock Holmes Puzzle series, Lateral Brain Teasers presents 100+ challenging logic puzzles. *Sherlock Holmes Puzzles: Lateral Brain Teasers* Simon and Schuster Bombay, 1896. A serial killer is on the loose. In Room 000, detectives struggle to snare the culprit, but this murderer is always one step ahead of them. When death is a

contagion that spreads from house to house and from street to street, where does one look for clues? As the investigators in Room 000, armed with microscopes and cultures, track the killer, they invent a new science. But the Raj imprisons Bombay in antiquated disciplines that turn the plague into an epic tragedy. Room 000 takes a Holmesian look at the Bombay Plague. In these pages, you'll meet the Argyll Street Irregulars, share the anxieties of the Reluctant Ephemerist, thrill to the discoveries of the Solitary Scientist, and shudder over the repulsive story of the Red Leech. Here too, is Tatya Lakshman, the first Indian detective of the Bombay Police in hot pursuit of the Parsi Plague Current. In their signature style, Kalpish Ratna meld science and adventure into intrigue and mystery. The forgotten truths of the Bombay Plague, seen from this very human perspective, will compel us to look at today's emerging epidemics in an entirely new light.
