Barry Galbraith was
one of the best jazz
guitarists of the
1950's. He was also a
fine music reader who
would write out his
own arrangements of
standards for his
students. Both his
playing and his writing
are very
straightforward. This
book takes thirteen of
Barry's rough, hand-
written arrangements
and adds chord
symbols, left-hand
fingering, and
tablature. the
companion CD was
recorded by John
Purse. Also included in
the book are quotes
about Barry from many
other famous
musicians, a 7-page
article on Barry by his
son Don, an obituary
by George Russell, and
numerous pictures of
Barry at different times
in his life.

The Student Repertoire Series (For Guitar) Hal Leonard Corporation
Divine Vengeance weaves intrigue and drama through the accurate and volatile historical events of the Cathar wars in

thirteenth century France. A brutal massacre sponsored by the Pope. Brother Raimon cannot reconcile the dissonance between his faith and the violence. Nor can he rationalize his love for a Guilelma, a Cathar heretic. What starts as offering a helping hand, soon turns into organized aid for fleeing heretics. Now Raimon is captured attempting to sabotage the trebuchet Malvoisine, and he is to be burned at the stake...along with 180 heretics...and the woman he loves. Sadly the brutality of crusade leader Simon de Montfort is not contrived. The Cathar crusade was the first pogrom aimed at a Christian region. It led to the dark years of the

Inquisition and set a concerning tone that influenced Western thought for centuries. Action, intrigue, geography, an era of history rife with contradictions, and an unrequited love. Join the adventure!

Faber & Faber
The acclaimed first

volume of this exciting series gave extensive insights into basic techniques of flamenco guitar playing and the two important rhythmic forms (palos) of Solea and Alegrias. This second volume continues on with an exploration of further essential rhythmic palos. The first of these is the Bulerias. Juan Martin brings his many years of experience as an internationally renowned flamenco soloist and accompanist for singers and dancers to unravelling its mysteries, explaining and demonstrating very clearly the different elements of its rhythmic structure and the various ways it may be accented and counted. He uses traditional and more modern examples of

the different kinds of rhythm and melodic passages (falsetas) to provide an invaluable understanding of this wonderful palo. The second rhythmic form is devoted to the popular flamenco Rumba, then Tangos, Tientos and that most profound of all the palos, the deeply moving Seguiriyas. Juan's solo playing is complemented by demonstrations of the guitar's role in accompanying the flamenco dance (baile) and song (cante) with the help of outstanding dancers Raquel de Luna and Miguel Infante and singers Amparo Heredia (La Repompilla) and Carlos Brias. The music for solo guitar is transcribed in standard notation and tablature (cifra) and the online

video contain nearly three hours of explanation and demonstrations. The series is complemented by two other best-selling Juan Martin volumes published by Mel Bay. These provide progressively graded solo material to extend the repertoire, from beginner to concert level. Includes access to online video.
