**A Vision of Murder:** Multidisciplinary Assn for Professional psychic Abigail Cooper is used to dealing with skeptics, but even she's ready to cry "uncle!" when she's forced to work with a true non-believer bent on proving her a fraud. Business has been frustratingly slow for Abby who needs any new commission she can get, even if it means agreeing to a job with the FBI that puts her at the center of an internal political struggle between two powerful agents, one of whom is the flinty lead investigator and confirmed skeptic Brice Harrison. Abby's skills are continually tested – along with her patience – as she works to convince Harrison that she's not only the real deal, but can help him locate three college teens who've mysteriously disappeared. Abby's intuition tells her these are no random abductions—and foresees another victim being kidnapped. To get to the bottom of the case, she and Harrison will have to put their differences aside and work together to find the connection between the missing kids. And to do that, Abby will have to win Harrison over, while keeping her psychic eye wide open.

### STORIES OF PERSONAL TRIUMPH FROM THE FRONTIERS OF BRAIN SCIENCE

Dell  
How to rewire your brain to improve virtually every aspect of your life-based on the latest research in neuroscience and psychology on neuroplasticity and evidence-based practices Not long ago, it was thought that the brain you were born with was the brain you would die with, and that the brain cells you had at birth were the most you would ever possess. Your brain was thought to be “hardwired” to function in predetermined ways. It turns out that's not true. Your brain is not hardwired, it's "softwired" by experience. This book shows you how you can rewire parts of the brain to feel more positive about your life, remain calm during stressful times, and improve your social relationships. Written by a leader in the field of Brain-Based Therapy, it teaches you how to activate the parts of your brain that have been underactivated and calm down those areas that have been hyperactivated so that you feel positive about your life and remain calm during stressful times. You will also learn to improve your memory, boost your mood, have better relationships, and get a good night sleep.

Reveals how cutting-edge developments in neuroscience, and evidence-based practices can be used to improve your everyday life Other titles by Dr. Arden include: Brain-Based Therapy-Adult, Brain-Based Therapy-Child, Improving Your Memory For Dummies and Heal Your Anxiety Workbook Dr. Arden is a leader in integrating the new developments in neuroscience with psychotherapy and Director of Training in Mental Health for Kaiser Permanente for the Northern California Region Explaining exciting new developments in neuroscience and their applications to daily living, Rewire Your Brain will guide you through the process of changing your brain so you can change your life and be free of self-imposed limitations.

### A Memoir of OCD, Anxiety, Depression, Bi-Polar Disorder, and Faith...Sometimes Lethal Outlook

Abby Cooper is a P.I., psychic intuitive. But her insight failed her when she didn't foresee the death of one of her clients-or that the lead investigator for the case is the gorgeous blind date she just met. Now, with the police suspicious of her abilities and a killer on the loose, Abby's future looks more uncertain than ever.

### LSD, MY PROBLEM CHILD

### A Psychic Eye Mystery Penguin

Medium M. J. Holliday battles demons in the tenth Ghost Hunter Mystery from the New York Times bestselling author of No Ghouls Allowed. M.J., Heath, and Gilley, are back home in Boston, where their new film is sure to be a monster hit! To promote the film, the studio is sponsoring a special exhibit of supernatural artifacts at a local museum. Unfortunately, Gilley—whose mind is engaged with wedding plans—gets talked into donating to the exhibit the very dagger that keeps the dangerous ghost Oruç and his pet demon

locked down in the lower realms. Before M.J. can recover the bewitched blade, there's a murder and a heist at the museum, and the dagger is stolen. Now Oruç is coming for M.J. and her crew, and he's bringing with him some fiendish friends from M.J.'s haunted past. She, Gilley, and Heath are certain to be in for a devil of a time. M.J. may even need to recruit a certain skeptical Boston detective to help stop the paranormal party crashers from turning Gilley's wedding bells to funeral knells. . . .

### The Eyes of Darkness Penguin

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmanns powerful conclusion that mystical experience may be our planets best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmanns problem child, his vision of its true potential is more relevant, and more needed, than ever.

## LETHAL OUTLOOK

Penguin

When three newbie agents at the Austin's FBI cold-case bureau resent having to work alongside a psychic consultant, Abby Cooper finds herself in hot water after they contact super-popular podcaster Mike Toscano--a former agent and huge skeptic of Abby's abilities. To prove that she's the real deal, Abby will have to solve Toscano's oldest--and coldest--case, and she'll have to do it on air with millions of Toscano's fans critiquing her every move. To make matters worse, the D.C. brass is threatening to shut down the Austin offices if Abby doesn't bring home a win. But helping to solve the unsolvable is what Abby does best, and she'll be bringing her A-game to Toscano's podcast. The only trouble is the killer could be listening...

*A Glimpse of Evil* John Wiley & Sons

San Francisco vintage clothing store owner Lily Ivory must put her more magical abilities to good use in this mystery in the New York Times bestselling Witchcraft series. When some students get spooked at the San Francisco School of Fine Arts, Lily Ivory is called in to search for possible paranormal activity. In exchange for her help, she's been promised a trunk full of Victorian era clothes recently discovered in a school storage closet. What she finds at the foot of the stairs leading to the bell tower is a body—a wealthy patron of the school who has been murdered. She uses her sleuthing skills in between running the store and seeing her new boyfriend, Max, a “mythbuster” uncomfortable with her witchcraft. Soon Lily senses something from the school's vintage clothes. But it's not the smell of mothballs—it's the unmistakable aura of evil intent...

*Rewire Your Brain* Columbia University Press

A ticked-off judge has tossed Abby in the slammer for contempt of court, and during her brief but unpleasant stay she learns the story of Skyler Miller, a condemned woman who is confronting a

far more serious sentence: the death penalty. Everyone believes she's guilty of murder, including her own family and her ex-husband - everyone, that is, except Abby, whose finely honed intuition tells her this woman doesn't belong behind bars. With the help of her husband Dutch and her friend Candice, Abby launches into her own investigation to clear Skyler and find the real killer.

*The Manchurian Candidate* Delacorte Press

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.
