Book six in the New York Times bestselling series The planet of Caliban exists much as it has for thousands of years - the knightly orders protect the common people, fighting back the beasts that

lurk in the depths of the seemingly endless forests. Young Zahariel and Nemiel aspire to join the greatest of the orders, led by the example of mighty Lion El'Jonson and his vision of a peaceful and unified world. But the coming of the Imperium brings new concerns and a new destiny for the Lion as part of the Great Crusade, and the sons of Caliban must decide if they will follow him to glory among the stars.

"El Paso artist Tom Lea was commissioned by Life Magazine to paint the war as it was being experienced by U.S. and Allied soldiers, sailors, and airmen. Along with his sketchbook, Lea carried on these assignments his "record of work", a notebook in which he recorded observations and details on the images he hoped to create from the events he had seen." "Brendan M. Greeley, Jr. has collected virtually all of Tom Lea's firsthand accounts of his assignments for Life, along with his powerful sketches and unforgettable paintings, and placed them in context, along with photographs and research focusing on the people, places, and wartime events encountered by Tom Lea. Drawing on previously unpublished sources - the artist's diary, letters to the Texas historian J. Frank. Dobie, oral interviews, and archival materials from Texas and national collections - Greeley presents in *The Two Thousand Yard Stare* a uniquely comprehensive and sustained treatment of Lea's creative accomplishments during World War II." "This well-documented and astonishingly illustrated volume will fascinate those interested in the realistic depiction of war, in both images and words. Also a must-read for students, scholars, and collectors of the artist's work, *The Two Thousand Yard Stare: Tom Lea's World War II* is a brilliant compendium of the work and thought of one of America's most compelling painters and writers."--BOOK JACKET.

Champions of Fenris Games Workshop

At the very birth of the Imperium of Man, fully half of the Emperor's most trusted Space Marine Legions turned against him in a bitter civil war. Brother fought brother, and Mankind stood upon the very brink of extinction. Ten thousand years after their defeat, those same traitors still launch their black crusades out of the Eye of Terror, intent upon nothing less than the utter destruction of the Imperium and the death of its weakling Emperor. This book provides an army list and sections on background, hobby section and special characters to accompany the game.

*Imperial Fists* Texas A&M University Press

The Emperor's Spears are a Chapter on the edge of destruction, last watchmen over the Elara's Veil nebula. Now, the decisions of one man, Amadeus Kaias Incarius of the Mentor Legion, will determine the Chapter's fate... The scattered worlds of the Elara's Veil nebula were once protected by the oath of unity sworn by three mighty Chapters of the Adeptus Astartes. The Star Scorpions were undone by flaws in their genetic coding. The Celestial Lions were ravaged by the Inquisition for sins they did not commit. Now, after hundreds of years, only the Emperor's Spears still keep their vigil. They are barbarian watchmen against the Outer Dark; bloodied but unbroken in their long duty. Amadeus Kaias Incarius, a brother of the Mentor Legion, is commanded to cross the Great Rift and assess the Spears' war-readiness, only to be drawn into the chaotic plight of a depleted crusade on the Imperium's benighted frontier. The decisions he makes, far from the God-Emperor's light, will decide the fate of the war-torn Chapter.

**Ravenwing** Games Workshop

The Raven Guard are Space Marines like no other. The sons of Corax fight their battles with stealth and speed rather than fury and flame. As shadows of death, they appear behind enemy lines and strike without mercy or restraint. Chaos engulfs the Sargassian Reach, and Captain Koryn's Raven Guard lead the fight against the pestilent forces of Nurgle. But they are not alone, the Brazen Minotaurs led by the headstrong Captain Daed aiding them in their mission. Can the two Chapters bring their wildly different tactics together to defeat the foe and save the Sargassian Reach from damnation?"

*Veterans of the Long War* Games Workshop

Upon steeds of adamantium and steel, the Ravenwing of the Dark Angels bring death to the foes of the Imperium in the first book in a new trilogy from acclaimed author Gav Thorpe. The Ravenwing stand apart from the rest of the Dark Angels Chapter - these dynamic Space Marines take to the battlefield upon steeds of adamantium and steel, and swoop from the skies in lightning-fast speeders to bring death to the foes of the Imperium. Led by the heroic Master Sammael, they prosecute war where their battle-brothers cannot, and are ever at the forefront of the Dark Angels'

campaigns.

#### **A Tale of Bitter Betrayal and Corruption Unbound**

Formed in the aftermath of the Horus Heresy, the Flesh Tearers, veterans of the Blood Angels Legion now cast adrift, gather behind their leader, Chapter Master Amit, and set out to forge their own destiny. None of the scions of Sanguinius are as bloody or wrathful as the Flesh Tearers. The fury of this Chapter, scorned by the Blood Angels and many of their successors, is legendary. Within them, the Black Rage is made manifest, a curse on the Imperium and its enemies. In the uncertain years following the end of the Great Heresy, it fell to Amit to lead this benighted Chapter. Upon his shoulders lay a heavy burden, for to prevent their own self-annihilation, the Flesh Tearers must not
