The Ambiguity of Justice consists of a collection of essays that address difficulties and potential contradictions in thinking justice by focussing on

Ricoeur's theory of justice and on the major thinkers that were influential for it. Love, Power and Justice, Ontological Analyses and Ethical Applications... by

Paul Tillich Harvard University Press  
 This constructive theological work enhances Tillich's German religious socialism by creatively integrating it with Tillich's theological insights throughout his American career. Bringing Tillich into conversation with contemporary developments in just peacemaking, this book presents a refurbished version of religious socialism.

detective pursues the vigilante cops who murdered his brother. Will he choose a love that cannot be consummated? Or will he choose guilt, vengeance and his own brand of vigilante justice? *Ontological Analyses and Ethical Applications*  
 USCCB Publishing  
 Inscribed on the walls of the United States Department of Justice are the lofty words: "The United States wins its point whenever justice is done its citizens in the courts." Yet what happens when prosecutors, the

most powerful officials in the criminal justice system, seek convictions instead of justice? Why are cases involving educated, well-to-do victims often prosecuted more vigorously than those involving poor, uneducated victims? Why do wealthy defendants frequently enjoy more lenient plea bargains than the disadvantaged? In this timely work, Angela J. Davis examines the expanding power of prosecutors, from mandatory minimum sentencing laws that

enhance prosecutorial control over the outcome of cases to the increasing politicization of the office. Drawing on her dozen years of experience as a public defender, Davis demonstrates how the everyday, legal exercise of prosecutorial discretion is responsible for tremendous inequities in criminal justice. Davis uses powerful stories of individuals caught in the system to illustrate how the day-to-day practices and decisions of well-meaning prosecutors produce unfair and

unequal treatment of both defendants and victims, often along race and class lines. These disparities are particularly evident in prosecutors' charging and plea-bargaining decisions and in their muddled relationships with victims. Prosecutors not only hold vast power, Davis argues, but they are also under-regulated and lack accountability. The current standards of practice for prosecutors are unenforceable, while the mechanisms that purport to hold prosecutors accountable

are weak and ineffectual. Not only does lack of oversight result in injustices, it may even foster a climate tolerant of unfair practices and in some cases, misconduct. Offering a sensible agenda for comprehensive review and reform, *Arbitrary Justice* challenges the legal community and concerned citizens to pursue and enact meaningful standards of conduct and effective methods of accountability to help prosecutors serve their communities and the

interests of justice.

Published on February 11, 1984, *Salvifici Doloris* addresses the question of why God allows suffering. This 30th anniversary edition includes the complete text of the letter plus commentary by Myles N. Sheehan, SJ, MD, a priest and physician trained in geriatrics with an expertise in palliative care. Acknowledgments of recent episodes of violence bring the papal

document into a modern context. Insightful questions suited for individual or group use, applicable prayers, and ideas for meaningful action invite readers to personally respond to the mystery of suffering. *Ecclesiastes* InterVarsity Press  
Speaking with understanding and force, Tillich offers a basic analysis of love, power, justice, and all concepts fundamental in the mutual relations of people, of social groups, and of humankind to God.

His concern is to penetrate to the essential, or ontological foundation of the meaning of each of these words.

**BETWEEN REASON AND WILL**

The New Press

What is social justice? For Friedrich Hayek, it was a mirage—a meaningless, ideological, incoherent, vacuous cliché. He believed the term should be avoided, abandoned, and allowed to die a natural death. For its proponents, social justice is a catchall term that can

be used to justify any progressive-sounding government program. It endures because it venerates its champions and brands its opponents as supporters of social injustice, and thus as enemies of humankind. As an ideological marker, social justice always works best when it is not too sharply defined. In *Social Justice Isn't What You Think It Is*, Michael Novak and Paul Adams seek to clarify the true meaning of social justice and to rescue it from its ideological captors. In

examining figures ranging from Antonio Rosmini, Abraham Lincoln, and Hayek, to Popes Leo XIII, John Paul II, and Francis, the authors reveal that social justice is not a synonym for “progressive” government as we have come to believe. Rather, it is a virtue rooted in Catholic social teaching and developed as an alternative to the unchecked power of the state. Almost all social workers see themselves as progressives, not conservatives. Yet many

of their “best practices” aim to empower families and local communities. They stress not individual or state, but the vast social space between them. Left and right surprisingly meet. In this surprising reintroduction of its original intention, social justice represents an immensely powerful virtue for nurturing personal responsibility and building the human communities that can counter the widespread surrender to an ever-growing state. *Policing Black Men Hard*

Shell Word Factory  
 The remarkable story of John Marshall who, as chief justice, statesman, and diplomat, played a pivotal role in the founding of the United States. No member of America's Founding Generation had a greater impact on the Constitution and the Supreme Court than John Marshall, and no one did more to preserve the delicate unity of the fledgling United States. From the nation's founding in 1776 and for the next forty years, Marshall was at the

center of every political battle. As Chief Justice of the United States - the longest-serving in history - he established the independence of the judiciary and the supremacy of the federal Constitution and courts. As the leading Federalist in Virginia, he rivaled his cousin Thomas Jefferson in influence. As a diplomat and secretary of state, he defended American sovereignty against France and Britain, counseled President John Adams, and supervised the construction of the

city of Washington. D.C. This is the astonishing true story of how a rough-cut frontiersman - born in Virginia in 1755 and with little formal education - invented himself as one of the nation's preeminent lawyers and politicians who then reinvented the Constitution to forge a stronger nation. Without Precedent is the engrossing account of the life and times of this exceptional man, who with cunning, imagination, and grace shaped America's future as he held together the

Supreme Court, the Constitution, and the country itself.

### **STRENGTH TO LOVE**

Veritas Co. Ltd.

The United States has more people locked up in jails, prisons, and detention centers than any other country in the history of the world. Exploring the history and foundations of mass incarceration, Dominique Gilliard examines Christianity's role in its evolution and expansion, assessing justice in light of Scripture, and showing

how Christians can pursue justice that restores and reconciles.

### Evangelii Gaudium

Canongate Books

In this book, Roshnee Ossewaarde-Lowtoo explores ways to reverse the cultural preference for utility and wealth over the democratic ideals of justice and civic friendship. She argues that economies and markets can be legitimately subordinated to the ideal of fellowship because human experience reveals love as the telos of human

existence.

*The Confessions of S. Augustine* Wipf and Stock Publishers

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by

this joy, while pointing out new paths for the Church's journey in years to come." – Pope Francis  
 This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who

are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to

experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*  
**Let's Get Free** Penguin  
 Designed for students with little or no background in ancient Greek language and culture, this collection of extracts from *The History of the Peloponnesian War* includes those passages that shed most light on Thucydides' political theory--famous as well as

important but lesser-known pieces frequently overlooked by nonspecialists. Newly translated into spare, vigorous English, and situated within a connective narrative framework, Woodruff's selections will be of special interest to instructors in political theory and Greek civilization. Includes maps, notes, glossary. Political Emotions Oxford University Press on Demand  
Love, Power, and Justice Ontological

Analyses and Ethical Applications Oxford University Press, USA  
*Reflections on My First 94 Years* Hackett Publishing  
This groundbreaking book is distinctive for the explicit attention it gives to the communal, intersubjective, cultural, and linguistic embodiment of the workings of God in the world. It emphasizes not simply acting justly but living with, in, and from the justice of the triune God by which we are justified. Finally, it offers an important sacramental and liturgical

grounding to the Christian understanding of both justice and the triune God. David N. Power and Michael Downey make clear to contemporary believers why a spiritual and sacramental life that is ordered by its trinitarian orientation must include the desire for justice. In short, it is an ethic of social justice that springs from contemplation of the Divine Trinity in the world. Living the Justice of the Triune God Crown  
"[A] landmark book . . . Solnit illustrates how the uprisings that begin on

the streets can upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit’s *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose

future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next.

Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian  
 “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new millennium.” —Bill

McKibben, New York Times–bestselling author of *Falter* “An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways.” —*The New Yorker*  
 The New Press  
 Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in

obtaining redemption. With an introduction by Ruth Rendell  
*Social Justice Isn't What You Think It Is* Wm. B. Eerdmans Publishing  
 Martha Nussbaum asks: How can we sustain a decent society that aspires to justice and inspires sacrifice for the common good? Amid negative emotions endemic even to good societies, public emotions rooted in love--intense attachments outside our control--can foster commitment to shared goals and keep at bay the

forces of disgust and envy.

 A 2017 Washington Post Notable Book  
 A Kirkus Best Book of 2017  
 “Butler has hit his stride. This is a meditation, a sonnet, a legal brief, a poetry slam and a dissertation that

represents the full bloom of his early thesis: The justice system does not work for blacks, particularly black men.” —The Washington Post “The most readable and provocative account of the consequences of the war on drugs since Michelle Alexander’s *The New Jim Crow . . .*” —The New York Times Book Review “Powerful . . . deeply informed from a legal standpoint and yet in some ways still highly personal” —The Times Literary Supplement (London) With the

eloquence of Ta-Nehisi Coates and the persuasive research of Michelle Alexander, a former federal prosecutor explains how the system really works, and how to disrupt it Cops, politicians, and ordinary people are afraid of black men. The result is the Chokehold: laws and practices that treat every African American man like a thug. In this explosive new book, an African American former federal prosecutor shows that the system is working exactly the way it’s supposed to. Black

men are always under watch, and police violence is widespread—all with the support of judges and politicians. In his no-holds-barred style, Butler, whose scholarship has been featured on 60 Minutes, uses new data to demonstrate that white men commit the majority of violent crime in the United States. For example, a white woman is ten times more likely to be raped by a white male acquaintance than be the victim of a violent crime perpetrated by a black man. Butler also frankly

discusses the problem of black on black violence and how to keep communities safer—without relying as much on police. Chokehold powerfully demonstrates why current efforts to reform law enforcement will not create lasting change. Butler’s controversial recommendations about how to crash the system, and when it’s better for a black man to plead guilty—even if he’s innocent—are sure to be game-changers in the national debate about

policing, criminal justice, and race relations. Advocating for Justice That Restores Encounter Books  
 Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must

take care of it and love it - the Holy Father tells us - because its end is also ours.  
*Encyclical on Fraternity and Social Friendship* Le vie della Cristianità  
 A "timely and hugely important" account of his life on the Supreme Court (New York Times) When Justice John Paul Stevens retired from the Supreme Court of the United States in 2010, he left a legacy of service unequalled in the history of the Court. During his thirty-four-year tenure, Justice Stevens was a prolific writer,

authoring more than 1000 opinions. In THE MAKING OF A JUSTICE, John Paul Stevens recounts his extraordinary life, offering an intimate and illuminating account of his service on the nation's highest court. Appointed by President Gerald Ford and eventually retiring during President Obama's first term, Justice Stevens

has been witness to, and an integral part of, landmark changes in American society. With stories of growing up in Chicago, his work as a naval traffic analyst at Pearl Harbor during World War II, and his early days in private practice, as well as a behind-the-scenes look at some of the most

important Supreme Court decisions over the last four decades, THE MAKING OF A JUSTICE offers a warm and fascinating account of Justice Stevens' unique and transformative American life. This comprehensive memoir is a must read for those trying to better understand our country.
