On the Brink of Everything Simon and Schuster

A new edition of the #1 NYT's bestseller by Mark Nepo, who has been called "one of the finest spiritual guides of our time" and "a consummate storyteller."

Philosopher-poet and

cancer survivor Mark Nepo opens a new season of freedom and joy—an escape from deadening, asleep-at-the-wheel sameness—that is both profound and clarifying. His spiritual daybook is a summons to reclaim aliveness, liberate the self, take each day one at a time, and savor the beauty offered by life's unfolding. Reading his poetic prose is like being given second sight, exposing the reader to life's multiple dimensions, each one drawn with awe and affection. *The Book of Awakening* is the result of Nepo's journey of the soul and will inspire others to embark on their own. He speaks of spirit and friendship, urging readers to stay vital and in love with this life, no matter the

hardships. Encompassing many traditions and voices, Nepo's words offer insight on pain, wonder, and love. Each entry is accompanied by an exercise that will surprise and delight the reader in its mind-waking ability.

The Journey of the Called Life Grove Press

In the thick of modern life, we are tempted to forget what we are doing and why we are doing it. We are busy socializing, building careers, and looking for fun—but what's it all for? The ancient concept of “vocation” has recently gained popularity as we return to questions about the meaning of life. Almost all religions include the idea that divine purposes should guide our lives; Christianity

has particularly accented it. The God who called Israel and sent Jesus has something in mind for us. God's call challenges us, but also opens us to the best sort of life imaginable. In *Living Vocationally*, the challenge and the joy of the called life is thoroughly explored. Part one considers the benefits of living vocationally, biblical traditions of call, and subsequent Christian understandings. Part two examines why vocation pertains not only to careers, but indeed touches every dimension of our lives and encompasses our full journey through life. Because every person's life includes many callings, some very difficult, part three considers the virtues we need to live

the called life well. Living Vocationally demonstrates why to have found a calling is to have found a good way to live.

A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds. What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and

literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the

Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four

authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

Focussing on distinct body practice from a range of different methods, Graeme Lynn demonstrates how to use the physical body to encourage general health and wellbeing. Starting with the fundamental concepts of movement to more advanced practice, this book will serve as a comprehensive guide to developing the physical body to transform the quality of movement, and bring greater pleasure and effectiveness into every action. Specific lessons include The Alexander Technique, The Feldenkrais

Method, and Hatha Yoga. Describing the core benefits of these methods, why they complement each other and how to use them, this is essential reading for students and practitioners of somatic methods as well as anyone interested in learning new ways to optimise health and wellbeing. *Prophet Against Slavery* ACU Press
Using the successful Inside-Out program, in which incarcerated and non-incarcerated college students are taught in the same classroom, this book explores the practice of community-based learning, including the voices of teachers and participants, and offers a model for courses, student life programs, and faculty training.

A CALL TO RENEWAL

In a special hardcover edition of *The Call*, Os Guinness challenges readers to address the search for life's meaning. This stickered graduation edition is perfect for gift-giving."

The Journey Toward an Undivided Life John Wiley & Sons

A call to advance integrative teaching and learning in higher education. From Parker Palmer, best-selling author of *The Courage to Teach*, and Arthur Zajonc, professor of physics at Amherst College and director of the academic program of the Center for Contemplative Mind in Society, comes this call to revisit the roots and reclaim the vision of

higher education. *The Heart of Higher Education* proposes an approach to teaching and learning that honors the whole human being—mind, heart, and spirit—an essential integration if we hope to address the complex issues of our time. The book offers a rich interplay of analysis, theory, and proposals for action from two educators and writers who have contributed to developing the field of integrative education over the past few decades. Presents Parker Palmer's powerful response to critics of holistic learning and Arthur Zajonc's elucidation of the relationship between science, the humanities, and the contemplative traditions Explores

ways to take steps toward making colleges and universities places that awaken the deepest potential in students, faculty, and staff Offers a practical approach to fostering renewal in higher education through collegiality and conversation *The Heart of Higher Education* is for all who are new to the field of holistic education, all who want to deepen their understanding of its challenges, and all who want to practice and promote this vital approach to teaching and learning on their campuses.

The revolutionary life of an 18th-century dwarf activist who was among the first to fight against slavery and animal cruelty. Prophet Against Slavery is an action-packed chronicle of the remarkable and radical Benjamin Lay, based on the award-winning biography by Marcus Rediker that sparked the Quaker community to re-embrace Lay after 280 years of disownment. Graphic novelist David Lester brings the full scope of Lay's activism and ideas to life. Born in 1682 to a humble Quaker family in Essex, England, Lay was a forceful and prescient visionary. Understanding the fundamental evil that slavery represented, he would unflinchingly

use guerrilla theatre tactics and direct action to shame slave owners and traders in his community. The prejudice that Lay suffered as a dwarf and a hunchback, as well as his devout faith, informed his passion for human and animal liberation. Exhibiting stamina, fortitude, and integrity in the face of the cruelties practiced against what he called his "fellow creatures," he was often a lonely voice that spoke truth to power. Lester's beautiful imagery and storytelling, accompanied by afterwords from Rediker and Paul Buhle, capture the radicalism, the humor, and the humanity of this truly modern figure. A testament to the impact each of us can make, Prophet

Against Slavery brings Lay's prophetic vision to a new generation of young activists who today echo his call of 300 years ago: "No justice, no peace!"

What on Earth Am I Here For? Ballantine Books

Parker J. Palmer *On the Brink of Everything: Grace, Gravity, and Getting Old From beloved and bestselling author Parker J. Palmer (Let Your Life Speak, The Courage to Teach, Healing the Heart of Democracy)* comes a brave and beautiful book of reflections on eight decades of life and work. Reframing aging as "a passage of discovery and engagement," Palmer says, "Old is just another word for nothing left to lose, a time to take bigger

risks on behalf of the common good." On the Brink of Everything is not a "guide to" or "handbook for" getting old. Instead, it's Palmer turning the prism of insight on his experience as a way of encouraging readers to do the same with theirs. In elegant prose and lyrical poetry, he offers a set of meditations on the meanings of one's life, past, present, and future. "The laws of nature that dictate the sunset dictate our demise," Palmer writes. "But how we travel the arc between our own sunrise and sundown is ours to choose: will it be denial, defiance, or collaboration?" With gravity and levity, compassion and chutzpah, Palmer writes about cultivating

a robust inner and outer life, a sense of meaning and purpose amid pain as well as joy, and the intergenerational relations that enhance the lives of young and old alike. Here's a book not only for elders but also for those younger folks we call "old souls." And this book sings! It includes three songs by Palmer's longtime friend and colleague, singer-songwriter Carrie Newcomer, written in response to themes in the book. At the download site for the songs, Palmer and Newcomer hope to engage readers in an ongoing conversation about what Howard Thurman called "the growing edge" of our personal and public lives. Ultimately, Palmer sees age as a

precious gift: "The fact that I've come this far makes me one of the lucky ones." Surprised by the fact that he likes being old, he writes, "Welcome to the brink of everything. It takes a lifetime to get here, but the stunning view and the wake-up breeze in your face make it worth the trip."

Beacon Press

"This book is for teachers who have good days and bad -- and whose bad days bring the suffering that comes only from something one loves. It is for teachers who refuse to harden their hearts, because they love learners, learning, and the teaching life." - Parker J. Palmer [from the Introduction]

Teachers choose their vocation for reasons of the heart, because they care deeply about their students and about their subject. But the demands of teaching cause too many educators to lose heart. Is it possible to take heart in teaching once more so that we can continue to do what good teachers always do -- give heart to our students? In *The Courage to Teach*, Parker Palmer takes teachers on an inner journey toward reconnecting with their vocation and their students -- and recovering their passion for one of the most difficult and important of human endeavors.

Let Your Life Speak
Anniversary Collection
Political protests,
debates on college

campuses, and social media tirades make it seem like everyone is speaking their minds today. Surveys, however, reveal that many people increasingly feel like they're walking on eggshells when communicating in public. Speaking your mind can risk relationships and professional opportunities. It can alienate friends and anger colleagues. Isn't it smarter to just put your head down and keep quiet about controversial topics? In this book, Hrishikesh Joshi offers a novel defense of speaking your mind. He explains that because we are social creatures, we never truly think alone. What we know depends on what our community knows. And

by bringing our unique perspectives to bear upon public discourse, we enhance our collective ability to reach the truth on a variety of important matters. Speaking your mind is also important for your own sake. It is essential for developing your own thinking. And it's a core aspect of being intellectually courageous and independent. Joshi argues that such independence is a crucial part of a well-lived life. The book draws from Aristotle, John Stuart Mill, Friedrich Nietzsche, Bertrand Russell, and a range of contemporary thinkers to argue that it's OK to speak your mind. Key Features Shows that we have not just a right but a moral duty to publicly

share what we know. Argues that discussing your unique ideas with others is essential for developing as a critical thinker. Explores the value of intellectual honesty and independence in the writings of John Stuart Mill and Friedrich Nietzsche and connects their thinking to contemporary problems. Argues that avoiding cultural blind spots today is important for the fate of future generations. *Living Vocationally* Augsburg Books WINNER OF THE COSTA FIRST NOVEL AWARD A NATIONAL BOOK FOUNDATION 5 UNDER 35 "Open Water is tender poetry, a love song to Black art and thought, an exploration of intimacy and vulnerability between two young artists

learning to be soft with each other in a world that hardens against Black people.”—Yaa Gyasi, author of *Homegoing* In a crowded London pub, two young people meet. Both are Black British, both won scholarships to private schools where they struggled to belong, both are now artists—he a photographer, she a dancer—and both are trying to make their mark in a world that by turns celebrates and rejects them. Tentatively, tenderly, they fall in love. But two people who seem destined to be together can still be torn apart by fear and violence, and over the course of a year they find their relationship tested by

forces beyond their control. Narrated with deep intimacy, *Open Water* is at once an achingly beautiful love story and a potent insight into race and masculinity that asks what it means to be a person in a world that sees you only as a Black body; to be vulnerable when you are only respected for strength; to find safety in love, only to lose it. With gorgeous, soulful intensity, and blistering emotional intelligence, Caleb Azumah Nelson gives a profoundly sensitive portrait of romantic love in all its feverish waves and comforting beauty. This is one of the most essential debut novels of recent years, heralding the arrival of a stellar and prodigious young talent.
