The Hindu Way: An Introduction to Hinduism, the new book by bestselling author Shashi Tharoor, whose last three books have sold over a quarter of a million copies in hardback, is the perfect introduction to one of the world's oldest, largest and most complex religions. Although there are hundreds of books on Hinduism, there are only a few which provide a lucid, accessible, yet deeply layered account of the religion's numerous belief systems, schools of thought, sects, tenets, scriptures, deities, rituals, customs, festivals and philosophies. This book is one of them.

My Frozen Turbulence in Kashmir, the Twelfth Edition of which is now being released, is a land-mark publication. It narrates and analyses not only the tumultuous events of the author's two terms of Governorship but also of subsequent developments which underline how a tragic blunder of truly historic proportion was committed by the power that be at the Union Government level by not seeing the warning signals hoisted by him. The updated Edition shows how the combined onslaught of subversive, separatists and pro-Pakistan elements was faced, particularly in the wake of Burhan Wani's death. It also shows how the outrageous perfidies of the genre of Uri terror attack were dealt with by Prime Minister Narendra Modi and how a New Resolve was formulated by him with seven ingredients, viz: (I) Exposure of Pakistan at UN Assembly; (II) Boycott of 19th SAARC Summit; (III) Revisiting Indus Water Treaty and Most Favoured Nation Status; (IV) Surgical Strike; (V) Baring the Ugly Face of Pakistani Bred Terrorism At the Multilateral Forum of BRICS; (VI) Deeper Exposure of Pakistan at HEART of Asia-Afghanistan Conference; (VII) Highlighting the Continued Violations of Human Rights in Balochistan and PoK, and Countering Pakistan's Diabolical Disinformation Campaign with Regard to Kashmir. Finally, the Edition assesses the promise, performance and

potential of the new helmsman. It ends with the hope of emergence of a new pattern which is appeasement-free, terror-free, and in which the noblest strands and sinews of India's cultural heritage of treating service to man as service to God are regenerated, from Kashmir to Kanyakumari, providing an illuminating avenue for reaching the goal of a mighty, enlightened and forward-looking India.

Striker is the story of a young football player, Prasoon Joshi, whose father, once a top scorer in the Calcutta League, is completely sidelined after being accused by the club of deliberately throwing the winning goal. As a young player struggling to make his mark, Prasoon not only has to battle the ruthless exploitation of the football clubs, his family's straitened financial circumstances, and his own development as a player, but he has also to exorcise his father's ghosts. Stopper, on the other hand, is the story of the much older Kamal Guha, a veteran player with an eclectic record, now playing the final game of his career... Both novellas brilliantly capture the heady highs, and the crushing lows, the heroism ? and the ignominy ? of sport. However, it is always the game, and the action on the field, that is the real hero of Moti Nandy's writing.

The Odyssey Of Kashmiri Pandits Harper Collins

This book *The Odyssey of Kashmiri Pandits* presents the pathetic life of Kashmiri Pandits in exile. The Mass Exodus from their homes in the year 1990, have left them as refugees in their own country. The original inhabitants of Kashmir, scattered all over the world, are now haunted by nostalgia of Paradise on Earth. They were hounded out, after inflicting taunts, physical abuse, miseries, loot, and selective killing. The exiled community hopes to go back to their home land some day. What could have been the reasons for all these miseries? Were the killers caught?

Kashmiri Life Narratives Hachette India

Kashmir lies at the edge of India's borders and at the heart of India's consciousness. It is not geography that is the issue; Kashmir also guards the frontiers of ideology. If there was a glow of hope in the deepening shadows of a bitter Partition, then it was Kashmir, whose people consciously rejected the false patriotism of fundamentalism and made common cause with secular India instead of theocratic Pakistan. Kashmir was, as Sheikh Abdullah said and Jawaharlal Nehru believed, a stabilising force for India.

Why has that harmony disintegrated? Why has the promise been stained by the blood of rebellion? M.J. Akbar, the celebrated author of *India: The Siege Within*, *Nehru: The Making of India*, *Riot After Riot* and *The Shade of Swords: Jihad and the Conflict between Islam and Christianity* delves deep into the past for the roots of Kashmiriyat, the identity and culture that has blossomed within the ring of mountains for thousands of years. He records Kashmir's struggle in the century to first free itself from feudal oppression and then enter the world of modern India in 1947. Placing the mistakes and triumphs of those early, formative years in the perspective of history, the author goes on to explain how the 1980s have opened the way for Kashmir's hitherto marginalized secessionists. Both victory and defeat have their lessons; to forget either is to destabilize the future. Kashmir and the mother country are inextricably linked. India cannot afford to be defeated in her Kashmir.

Basharat Peer was a teenager when the separatist movement exploded in Kashmir in 1989. Over the following years countless young men, seduced by the romance of the militant, fuelled by feelings of injustice, crossed over the Line of Control to train in Pakistani army camps. Peer was sent off to boarding school in Aligarh to keep out of trouble. He finished college and became a journalist in Delhi. But Kashmir—angrier, more violent, more hopeless—was never far away. In 2003, the young journalist left his job and returned to his homeland to search out the stories and the people which had haunted him. In *Curfewed Night* he draws a harrowing portrait of Kashmir and its people. Here are stories of a young man's initiation into a Pakistani training camp; a mother who watches her son forced to hold an exploding bomb; a poet who finds religion when his entire family is killed. Of politicians living in refurbished torture chambers and former militants dreaming of discotheques; of idyllic villages rigged with landmines, temples which have become army bunkers, and ancient sufi shrines decapitated in bomb blasts. And here is finally the old story of the return home—and the discovery that there may not be any redemption in it. Lyrical, spare, gutwrenching and intimate, *Curfewed Night* is a stunning book and an unforgettable portrait of Kashmir in war.

Baz and Roopmati fall in love. But, far away, in Agra, the Mughal Emperor, Akbar, is planning his campaigns and Mandu has been pinned on his map as a kingdom to be captured. "Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of 'Azaadi' [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces, the pro-independence demands of Muslim separatists or India and Pakistan's rivalry. But there is another part of the story that has remained unrecorded and buried. Our Moon Has Blood Clots is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Rahul Pandita has written a deeply personal, powerful and unforgettable story of history, home and loss."-- Page 4 of cover.

"A deeply moving, funny, and brilliantly written account from one of India's most original new voices." —Katherine Boo Like Dave Eggers's *Zeitoun* and Alexander Masters's *Stuart*, this is a tour de

force of narrative reportage. Mohammed Ashraf studied biology, became a butcher, a tailor, and an electrician's apprentice; now he is a homeless day laborer in the heart of old Delhi. How did he end up this way? In an astonishing debut, Aman Sethi brings him and his indelible group of friends to life through their adventures and misfortunes in the Old Delhi Railway Station, the harrowing wards of a tuberculosis hospital, an illegal bar made of cardboard and plywood, and into Beggars Court and back onto the streets. In a time of global economic strain, this is an unforgettable evocation of persistence in the face of poverty in one of the world's largest cities. Sethi recounts Ashraf's surprising life story with wit, candor, and verve, and *A Free Man* becomes a moving story of the many ways a man can be free.

The human face of poverty The poor in India are, too often, reduced to statistics. In the dry language of development reports and economic projections, the true misery of the 312 million who live below the poverty line, or the 26 million displaced by various projects, or the 13 million who suffer from tuberculosis gets overlooked. In this thoroughly researched study of the poorest of the poor, we get to see how they manage, what sustains them, and the efforts, often ludicrous, to do something for them. The people who figure in this book typify the lives and aspirations of a large section of Indian society, and their stories present us with the true face of development.

The Absent State Routledge

This book uses an innovative people-centered approach to the Kashmir problem to shed new light on why postcolonial partitions remain unfinished and why the wounds of postcolonial nation-state formation in South Asia continue to fester. "Kashmir" is viewed as a metaphor for the permanent internal wars of partition that mark the South Asian experience. Chapters sensitively bring Kashmiri voices to the fore to examine Kashmir in the national discourses of India and Pakistan, resistance in the Kashmiri imagination and the Kashmir conflict in a global context. The book foregrounds how the space of Kashmir as a cultural, historical and political sphere persists and continues to haunt the postcolonial national present as the people of Kashmir and their cultural, literary and artistic productions cannot be contained within the regnant paradigms of the nations across which the region is partitioned. Additionally, the book explores how long-term resolution would demand engagement with historical forces, political actors and social formations that exceed the nation-state. An important contribution to the study of this troubled region, this book will be of interest to academics and researchers of modern South Asian history and politics as well as comparative politics and international relations.

This book, written during the pandemic, is the brainchild of the author, based primarily on the Kashmiri sayings the elders used to quote and intersperse during their day-to-day conversations. Such special sayings, the proverbs, are gems of wisdom that give advice about life. Proverbs do reflect and demonstrate national events, social customs and vices, and are found in all languages and societies alike. As rightly said by a Panamanian, "Proverb is to speech what salt is to food." Generations have passed, but those proverbs are relevant even today. These proverbs, handed over through word of mouth, might slowly dwindle and vanish from our lives as our future generations are bound to distance themselves from the use of Kashmiri language due to circumstances created by the design, compulsion or choice. This concern prompted me to document these proverbs. The compilation has 101 Kashmiri proverbs in English, Urdu and Hindi, to ensure better reach. The meaning of each word is annexed

with an elaborate description, interpretation and usage with illustrative examples, wherever possible. These proverbs are hoped to invoke interesting memories in Kashmiris, in particular and a positive reception from other regions as well, by recapitulating similar proverbs in their own languages.

BIBLE PROPHECY, ISRAEL, AND THE FOUR BLOOD MOONS

The present-day Kashmir valley, according to Nilmat Purana, the sixth century Sanskrit Classic, was a large lake called Satisar surrounded by gigantic snow-peaked mountains. Geological findings confirm that the Valley was once submerged underwater. There is a tradition that the lake was drained by an ascetic, named Kashyapa Rishi (sage) by cutting the gap in the hills at Baramulla (Varaha-mula). Hence the reclaimed land was called Kashyap Mar. In the people's language over a while, Kashyap Mar became 'Kashmir, ' the present name of the Valley. The Hindus of Kashmir Valley, popularly known as Kashmiri Pandits, are the aboriginal people of the Valley. Their ancestors (Saraswat Brahmins) settled in the Valley over five thousand years ago after the original lake was drained and the land became habitable. The Valley inhabitants were principally Hindus until the 14th century when Islamists entered the Valley and began converting Hindus to Islam. Seven mass exoduses of Kashmiri Pandits from the Valley have occurred in the past 600 years. In the mid-1980s, the Islamist radicals, with the help of the local Muslim majority, began a militarized crusade to Islamize the Valley. Throughout the summer of 1989, armed radical Islamists intensified their jihad in Azadi's name (freedom) to Islamize the Valley. Explosive and inflammatory speeches broadcast from the loudspeakers installed on the mosques became frequent. Thousands of audio cassettes, carrying similar propaganda, were played all over the Valley to instill fear into the already frightened Kashmiri Pandit community. There were open calls for the establishment of an Islamic order. Various Islamist groups like Jamat-i-Islami and its militant wing Hizbul Mujahideen, women's wing Dukhtaran-i-Millat, Jamiat-ul-Mujahideen, Allah Tigers, Jamiatul-Ulemmi Islam, etc. proclaimed the objective of their struggle as Islamization of the Kashmir valley and its merger with Pakistan. The Islamic extremists launched a malicious campaign against the Kashmiri Pandits through sermons in mosques and via the local Urdu newspapers

by publishing materials derogatory to Pandits and by denigrating their history, customs, and traditions, with an object of spreading hatred and disinformation about this ancient indigenous community amongst the ordinary Muslim masses in the Valley. On January 4, 1990, a local Urdu newspaper, Aftab, published a press release issued by Hizb-ul-Mujahideen, asking all Pandits to leave the Valley immediately. Another ultimatum was given to the minority Pandit community through the local press on April 14, 1990, asking them to leave the Valley within two days or face death. This announcement was published in a popular local newspaper Alsafa, Srinagar, on April 14, 1990. These warnings were followed by Kalashnikov-wielding masked Jihadis carrying out military-type exercises openly. The elimination of the entire Pandit community was deemed necessary to rid the Valley of its un-Islamic elements. To achieve their goal, Islamists began a campaign of killing Hindus in cold blood. From late 1989 to mid-1990, over 1000 Hindus were massacred - a genocide forgotten. The Hindus' atrocities led to the exodus of the entire Hindu population from the Valley to Jammu and other cities in India. Over 350,000 Pandits became refugees in their own country and are still waiting to return to their homeland. The account given here is an abridged description of the ethnic cleansing and the subsequent exodus of Kashmiri Pandits from the Kashmir Valley in 1989-90, who became refugees in their own country. Not only has this human tragedy been forgotten by the world community, but a campaign of disinformation coupled with misguided and misinformed narrative has been perpetuated for years by Pakistan, Muslims, and the media. The author, whose family has been a victim of this human catastrophe, hopes that this text sets the record straight for future generations of the uprooted Pandits.

University Press of Kentucky

Remarkable ... closely reported, sharply insightful, richly readable -- RAMACHANDRA GUHA From 2011 to 2015, Ashutosh Bhardwaj lived in India's 'red corridor', and made several trips thereafter, reporting on the Maoists, on the state's atrocities, and on lives caught in the crossfire. In *The Death Script*, he writes of his time there, of the various men and women he meets from both sides of the conflict, bringing home with astonishing power the human cost of such a battle. Narrated in multiple voices, the book is a creative biography of Dandakaranya that combines the rigour of journalism, the intimacy of a diary, the musings of a travelogue, and the craft of a novel. Through the prism of the Maoist insurgency, Bhardwaj meditates on larger questions of violence and betrayal, sin and redemption, and what it means to live through and write about such experiences -- making *The Death Script* one of the most significant works of non-fiction to be published in recent times.

MY FROZEN TURBULENCE IN KASHMIR

Historically, the book of Exodus treats of the deliverance of Israel from Egypt; but viewed doctrinally, it deals with redemption. Just as the first book of the Bible teaches that God elects unto salvation, so the second instructs us how God saves, namely, by redemption. Redemption, then, is the dominant subject of Exodus. Following this, we are shown what we are redeemed for-worship, and this characterizes Leviticus, where we learn of the holy requirements of God and the gracious provisions He has made to meet these. In Numbers we have the walk and warfare of the wilderness, where we have a typical representation of our experiences as we pass through this scene of sin and trial-our repeated and excuseless failures, and God's long-sufferance and faithfulness.

When Kashmiri Pandits congregate, the conversation invariably veers towards food where recipes are discussed but some secrets also withheld. A favourite dish is invariably best cooked by

someone in each family. Some families moved out of Kashmir over two hundred years back and settled in Lahore, Delhi, UP, etc. Their cuisine incorporated aspects of Awadhi cooking and differed from similar recipes of the valley. This book highlights this particular cuisine and includes many traditional dishes and also some that would surprise everyone. Keeme ki Barfi and

Zaminkand ke Shahi Tukre will just add the extra sparkle to any chefs repertoire while the traditional Shufta and Kabargah will instantly make any Kashmiri Pandits mouth water. The collection of recipes is a treasure trove from Annapurnas own experience and from knowledge handed down from generations in the family. Each recipe has her special flavour and tried and tested over the

years. The reader gets a window into the Kashmiri Pandit cuisine with the added benefit of being able to try them out with simple instructions and useful tips. The book, amongst other recipes, includes both vegetarian and nonvegetarian dishes, some special rice recipes, a low-calorie section, and something for those with a sweet tooth.
