Japanese Short Stories for

Beginners Firenze University Press
 A Publishers Weekly Most Anticipated Book for Fall 2019 “In embracing one’s own beat, Pokko discovers, extraordinary things can happen.” —Publishers Weekly (starred review) “Forsythe’s coy, playful writing is a wonder on its own, but the lush...illustrations beautifully elevate the tale...Inspirational.” —Booklist (starred review) “Celebrating both community

and individuality, this droll, funny offering will tickle kids and adults alike.” —Kirkus Reviews “Has the feel of an instant classic, the kind of book you can easily convince yourself has been around forever, spreading joy.” —Quill & Quire (starred review) From E.B. White Read Aloud honor artist Matthew Forsythe comes a picture book about a magical drum, an emerald forest, and the little frog who dares to make her own music. The biggest mistake Pokko’s parents ever made was giving her the drum. When Pokko takes the drum deep into the forest it is so quiet, so very quiet that Pokko decides to play. And before she knows it she is joined by a band of animals —first the raccoon, then the rabbit, then the wolf—and soon the entire forest is following her. Will Pokko hear her father’s voice when he calls her home? Pokko and the Drum is a story about art, persistence, and a family of frogs living in a mushroom.

"A sumptuously documented book, one that makes innovative use of the principle of montage to generate informative historical readings of Japan's myriad mass cultural phenomena in the early twentieth century. Both in terms of its scholarship and its methodology, this is a truly admirable work."—Rey Chow, Andrew W. Mellon Professor of the Humanities, Brown University "As Miriam Silverberg has brilliantly shown here, the modern times of 1920s and '30s Japan were rendered in a cacophony of cultural mixing: a period of consumerist desires and Hollywood fantasy-making but also the rise of nationalist empire-building. Excavating its kaleidoscope of everyday culture Silverberg astutely offers a

theory of montage for how Japanese subjects 'code-switched' in juggling the mixed cultural/political elements of these times. Utilizing a montage of media, texts, sites, and scholarship, Silverberg leads the reader into the terrain of the 'erotic grotesque nonsense' in a work that is as scintillating as it is theoretically important."—Anne Allison, author of *Millennial Monsters: Japanese Toys and the Global Imagination* "Unlike other scholars who merely view ero-guro-nansensu in its literal meanings, Silverberg brilliantly documents it as a complex cultural aesthetic expressed in a spectrum of fascinating mass culture forms and preoccupations. With great erudition and humor, she traces the sensory and conceptual modes that are animated with potency and sophistication through this cultural metaphor. This book is destined to be a classic in Japan scholarship."—Laura Miller, author of *Beauty Up: Exploring Contemporary Japanese Body Aesthetics*

This book provides a critical analysis of the Rohingya refugees' identity building processes and how this is closely linked to the state-building process of Myanmar as well as issues of marginalization, statelessness, forced migration, exile life, and resistance of an ethnic minority. With a focus on the ethnic minority's life at the Myanmar-Bangladesh border, the author demonstrates how the state itself is involved in the construction of identity, which it manipulates for its own political purposes. The study is based on original research, largely drawn from fieldwork data. It presents an alternative

and endogenous interpretation of the problem in contrast to the exogenous narrative espoused by state institutions, non-governmental organizations, and the media.
