International Economics: Theory and Policy: International Edition 7/E

International Economics captures the vitality of modern international trade and finance. A classic textbook by world-

renowned authors, the Seventh Edition is comprehensively revised and updated in a new, full-color format. Research Methods for Business Students 4/E In this book, Saunders et al address what are perhaps the two biggest problems in teaching Research Methods getting students interested in methodology and theory and helping them to understand the practical relevance.

International Economics Harpercollins College Division

Krugman and Obstfeld provide a unified model of open-economy macroeconomics based upon an asset-market approach to exchange rate determination with a central role for expectations. This eighth edition integrates research, data and policy in hot topics such as outsourcing, geographic geography and financial derivatives.
