### **THE PROFIT PLAN**

John Wiley & Sons  
This new edition of  
Profit Planning is ideal  
for hotel, restaurant  
and licensed house  
managers as it focuses  
on profit planning, the  
major area of finance  
which the general  
manager needs to get  
to grips with. The  
practical aspects of  
day-to-day profit  
planning are  
emphasized, which  
means that the reader  
can understand the  
approach with the

minimum of theory and  
technical jargon. The  
examples and  
illustrations used can  
easily be translated  
into all aspects of the  
hospitality industry, so  
this book has a wide  
appeal. Unit managers  
now have high levels of  
finance responsibility  
at an early stage in  
their career. This  
reflects the growth in  
strongly branded and  
market oriented chains  
of pubs and  
restaurants which need  
to achieve swift returns  
on their investments.  
The financial  
management skills  
expected of unit  
managers are  
therefore growing in  
sophistication and this  
new edition takes full  
account of this.
