### THE RETURN OF THE SERPENTS OF WISDOM

Adventures Unlimited Press

In recent years, alternative historians have gained remarkable insight into the mysteries of ancient Egypt—but according to Lynn Picknett and Clive Prince, their discoveries tie into a dangerous conspiracy nearly fifty years in the making. At the center of this conspiracy is a group of respected, powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth. The conspirators have intimate and exclusive knowledge of this momentous second coming—but they insist on keeping it to themselves. What could be the purpose of such a conspiracy? Why are the conspirators so desperate to keep their information a secret? And what does it mean for mankind? In this riveting, well-researched book, Picknett and Price offer compelling evidence that the conspiracy exists—and expose the insidious motivations of the individuals and organizations behind it....

The Bible and Mythology have a good deal to say about the origin of the Great Pyramid and how it relates to the anthropology of hominins, including modern humans.

Humans have been chasing immortality since the beginning of history, seeking answers to sickness and aging, death and the afterlife, and questioning the human condition. Analyzing ideas from ancient Sumer, Egypt, Greece and India, as well as the Abrahamic religions of Judaism, Christianity and Islam, this study explores how early religious models influenced later beliefs about immortality, the afterlife, the human soul, resurrection, and reward and punishment. The author highlights shared teachings among the most influential religions and philosophies, concluding that humankind has not substantially changed its conceptions of immortality in 6,000 years. This continuity of belief may be due to chromosomal memory and cultural inheritance, or may represent a fundamental way of conceptualizing the afterlife to cope with mortality. Instructors considering this book for use in a course may request an examination copy here.

What was the purpose of all the megalithic architecture that was created all around the world during the Stone-Age? Ralf has developed a theory that each of these structures represents a map of the world, a map that may have been designed to pinpoint the location of the mythical Hall of Records. There is no difficulty in seeing these maps, at Stonehenge and Giza, one just needs a little lateral thinking. In fact, a six-year old is more likely to spot them than an adult. Ralph also demonstrates how important the metrology of Giza was to the ancients. In fact we still use these units today, for the Great Pyramid measures 1760 cubits around the base and the Imperial Mile measures 1760 yards. Thus America in particular is still using Egyptian metrology. The Megalithic Map series Latest version v5.4 Stonehenge, Avebury, Silbury, Henge, Great Pyramid, Giza, Meidum, Pyramid, Precession.

The Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old; however, they depict

such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax. The collection shows humans interacting with dinosaurs and various other 'monsters' such as horned men. Both Hapgood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past, and that dinosaurs had not become extinct many millions of years ago as commonly thought. David Hatcher Childress writes a lengthy introduction concerning Acambaro, the latest testing, and other evidence of 'living' dinosaurs.

This book develops new science of gravity and light based on the century-old Le Sage theory of an ether that was replaced by Einsteins Theory of Relativity. After presenting astrophysical data contradicting the theory that the universe is expanding from a Big Bang, experiments believed to prove Relativity are shown to actually prove the ether theory instead. Freedom from the speed limit of light enables a science of subatomic particles traveling faster than light to produce gravity, electric and magnetic fields, light, and radio waves. Major technical innovations include solving the two fundamental problems with the Le Sage gravity theory and extending this theory to electromagnetism and consciousness. This is a theory of everything that explains the heretofore-unknown causes of the forces of nature. This book builds on the works of Zecharia Sitchin and other authors to explain how life developed on Earth and that evolution requires direction from intelligence that dwells in the subatomic particles on which this theory of gravity and light is based. Our biblical God is shown to be a composite of Sitchins extraterrestrial gods who colonized Earth and the intelligence that dwells alongside our own mind in the particles from which the universe is constructed and powered.

\*\*\* The Great Pyramid in the Himalaya \*\*\* In 'Thoth, Architect of the Universe' Ralf discovered evidence for megalithic maps. But if these megalithic maps are to be of any use in a quest for the mythical Hall of Records, then they need to be a little more detailed than a simple representation of continents. Luckily, the shaft angles inside the Great Pyramid can refine these maps down to just a few tens of meters. And so Ralf embarked on a long trek into the high Himalaya, to see what lay at the heart of the Giza map. Strangely enough, what he found there was a giant snow-white pyramid, aligned with the cardinal points, with a causeway aligned at 14° from its base - exactly the same as the Great Pyramid itself. Sequel to "Thoth, Architect of the Universe". v3.6

Academic disinformation appears to be reaching a peak. Was it always this way, and only now with increased connectivity can we see their duplicity? Or are we living in a new era of deception? The new age is not the Anthropocene, it is actually the Deceptocene. Thus we see: Clerics only telling their flocks half of the gospel story. Medics refusing to investigate alternative therapeutics. Climate scientists amending and cherry-picking data. The media not investigating alternate facts and data. Academics jumping on bandwagons for grant funding. Politicians using cherry-picked data to their advantage. Are these academic deceptions the result

of intentional deceit or sheer incompetence? To be sure there are any number of incompetent scientists, historians and clerics, but I get the impression that much of this is due to deliberate falsification and fraud. The world is awash with duplicity and deceit, and it is time to break through the deception. V1.2 Colour. *The Middle of the Earth* Atlantis Rising magazine Through his worldwide research into its disappearance, author Frank Joseph has learned that the Ark was not a mere legend; nor was it just an elaborate box used to store the original Ten Commandments. It was, he asserts, purpose-built to harness the powers of the Earth for humanity's continued physical existence and spiritual evolutions.

Everyone in the world is familiar with the Great Pyramid in Egypt, but only a few realize it was ordained by the hand of God. The prophet Isaiah tells us it's an altar and a witness for the one true God. Josephus, the Jewish historian, says it was built by the children of Seth before the great flood. Egyptian legend calls it the "Pillar of Enoch" after the Patriarch who walked with God. Early Jewish writings, Egyptian hieroglyphs, and ancient historians provide clues to the secrets within the Great Pyramid. But first you must ask yourself, what is Truth? Are you willing to set aside your preconceptions to understand the Truth? *The Middle of the Earth: Genesis in Egypt* reveals astonishing truths that can transform our world and beckon all who read it to the call of Christ. Western civilization has pushed God out of the picture and filled us with false ideas. Author Allen Austin urges you to reject the false absurdities and embrace our true history. It lies in the middle of the earth.

Completing our conscious evolution by releasing our collective fear of catastrophes • Explains how we are on the cusp of an era of incredible creative growth • Shows how we are about to overcome the collective fear caused by ancient catastrophes as we awaken to the memories of our lost prehistory • Examines legendary cataclysms and scientific evidence of a highly advanced global culture that disappeared 11,500 years ago In this completely revised and expanded edition of *Catastrophobia*, bestselling author Barbara Hand Clow explains how we are on the

cusp of an age of incredible creative growth made possible by restoring our lost prehistory. Examining legendary cataclysms--such as the fall of Atlantis and the biblical Flood--and the mounting geological and archaeological evidence that many of these mythic catastrophes were actual events, she reveals the existence of a highly advanced global maritime culture that disappeared amid great earth changes and rising seas 14,000 to 11,500 years ago, nearly causing our species' extinction and leaving humanity's collective psyche deeply scarred. Tracing humanity's reemergence after these prehistoric catastrophes, Clow explains how these events in the deep past influence our consciousness today. Guided by Carl Johan Calleman's analysis of the Mayan Calendar, she reveals that as the Earth's 26,000-year precessional cycle shifts, our evolution is accelerating to prepare us for a new age of harmony and peace. She explains how we are beginning a collective healing as ancient memories of prehistory awaken in our minds and release our unprocessed fear. Passed from generation to generation, this fear has been responsible for our constant expectations of apocalypse. She shows that by remembering and moving beyond the trauma of our long lost past, we bring the era of cataclysms to an end and cross the threshold into a time of extraordinary creative activity.
