SILAS BOYER

Histoire d'une construction identitaire en Bolivie

(1952-2006) José Oscar Frigerio

Autor do mais bem-sucedido livro sobre criatividade publicado no Brasil, Roberto Menna Barreto, nesta sua nova obra, expande seus conceitos de forma a abarcar todas as possíveis aplicações da criatividade na vida pessoal e profissional. Calcado em sua experiência em mais de quinhentos seminários para grandes empresas e público em geral, apresenta-nos um livro de grande fôlego, ambicioso, inspirador, irresistível.

La grande guerra di Clemente Arcadia Publishing

Genre studies and genre approaches to literacy instruction continue to develop in many regions and from a widening variety of approaches. Genre has provided a key to understanding the varying literacy cultures of regions, disciplines, professions, and educational settings. *GENRE IN A CHANGING WORLD* provides a wide-ranging sampler of the remarkable variety of current work. The twenty-four chapters in this volume, reflecting the work of scholars in Europe, Australasia, and North and South America, were selected from the over 400 presentations at SIGET IV (the Fourth International Symposium on Genre Studies) held on the campus of UNISUL in Tubarão, Santa Catarina, Brazil in August 2007—the largest gathering on genre to that date. The chapters also represent a wide variety of approaches, including rhetoric, Systemic Functional Linguistics, media and critical cultural studies, sociology, phenomenology, enunciation theory, the Geneva school of educational sequences, cognitive psychology, relevance theory, sociocultural psychology, activity theory, Gestalt psychology, and schema theory. Sections are devoted to theoretical issues, studies of genres in the professions, studies of genre and media, teaching and learning genre, and writing across the curriculum. The broad selection of material in this volume displays the full range of contemporary genre studies and sets the ground for a next generation of work.

The Paraguayan War: Causes and early conduct Edizioni Studium S.r.l.

Bruno Zevi (1918-2000) è un punto di riferimento e di confronto per chiunque si occupi di architettura. Storico innovatore, critico raffinato, colto divulgatore, polemista acuto, Zevi ha riportato l'architettura e la sua storia al centro del dibattito culturale.

Basata su un'indagine documentaria minuziosa, questa Introduzione è il primo studio sistematico che ne ricostruisce la biografia intellettuale, la presenza e il ruolo sulla scena nazionale e internazionale.

LATIN AMERICAN RESEARCH REVIEW

Isla Negra Editores

No es un secreto que el pensamiento de John Rawls ha dirigido una parte importante de las discusiones que se han producido a lo largo de las últimas cuatro décadas en el campo de la filosofía moral y política. Autor de un volumen de escritos comparativamente modesto, la aparición de cada uno de sus tres libros principales ha fijado algunos de los temas centrales de la agenda generando sucesivas oleadas de debate. La publicación en 1971 de su obra principal, *A Theory of Justice*, contribuyó como ninguna otra a la recuperación de la filosofía moral y política como empresa racional, y originó una amplísima discusión que afectó prácticamente a todos los niveles de la disciplina. La aparición de *Political Liberalism* (1993) situó la teoría de la justicia en el centro de una concepción del Estado constitucional, abriendo nuevos frentes de discusión. Cuando el ciclo de su pensamiento parecía cerrado, la aparición del opúsculo *The Law of Peoples*, escrito en condiciones de salud muy parecidas, y publicada en 1999, cuatro años antes de la muerte del autor, supuso un interesante giro en su trayectoria intelectual.

Boletín oficial del estado Tiemme Edizioni Digitali

A partire dall'autunno del 2014 in tutto il mondo inizieranno le celebrazioni per il centenario di AFS (American Service Field), l'organizzazione di volontariato internazionale che dal 1914 a oggi si è trasformata nella più grande rete mondiale dedicata agli scambi scolastici internazionali, Intercultura. Tra tantissimi episodi e testimonianze, in questo libro scorre la storia, l'avventura centenaria di un'organizzazione di volontari, nata in Francia da giovani Americani per salvare i feriti in guerra e diventata un movimento per l'educazione alla pace e al dialogo interculturale. Le pagine di questo volume ricordano fatti e persone che l'hanno immaginata, sostenuta, accresciuta e trasformata in un progetto esemplare di respiro mondiale e di globalizzazione positiva. La storia di Intercultura è più che mai singolare e questo libro è un omaggio al movimento internazionale che ha coinvolto fino a oggi oltre 48.000 studenti

italiani all'estero e oltre 37.000 studenti stranieri ospitati da famiglie italiane; giovani che hanno superato le frontiere culturali e ideologiche, rispondendo all'invito dell'AFS, proprio come le frontiere politiche attraversate in ogni senso dagli ambulanzeri dell'American Field Service durante le due guerre.

ITALIAN BOOKS AND PERIODICALS

Armand Colin

Third volume in an anthology focused on recent short stories from the Caribbean. This book contains 12 writers of "micro-stories" each from Cuba, Puerto Rico, and the Dominican Republic.

The Years of Bloom Editorial Dykinson, S.L.

With an afterword by Natasha Wimmer. Winner of the Heralde Prize and the Rómulo Gallegos Prize. Natasha Wimmer's translation of *The Savage Detectives* was chosen as one of the ten best books of 2007 by the Washington Post and the New York Times. *New Year's Eve 1975*, Mexico City. Two hunted men leave town in a hurry, on the desert-bound trail of a vanished poet. Spanning two decades and crossing continents, theirs is a remarkable quest through a darkening universe – our own. It is a journey told and shared by a generation of lovers, rebels and readers, whose testimonies are woven together into one of the most dazzling Latin American novels of the twentieth century.

WORLDS BEYOND WORDS

Parlor Press LLC

Teaching Music in the Multicultural Early Childhood Classroom discusses principles and strategies for integrating music into early childhood and early elementary school education. Readers learn how music education meets the expressive and developmental needs of young children, and how integrating music into curricula enhances enactive, iconic, and symbolic learning experiences. Written to align with national teaching standards for early childhood teaching certification, the book teaches readers how to identify and describe basic music notation, perception, and performance. They study music and lesson planning methodology, and learn how to successfully plan and present a lesson using music as the link to the desired learning objective. Specific topics include music for children with special needs, multicultural music, ELL and ESL bilingual fluencies, rhythm and movement, extension and character songs, and the importance of

singing. Each chapter includes lesson plan templates and study guides with key terms and assessment questions. The book features numerous activities, all of which have been successfully class-tested. *Teaching Music in the Multicultural Early Childhood Classroom* has been developed for courses in early childhood music, and elementary school programs such as music and children, music in the early childhood, Mommy and Me, and Kindermusik, among others.

MLA International Bibliography of Books and Articles on the Modern Languages and Literatures Il Saggiatore

La Bolivie est perçue comme la plus indienne des nations latino-américaines. Toutefois, si l'État reconnaît actuellement cinquante-cinq groupes ethniques, la figure nationale de l'Indien est incarnée par les seuls Aymaras. Cette instrumentalisation politique de l'aymarité débute avec la révolution de 1952 qui entendait exalter le caractère populaire du régime. Depuis, certains hommes politiques se sont revendiqués aymaras, suscitant, par là même, une identification massive de la population. L'élection d'Evo Morales, en 2005, puis sa réélection en 2009 en constituent la meilleure preuve. Dire que les Indiens sont les protagonistes de leur propre libération constitue, cependant, une maigre explication pour l'historien. La perspective essentialiste qui s'est imposée appréhende l'indianité comme relevant de critères biologique, généalogique ou transhistorique. Ce faisant, elle ignore le caractère construit des identités, comme elle méconnaît l'histoire du brassage des êtres et des imaginaires vécu par ce pays. En tentant de reconstituer le processus de construction et de cristallisation de l'aymarité, cet ouvrage veut s'inscrire dans une histoire sociale et culturelle des militants et des universitaires engagés dans la promotion de la différence ethnique. Verushka ALVIZURI, docteur en histoire, est maître de conférences à l'université Bordeaux III-Michel-de-Montaigne.

PT. BIBLIOGRAFÍA Y CURRÍCULUM VITAE. TRES CONFERENCIAS (ESTUDIOS HISTORIOGRÁFICOS)

University of Ottawa Press

The Paraguayan War (1864-70) was the deadliest and most extensive interstate war ever fought in Latin America. The conflict involving Paraguay, Uruguay, Argentina, and Brazil killed hundreds of thousands of people and had dire consequences for the Paraguayan dictator Francisco Solano López and his nation.

Though the Paraguayan War stirs the same emotions in South Americans as does the Civil War in the United States, there have been few significant investigations of the war available in English. In this first of two volumes, Thomas L. Whigham provides an engrossing and comprehensive account of the war's origins and early campaigns, and he guides the reader through the complexities of South American nationalism, military development, and political intrigue. Whigham portrays the conflict as bloody and inexcusable, though it paved the way for more modern societies in the continent. The Paraguayan War fills an important gap in our understanding of Latin American history.

I cavalieri dell'aria Edwin Mellen Press

Questo volume raccoglie e rielabora le relazioni presentate al convegno "Ali sul Po" di Rovigo del 18 novembre 2006. Oltre agli autori dei contributi di questo libro, hanno partecipato al convegno Pier Luigi Lodi di Gorizia e Giorgio Evangelisti (forse il massimo storico italiano dell'aviazione). La relazione di Evangelisti è tratta dal suo libro *La scrittura nel vento*. Gabriele D'Annunzio e il volo su Vienna (1999).

Summus Editorial

Mexican American Baseball in South Texas pays tribute to the former baseball teams and players from Edinburg, McAllen, Mission, Pharr, Donna, Alamo, San Juan, Brownsville, Harlingen, and other surrounding communities. From the late 19th century through the 1950s, baseball in South Texas provided opportunities for nurturing athletic and educational skills, reaffirming ethnic identity, promoting political self-determination, developing economic autonomy, and reshaping gender roles for women. Games were special times where Mexican Americans found refuge from backbreaking work and prejudice. These unmatched photographs and stories shed light on the rich history of baseball in this region of Texas.

Music and Children HOEPLI EDITORE

While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a

professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.

James Joyce in Trieste, 1904-1920 La doctrina de la "guerra justa" en el pensamiento de John Rawls

What is (R)Evolutionary Leadership? Why Does it Matter? How can contemporary school district administrators, specifically superintendents, contend with so many difficult, and almost impossible competing commitments? Building on the definitions of revolution, revolutionary, evolution, and evolutionary, the notion of (R)Evolutionary Leadership emerged while discussing the need for school district leaders to push back against the status quo while improving teacher and leadership practices, improving student learning outcomes, engaging with the community, and ensuring decision making processes that include check and balance systems that are just, fair, and equitable for all. The chapters in this book introduce superintendents or research on superintendents in which these tenants were practiced; both in their ability to enact radical change by "overthrowing" the status quo - as well as evolutionary in their deliberate approach to viewing change as a process they can control over time. These leaders were willing to confront and defy practices and policies that were counter to student well-being and achievement while concurrently knowing how to reach their desired results. The chapters chosen for inclusion in this volume are those that offered a glimpse of these revolutionary tenants in practice. We ask that you consider this emerging concept as you explore the chapters of our book. You will find the (R)evolutionary Leaders you meet in the chapters know how to evolve, not just to stay alive, but to ensure the organization (school) remains

relevant and vital to society. These leaders use their positional power, social capital, and expertise to advocate for policies and practices that are in the best interest of the school community and they innovate in ways that challenge the status quo. You will also find practices that are (R)Evolutionary and provide ways for leaders to innovate, collaborate, and simply take care of themselves and those around them. Our description does not seek to support or define or delineate the characteristics of a (R)Evolutionary Leader or how one might enact (R)Evolutionary Leadership—but serves as a way to (re)think the way we view the vastly complex work of school district administrators, specifically the superintendent. (R)Evolutionary leadership may change our ways of thinking about the significant advocacy role a superintendent can play in influencing both practice and policy to enact the change necessary to move forward issues of justice, equity, and quality in PK-12 schools and further to improve educational and social outcomes for those served.

Lead With Me, 2nd Edition provides courageous principals with the tools for partnering with teachers in the student learning and improvement process. This practical guide explains the skills teacher leaders need and offers advice for principals who wish to engage teachers in learning these skills. Packed with stories and examples from educators in the field, this second edition explores how to: Build mutual trust and accountability with teachers and faculty Encourage and facilitate professional development Carefully manage the distribution of power and authority by involving faculty members in decision-making. The revised second edition provides a variety of helpful tools—PowerPoint presentations, reflection questions, activities for professional learning sessions, and annotated lists of additional resources—that can be downloaded as eResources: www.routledge.com/books/details/9781138785588.

Ediciones Universidad de Salamanca

Since the publication of Richard Ellmann s James Joyce in 1959, Joyce has received remarkably little biographical attention. Scholars have chipped away at various aspects of Ellmann s impressive edifice but have failed to construct anything that might stand alongside it. The Years of Bloom is arguably the most important work of Joyce biography since Ellmann. Based on extensive scrutiny of previously unused Italian sources and informed by the author s intimate knowledge of the culture and dialect of Trieste, The Years of Bloom documents a fertile period in Joyce s life. While living in Trieste, Joyce wrote most of the stories in Dubliners, turned Stephen Hero into A Portrait of the Artist as a Young Man, and began Ulysses. Echoes and influences of Trieste are rife throughout Ulysses and Finnegans Wake. Though Trieste had become a sleepy backwater by the time Ellmann visited there in the 1950s, McCourt shows that the city

was a teeming imperial port, intensely cosmopolitan and polyglot, during the approximately twelve years Joyce lived there in the waning years of the Habsburg Empire. It was there that Joyce experienced the various cultures of central Europe and the eastern Mediterranean. He met many Jews, who collectively provided much of the material for the character of Leopold Bloom. He encountered continental socialism, Italian Irredentism, Futurism, and various other political and artistic forces whose subtle influences McCourt traces with literary grace and scholarly rigour. The Years of Bloom, a rare landmark in the crowded terrain of Joyce studies, will instantly take its place as a standard work. "

Genre in a Changing World Taylor & Francis

La recepción de la obra de Bolaño ha alcanzado magnitudes asombrosas. Saltó a la fama con Los detectives salvajes y adquirió estatuto de escritor de culto con 2666, obra en la que trabajó con excepcional dedicación los últimos años de su vida, quizá sin lograr coronarla como hubiese deseado. Ha sido comparado con Pynchon y DeLillo, mas ya antes habían sido varios los críticos que consideraron que la relevancia y el alcance de Los detectives salvajes eran equiparables a los que en su día tuvieron Rayuela y Paradiso. Si en Los detectives salvajes el autor perfila en filigrana un viaje errático y laberíntico, en 2666 pergeña un conjunto narrativo cuajado y vasto, integrado por cinco partes, concebidas y parcialmente esbozadas en sus años mozos. Su novela póstuma es un espacioso fresco, un mural que narra cinco historias enlazadas por dos asuntos capitales: los feminicidios en serie de Santa Teresa, heterónimo y trasunto, encarnación y simulacro de Ciudad Juárez, y los múltiples espacios y veneros en los que se genera y de los que mana la escritura. Ambas novelas tematizan la esperanza de la búsqueda y la eventualidad de la desorientación y de la errancia por mundos varios, en los que México es epicentro de una dilatada geografía.
