A collection of extracts from 26 autobiographies by German-Jewish women on the Nazi period in Germany and the problems of emigration. The introduction (pp. 1-8) notes that Nazi brutality operated in a special way against Jewish married women, who "were singled out and targeted as mediators of Nazi policies"; for example, after "Kristallnacht" they were forced to secure emigration papers in order to obtain the release of their husbands from concentration camps. Mentions that in 1939 there remained in Germany 135 Jewish women for every 100

Jewish men, suggesting that more men fled abroad.

Talking about death is now fashionable, but how should we talk? Who should we listen to - priests, doctors, counsellors, or ourselves? Has psychology replaced religion in telling us how to die? This provocative book takes a sociological look at the revival of interest in death, focusing on the hospice movement and bereavement counselling. It will be required reading for anyone interested in the sociology of death and caring for the dying, the dead or bereaved.

For more than 120 years (1714-1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain

a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.

"We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. Montessori Madness! explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book asks parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what education should look like will never be the same"--Back cover.

A woman finds love and closure, and rediscovers herself, when she returns to her roots in the enchanting new novel from the author of *The Irresistible Blueberry Bakeshop & Café*. Newly jobless, newly single, and suddenly apartmentless, writer Grace Hammond has come unmoored. A grammar whiz who's brilliant at correcting other people's errors, she hasn't yet found quite the right set of rules for fixing her own mistakes. Desperate to escape the city and her trifecta of problems, Grace hits pause and retreats to her Connecticut hometown. What begins as a short visit with her parents quickly becomes a far more meaningful stay, though, as she discovers that the answers to what her future holds might be found by making peace with -- and even embracing -- the past. As Grace sets out to change her ways and come to terms, finally, with the tragedy that took her older sister's life so many years ago, she rekindles a romance with her high school sweetheart, Peter, now a famous Hollywood director who's filming a movie in town. Sparks also fly at the local bike shop, where Grace's

penchant for pointing out what's wrong rattles the owner's ruggedly handsome schoolteacher son, Mitch. Torn between the promise of a glamorous life and the allure of the familiar, Grace must decide what truly matters -- and whether it's time for her to throw away the rule book and bravely follow her heart.

Clifford Allyn Abernathy III (just Cliff, for short) is the oldest of six kids in a family that does everything--fighting, laughing, playing, eating, telling stories, and celebrating the holidays--in a big, often outlandish, and sometimes poignant way. Taking the family from Christmas to Christmas, the chapters of *Fig Pudding*, narrated by eleven-year-old Cliff, are complete short stories in themselves. Read together, they tell the tale of life in a large, loving family. Besides a fresh look, this edition includes a brand new story.

Every once in a while, a new poet appears who makes us feel that the contours of contemporary poetry have been significantly changed. Fred D'aguiar is such a poet. Although still in his early twenties, he already has a wholly independent voice, and a powerful grasp of original and strange subjects. Many of these arise from his childhood in Guyana: the first section of *Mama Dot* comprises a series in which these early years are recalled with a passionately lyrical evocation of landscapes, incidents and family relations. They are sensuous celebrations, but are nevertheless touched

with melancholy and nostalgia - qualities which are more fully evident elsewhere in the book, in poems which address the life D'Aguiar now leads in England, and which concentrate on themes of exile. In the final section, 'Guyanese Days', he returns once again to the scenes and memories of his childhood. *Mama Dot* is one of the most exciting first collections to have been published for many years: exhilarating, haunting and restlessly inventive.

A literary venture into the economic shadow that slavery cast, *Feeding the Ghosts*, based on a true story, lays bare the raw business of the slave trade. The *Zong*, a slave ship packed with captive African "stock," is headed to the New World. When illness threatens to disable all on board and cut potential profits, the ship's captain orders his crew to throw the sick into the ocean. After being hurled overboard, Mintah, a young female slave taken from a Danish mission, is able to climb back onto the ship. From her hiding place, she rouses the remaining slaves to rebel and stirs unease among the crew with a voice and conscience they seem

unable to silence. Mintah's courage and others' reactions to it unfold in a suspenseful story of the struggle to live even when threatened by oblivion.

In 1971, French jazz critics Philippe Carles and Jean-Louis Comolli co-wrote *Free Jazz/Black Power*, a treatise on the racial and political implications of jazz and jazz criticism. It remains a testimony to the long ignored encounter of radical African American music and French left-wing

criticism. Carles and Comolli set out to defend a genre vilified by jazz critics on both sides of the Atlantic by exposing the new sound's ties to African American culture, history, and the political struggle that was raging in the early 1970s. The two offered a political and cultural history of black presence in the United States to shed more light on the dubious role played by jazz criticism in racial oppression. This analysis of jazz criticism and its production is astutely self-aware. It critiques the critics, building a work of cultural studies in a time and place where the practice was virtually unknown. The authors reached radical conclusions—free jazz was a revolutionary reaction against white domination, was the musical counterpart to the Black Power movement, and was a music that demanded a similar political commitment. The impact of this book is difficult to overstate, as it made readers reconsider their response to African American music. In some cases it changed the way musicians thought about and played jazz. *Free Jazz / Black Power* remains indispensable to the study of the relation of American free jazz to European audiences, critics, and artists. This

monumental critique caught the spirit of its time and also realigned that zeitgeist.

For over twenty years, Patagonia has organized a Tools Conference, where experts provide practical training to help make activists more effective. Now Patagonia has captured Tools' best wisdom and advice into a book, creating a resource for any organization hoping to hone core skills like campaign and communication strategy, grassroots

organizing, and lobbying as well as working with business, fundraising in uncertain times and using new technologies. Patagonia hopes the book will be dog-eared and scribbled in; a solid, inspiring guide and reliable companion. The book is organized in two sections: Strategies, and Tools. Each chapter, written by a respected expert in the field, covers essential principals as well as best practices. A hands-on case study accompanies each chapter and demonstrates the principles in action. Sprinkled throughout are inspirational

thoughts from acclaimed activists, such as Jane Goodall, Bill McKibben, Wade Davis, Annie Leonard, and Terry Tempest Williams. An activist's companion in the environmental movement.
