Out of the Blue Penguin Taras Grescoe rides the rails all over the world and makes an elegant and impassioned case for the imminent end of car culture and the coming transportation revolution "I am proud to call myself a straphanger," writes Taras Grescoe. The perception of public transportation in America is often unflattering—a squalid last resort for those with one too many drunk-driving charges, too poor to afford insurance, or too decrepit to get behind the wheel of a car. Indeed, a century of auto-centric culture and city planning has left most of the country with public transportation that is underfunded, ill maintained, and ill conceived. But as the demand for petroleum is fast outpacing the world's supply, a revolution in transportation is under

way. Grescoe explores the ascendance of the straphangers—the growing number of people who rely on public transportation to go about the business of their daily lives. On a journey that takes him around the world—from New York to Moscow, Paris, Copenhagen, Tokyo, Bogotá, Phoenix, Portland, Vancouver, and Philadelphia—Grescoe profiles public transportation here and abroad, highlighting the people and ideas that may help undo the damage that car-centric planning has done to our cities and create convenient, affordable, and sustainable urban transportation—and better city living—for all.

A Dictionary of Arts, Sciences, Literature and General Information Jan Wong Joyce Sparks has lived the whole of her 86 years in the small community of

Balsden, Ontario. As a girl, Joyce allowed herself to imagine a future of adventure in the arms of her friend Freddy Pender, whose chin bore a Kirk Douglas cleft and who danced the cha-cha divinely. Though troubled by the whispered assertions of her sister and friends that he wasn't 'normal,' Joyce adored Freddy for all that was un-Balsden in his flamboyant ways. When Freddy led the homecoming parade down the main street, his expertly twirled baton and outrageous white suit gleaming in the sun, Joyce fell head over heels in unrequited love. Years later, Joyce married Charlie, who was nothing like Freddy, and bore a son who very much reminded her of Freddy. Tragic news of her childhood love arrived and Joyce was forced to face how far she should go to protect the fate and life of her son and the implications her decision had. Today, as her life ebbs away in the bed at Chestnut Park Nursing Home, Joyce ponders the terrible choices she made as a mother and wife and doubts that she can be forgiven, or that she deserves to be. When a young nursing home volunteer named Timothy

appears, so much like her long lost son, Joyce wonders if there be some grace in her life after all. Voiced by an unforgettable and heartbreakingly flawed narrator, *Natural Order* is a masterpiece of empathy, a wry and tender depiction of the end-of-life remembrances and reconciliations that one might undertake when there is nothing more to lose, and no time to waste.

Some people win games. Some achieve success. But when it comes right down to it, most people don't. Failure is a guest no one invites, yet it shows up almost everywhere. The gifts it brings are easy to overlook. *The Uninvited Guest* is a whirlwind ride featuring Romanian hockey superstars growing up in Montreal, Danish prostitutes working in Sweden, Russian mobsters, the perils of parking in Penitanguishene, and how not to die if you want to make it home on time. Most of all, it's the story of Stan Cooper, hockey timekeeper/custodian-turned-trophy-keeper; Tony, a young Italian

Canadian man and new Cup keeper; and Dragos Petrescu, the first Romanian-born hockey player to win the Stanley Cup. Over a period of 50 years, the lives of the three men weave in and out of each other, with themes of love, hate, family, jealousy and ultimately, forgiveness.

Winner of the 2015 Scotiabank Giller Prize
 Finalist for the 2015 Toronto Book Awards
 Winner of the 2015 Rogers Writers' Trust Fiction Prize "[Alexis] devises an inventive romp through the nature of humanity in this beautiful, entertaining read ... A clever exploration of our essence, communication, and how our societies are organized." - Kirkus Reviews "This might be the best set-up of the spring." - The Globe & Mail "André Alexis has established himself as one of our preeminent voices." - Toronto Star — I wonder, said Hermes, what it would be like if animals had human intelligence. — I'll wager a year's servitude, answered Apollo, that animals - any animal you like - would be even more unhappy than humans are, if they were

given human intelligence. And so it begins: a bet between the gods Hermes and Apollo leads them to grant human consciousness and language to a group of dogs overnighting at a Toronto veterinary clinic. Suddenly capable of more complex thought, the pack is torn between those who resist the new ways of thinking, preferring the old 'dog' ways, and those who embrace the change. The gods watch from above as the dogs venture into their newly unfamiliar world, as they become divided among themselves, as each struggles with new thoughts and feelings. Wily Benjy moves from home to home, Prince becomes a poet, and Majnoun forges a relationship with a kind couple that stops even the Fates in their tracks. André Alexis's contemporary take on the apologue offers an utterly compelling and affecting look at the beauty and perils of human consciousness. By turns meditative and devastating, charming and strange, *Fifteen Dogs* shows you can teach an old genre new tricks. André Alexis was born in Trinidad and grew up in

Canada. His debut novel, *Childhood*, won the Books in Canada First Novel Award, the Trillium Book Award, and was shortlisted for the Giller Prize and the Writers' Trust Fiction Prize. His other previous books include *Asylum*, *Beauty and Sadness*, *Ingrid & the Wolf* and, most recently, *Pastoral*, which was also nominated for the Rogers Writers' Trust Fiction Prize and was named a Globe and Mail Top 100 book of 2014.

DEEP SHADOW

"Books geographically focused on the midwestern and eastern states dominate the study of Mennonites in America. The intriguing history of Mennonites in the American West remains untold. In *From Digging Gold to Saving Souls*, Brian Froese introduces readers for the first time to the California Mennonite experience. Although a few Mennonites did dig for gold in the 1850s, the real story of Mennonites in California begins in the 1890s with westward

migrations for fertile soil and healthy sunshine. By the mid-twentieth century, the Mennonite story in California had developed into an interesting tale of religious conservatives--traditional agrarians--finding their way in an increasingly urban and religiously pluralistic California. Some California Mennonites negotiated new identities by endorsing conservative evangelicalism; some found them in reclamations of sixteenth-century Anabaptists. Still other Mennonites found meaningful religious experience by engaging in social action and justice even when these actions appeared in "secular" forms. These emerging identities--Evangelical, Anabaptist, and secular--

covered a broad spectrum, yet represented a selective retaining and discarding of Mennonite religious practices and expressions. From *Digging Gold to Saving Souls* touches on such topics as migration, pluralism, race, gender, pacifism, institutional construction, education, and labor conflict, all of which defined the experience of Mennonites of California. Brian Froese shows how this experience was a rich, complex, and deliberate move into modern society. In *From Digging Gold to Saving Souls*, he introduces readers to a dynamic people who did not simply become modern, but who chose to modernize on their own terms"--
