story that they  
forgot to  
check if it was  
true.  
September  
11th was a

windfall for Bush and his cronies -- and a disaster for just about everyone else. It's time to cut through the rhetoric and obfuscation gumming up the airwaves and expose the lies and hypocrisy that are putting the entire world at risk. *The Great October Socialist Revolution* Korsgaard Publishing Exposing lies of the empire The Great October Socialist Revolution

## **HACK ATTACK**

PT. Badak Merah Semesta Badak Merah is launching the 'Message for Humanity by Andre Vltchek' series. What underpins the series is Vltchek's love for humanity and lifelong quest for fighting Western imperialism. The first edition contains 15 essays and writings as selected by 11 friends, colleagues, and comrades who also

explain why they are important for humanity. Touching upon a wide range of issues and geographical areas such as Afghanistan, China, Oceania, the essays and writing will help readers 'understand the nature of imperialism and tear away its modern disguises' as commented by John Pilger as he salutes Andre Vltchek.

## **THE PRINCE OF WAR**

Simon and Schuster Capitalism makes

possible a new form of domination by purely economic means, argues Ellen Meiksins Wood. So, surely, even the most seasoned White House hawk would prefer to exercise global hegemony in this way, without costly colonial entanglements. Yet, as Wood powerfully demonstrates, the economic empire of capital has also created a new unlimited militarism. By contrasting

the new imperialism to historical forms such as the Roman and Spanish empire, and by tracing the development of capitalist imperialism back to the English domination of Ireland and on the British Empire in America and India, Wood shows how today's capitalist empire, a global economy administered by local states, has come to spawn a new military doctrine of

war without end, in purpose or time. *Lies Men Believe* Cornell University Press Barkawi re-imagines the study of war with imperial and multinational armies that fought in Asia in the Second World War. *Against Empire* Reformation Heritage Books Perhaps, after all, the decolonising agenda isn't extra baggage the church needs to carry on top of

everything else. Perhaps, instead, it is the very heart of what the church should be about – disrupting, uncomfortable, and bringing about a kind of ‘holy anarchy’. In *Holy Anarchy*, Graham Adams points to a realm in which all dynamics of domination, not least in the church, are subverted. It cuts across the loyalties and boundaries of religion and fosters the greatest possible solidarity

amongst the different. Urgent and timely, the book weaves together themes around Empire, liberation and decolonial practice with an exploration of the nature and scope of church community, interreligious engagement, mission, and worship.

<p>Merah Pte. Limited "Thomas Jefferson stands falsely accused of several crimes, among them infidelity and disbelief. Noted historian David Barton now sets the record straight. Having borne the brunt of a smear campaign that started more than two centuries ago, the reputation and character of American president Thomas Jefferson shows considerable</p>	<p>tarnish, as lies and misunderstan dings have gathered on his legacy. Noted early- America historian David Barton scours out the truth. Jefferson and Sally: Did he really have children by his slave, Sally Hemings? Jefferson and Jesus: Did he really abandon the faith of his family? Jefferson and the Bible: Did he really want to rewrite the Scripture? Jefferson and the church: Did he really</p>	<p>advocate separation? Jefferson and slaves: What is the truth about his slaveholding and his statements that all are created equal? Jefferson and education: Did Jefferson really found the first secular, irreligious university? All of these questions deserve the cleansing light of truth. Barton has gone through the historical records, combed the original documents</p>
---	---	---

and letters, and examined the recent evidence, and his findings will upset the establishment. Barton shows the true man, the real Thomas Jefferson. Most readers will have the joy and surprise of meeting him for the very first time"--

*Empire's Wake: Postcolonial Irish Writing and the Politics of Modern Literary Form*

Random House

The great Latin American revolutionary

writer, Eduardo Galeano, once said to Vltchek, "It is time to raise old flags. It is time to un-dust them and once again gather under them." The Revolution is not over. Communism and socialism are far from being defeated. One of the leading left-wing thinkers today, Andre Vltchek, in this collection of philosophical, revolutionary essays, explains why revolutionary optimism is so feared in the

nihilistic West and, by taking us to all corners of the world, proves that people everywhere are still capable of dreaming, hoping and fighting for a much better world and for eternal ideals!

## **EMPIRE OF PAIN**

Moody Publishers

It has been termed an insurgency, a revolution, a guerrilla war, and a conventional war. As David J. Silbey demonstrates in this taut, compelling

history, the 1899 Philippine-American War was in fact all of these. Played out over three distinct conflicts—one fought between the Spanish and the allied United States and Filipino forces; one fought between the United States and the Philippine Army of Liberation; and one fought between occupying American troops and an insurgent alliance of

often divided Filipinos—the war marked America's first steps as a global power and produced a wealth of lessons learned and forgotten. In A War of Frontier and Empire, Silbey traces the rise and fall of President Emilio Aguinaldo, as Aguinaldo tries to liberate the Philippines from colonial rule only to fail, devastatingly, before a relentless American army. He tracks

President McKinley's decision to commit troops and fulfill a divinely inspired injunction to "uplift and civilize" despite the protests of many Americans. Most important, Silbey provides a clear lens to view the Philippines as, in the crucible of war, it transforms itself from a territory divided by race, ethnicity, and warring clans into a cohesive

nation on the path to independence. *Selected Writings of Richard McKeon, Volume Two* Fordham Univ Press  
 Empire's Twin broadens our conception of anti-imperialist actors, ideas, and actions; it charts this story across the range of American history, from the Revolution to our own era; and it opens up the transnational and global dimensions of American anti-imperialism. **Empire's**

**Twin**  
 Independently Published  
 An argument against the myth of "American exceptionalism" *Endless Holocausts: Mass Death in the History of the United States* Empire helps us to come to terms with what we have long suspected: the rise of the U.S. Empire has relied upon an almost unimaginable loss of life, from its inception during the European colonial period, to the present. And

yet, in the face of a series of endless holocausts at home and abroad, the doctrine of American exceptionalism has plagued the globe for over a century. However much the ruling class insists on U.S. superiority, we find ourselves in the midst of a sea change. Perpetual wars, deteriorating economic conditions, the resurgence of white supremacy, and the rise of

the Far Right have led millions of people to abandon their illusions about this country. Never before have so many people rejected or questioned traditional platitudes about the United States. In *Endless Holocausts* author David Michael Smith demolishes the myth of exceptionalism by demonstrating that manifold forms of mass death, far from being unfortunate exceptions to an otherwise

benign historical record, have been indispensable in the rise of the wealthiest and most powerful imperium in the history of the world. At the same time, Smith points to an extraordinary history of resistance by Indigenous peoples, people of African descent, people in other nations brutalized by U.S. imperialism, workers, and democratic-minded people around

the world determined to fight for common dignity and the sake of the greater good. [Revolutionary Optimism](#), [Western Nihilism](#) Verso Books Meetings with remarkable activists since the 1960s American social change movements dominated the 1960s and 1970s, an era brought about and influenced not by a handful of celebrity activists but by people who cared. These history

makers together transformed the political and spiritual landscape of America and laid the foundation for many of the social movements that exist today. Through a series of 43 vignettes—tight biographical sketches of the characters and intimate memories of her personal encounters with them—the author creates a collective portrait of the rebels, artists, radicals, and

thinkers who through word and action raised many of the issues of justice, the environment, feminism, and colonialism that we are now familiar with. From Berkeley to Bolivia, from New York to New Mexico, a complex, multi-layered radical history unfolds through the stories and lives of the characters. From Marty Schiffenhauer, who fought through the first rent-control law in the United States, to

Ponderosa Pine, who started the All-Species Parade and never wore shoes, to Dan and Patricia Ellsberg, who released the Pentagon Papers and became life-long anti-war and antinuclear activists, the portraits bring out some of the vibrant, irreverent energy, the unswerving commitment, and the passion for life of these generations of activists. In our present moment, as many people

find themselves in the streets protesting for the first time in their lives, In the Company of Rebels makes the connection to this relatively recent rebellious era. As the author comments on her own twenty-year old self, sitting at the counter of Cody's Books in Berkeley in the early 1970s, thrilled about the times but oblivious of the work that came before: "I didn't know anything

about this courageous and colorful past. But now I know."

### **Lying for Empire**

Cambridge University Press Oceania: neocolonialism, nukes and bones is a critical appraisal of the destructive consequences of colonialism and later neocolonialism and how they have reshaped and undermined the very essence of Pacific humanity. It provides a rather

uncomfortable but justifiably powerful moral message that the perils of Oceania need drawing attention to for the future survival of Pacific peoples and cultures who, isolated from the main centres of global power, are often relegated to the margins of development and progress. Andre Vltchek spent five years living and traveling throughout Oceania. During his journey he interviewed

politicians, social-workers, journalists, teachers, doctors and the local inhabitants. He became friends with the great Pacific writer Epeli Hau'ofa who declared him an 'honorary citizen of Oceania, ' and he intricately documented the appalling effects Western government policies, corporate strategies and military operations were having on the islands and the

peoples of the Pacific." The Exception To The Rulers Tor Books Howard Zinn's A People's History of the United States has sold more than 2.5 million copies. It is pushed by Hollywood celebrities, defended by university professors who know better, and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression, slavery, and

exploitation. Zinn's history is popular, but it is also massively wrong. Scholar Mary Grabar exposes just how wrong in her stunning new book Debunking Howard Zinn, which demolishes Zinn's Marxist talking points that now dominate American education. In Debunking Howard Zinn, you'll learn, contra Zinn: How Columbus was not a genocidal maniac, and was, in fact, a

defender of  
Indians Why  
the American  
Indians were  
not feminist-  
communist  
sexual  
revolutionarie  
s ahead of  
their time How  
the United  
States was  
founded to  
protect liberty,  
not white  
males' ill-  
gotten wealth  
Why  
Americans of  
the "Greatest  
Generation"  
were not the  
equivalent of  
Nazi war  
criminals How  
the Viet Cong  
were not well-  
meaning  
community  
leaders  
advocating for  
local self-rule

Why the Black  
Panthers were  
not civil rights  
leaders  
Grabar also  
reveals Zinn's  
bag of  
dishonest  
rhetorical  
tricks: his  
slavish  
reliance on  
partisan  
history,  
explicit  
rejection of  
historical  
balance, and  
selective  
quotation of  
sources to  
make them  
say the exact  
opposite of  
what their  
authors  
intended. If  
you care  
about  
America's  
past—and our  
future—you

need this  
book.

With a new  
Afterword

covering her trial and sentencing, bringing the story to a close. “Chilling ... Reads like a thriller ... Carreyrou tells [the Theranos story] virtually to perfection.” —The New York Times Book Review In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the next Steve Jobs: a brilliant Stanford dropout whose startup “unicorn” promised to revolutionize the medical industry with its

breakthrough device, which performed the whole range of laboratory tests from a single drop of blood. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes’s worth at an estimated \$4.5 billion. There was just one problem: The technology didn’t work. Erroneous results put patients in

danger, leading to misdiagnoses and unnecessary treatments. All the while, Holmes and her partner, Sunny Balwani, worked to silence anyone who voiced misgivings—from journalists to their own employees. **Bottle of Lies** SCM Press 2015. The global village has disintegrated. The Third World War, ending in a stalemate, has left the planet split between

two hostile powers, each with a captive sphere of influence. The Atlantic Ocean has become an American sea. West Africa is a desert of failed states and anarchy, dotted with mines and oil rigs, stockaded and armed by U. S. corporations. From their island outpost of St. Thomas, the Americans dispatch expeditions of geologists and mining engineers into the dangerous interior of the Dark Continent to

search for untapped mineral resources. One such expedition has gone missing. Ekem "Crash" Ferguson, born in the U.S. in 2008 of African parents and abandoned to the care of foster parents, is a Captain in the Marine Corps. His career blocked and his marriage failing, he accepts an offer to proceed to Ghana on a one-man mission to find the missing experts. Unknown to

his handlers, he has another mission. His arrival in Africa is inauspicious: in a shack amongst the coconut palms he comes across two human skeletons. This is only the first incident in what turns out to be a journey of discovery and self-discovery. "Magnificently crafted political fiction." Andre Vltchek, author of *Aurora* and *Exposing the Lies of the Empire*. **Smashing**

**Idols and Exposing Lies**

Independently Published  
The definitive book on how the News of the World phone-hacking scandal reached the highest echelons of power in the government, security, and media in the UK, from the journalist who broke the story. At first, it seemed like a small story. The royal editor of the News of the World was caught listening to the voicemail messages of

staff at Buckingham Palace. He and a private investigator were jailed, and the case was closed. But Nick Davies, special correspondent for The Guardian, knew that it didn't add up. He began to investigate, and ended up exposing a world of crime and cover-up, of fear and favor—the long shadow of Rupert Murdoch's media empire. Hack Attack is the mesmerizing story of how

Davies and a small group of lawyers and politicians took on one of the most powerful men in the world—and beat him. It exposes the inner workings of the ruthless machine that was the News of the World, and of the private investigators who hacked phones, listened to live calls, sent Trojan horse emails, bribed the police, and committed burglaries to dig up tabloid scoops. Above all, it is a study of the

private lives of the power elite. It paints an intimate portrait of the social network that gave Murdoch privileged access to government, and allowed him and his lieutenants to intimidate anyone who stood up to them. Spanning the course of the investigation from Davies's contact with his first source in early 2008 to the resolution of the criminal trial in June 2014, this is the definitive record of one

of the major scandals of our time, written by the journalist who was there every step of the way.

### **THE JEFFERSON LIES**

Hill and Wang  
This book has two parts. Part I exposes seven false Secret Society "New World Order" constructs. Part II exposes the true nature of reality and what we need to do to "Transcend" this carbon matrix when we die. The chapters in

part one are:  
The Sumerian Swindle.  
Reveals the Anunnaki, genetically engineers of the Nordic race. Explains how and why the money handlers ripped-off the Sumerian text to create the Old Testament.  
The Problem with Scientism.  
Exposes how the Secret Societies hide the hand of God in Creation via their false theories. The Creation of Islam. Quotes the work of the

<p>whistleblower and former Jesuit Alberto Rivera who reveals the Catholic Church's hand in the creation of Islam. Antarctica: Beginning of the End. Nazi alien bases. The formation of the UN, NASA, CIA and a New World Order, and the advent of Deep Underground Military Bases. The New World Order. 9/11. JFK. Fluoride. Chemtrails.UF O's. Zionism. And the technology explosion, transhuman</p>	<p>agenda that seeks to turn us all into the IoT and replace humans with an Ai-brain interface hybrid by 2030. Flat Earth. Explains why this will never be revealed, how, why, where, and proof our electromagnetic simulation requires a flat, motionless Earth. The Climate Change Hoax. Explains how weather warfare, geoengineering, Chemtrails, and HAARP cause climate change. Why</p>	<p>this hoax is being promoted, and how it fits into the NOW plans for 2030. The chapters in part two are: Our Electric, Holographic Reality. We live in an electromagnetic simulation. This chapter provides proof. Gods Divine Algorithm. Our creator is not an old man sitting in the clouds, our creator is a code that adjudicates everything according to laws based on positive and negative</p>
--	--	---

energy, in due time. Eternity is a long time. Simulations without end await, until we get it right. Belief System Lifehacks. Concepts that help make life easier. Mandela Effect. How, why. One of the proofs we live in an editable simulation. Phillip K Dick's warning for mankind. PKD's books were not science fiction. They were written by an entity that hijacked his consciousness , and entity

with access to alt realities, the past, and the future. Her warnings of an evil Empire hijacking our Republic and creating a global Ai run police state are about to come to fruition by 2030. True Principles. Do this positive thing, that that positive result. Easy! Transcending the Matrix. Explains how doing x, y, and z can free your soul from getting stuck in this simulation for life after life, and instead, level up to

higher consciousness . Part II deals with the true nature of what we call abject reality. I provide evidence, as evidence not belief or theories equates to truth. The main reason I am writing this book is because I experienced lucid dreams where entities beyond the veil exposed profound sacred truths I feel I must share. Endless Holocausts Tor Books "If there ever was such a

thing as a 'shortcut' to the wisdom of the ages, you're holding it in your hands. This is the kind of wisdom that can only be earned over a lifetime of trial and error, trial and error, and, finally, trial and success." - Patrick Morley Author, The Man in the Mirror "In 2001, I wrote a book called Lies Women Believe. Since then this message has reached millions of women and been translated into

dozens of languages. But I've often been asked about a 'male counterpart' to the book. When God brought Robert into my life in 2015, I soon realized he was the ideal choice to pen this message for men. You'll find that reading Lies Men Believe, with its warm, relatable style, is like having a conversation with a good friend. Be prepared, in the process, to grapple with some tough issues.

And be prepared to experience the liberating power of the Truth—in your own life, and in the lives of those you influence." - Nancy DeMoss Wolgemuth Revive Our Hearts Teacher & Host; Lies Books Series Editor You are being hunted. Like a seasoned angler, our enemy opens his tackle box and selects the lure most likely to attract his intended prey—usually the one you and I are least

likely to consider harmful. Each lie we bite on causes us to feel pain, lose or injure relationships, and miss out on the abundant life that God wants us to have. Lies Men Believe exposes the lies that men most commonly

believe, and shows you how to combat those lies with the truth. Lies like: Pleasure and Entertainment Can Truly Satisfy Me If I Mean Well, That's Good Enough If I Discipline My Children, They'll Rebel. I'm Measured

by How I Compare with Other Men. Find out how lies are holding you back from freedom, joy, and intimacy with God and others. Discover the power of the truth. Because once you fully embrace the truth, nothing is ever the same.
