Guide to principles of good governance

This Guide to principles of good governance is one of high-level principles which reflects this diversity and is intended to supplement the Criteria. We hope that this will be useful to schemes, prospective schemes and the wide range of stakeholders

with an interest in Ombudsman matters. Six principles have been identified and briefly defined.

The four principles of good governance -

Reflections
Principles for good governance in the 21st century

12 PRINCIPLES OF GOOD GOVERNANCE - COUNCIL OF EUROPE

In general, good governance is perceived as a normative

principle of administrative law, which obliges the State to perform its functions in a manner that promotes the values of efficiency, no corruptibility, and responsiveness to civil society. It is therefore a principle that is largely associated with statecraft.

WHAT ARE THE PRINCIPLES OF GOOD CORPORATE GOVERNANCE ...

A principle of

good governance is that stakeholders should be informed about the company's activities, what it plans to do in the future and any risks involved in its business strategies. Transparency means openness, a willingness by the company	to provide clear information to shareholders and other stakeholders. Principles of good governance encourage public managers to transcend the limitations of thinking only in legal terms. The legal implications of an action are critical to any decision, but	they are also well defined, easy to determine and simple to apply. Conversely, by questioning an action in relation to values, a public manager must confront the important ethical aspects and implications of his/ her decision.
