Scottish Fold Cats:

Hypoallergenic or Not? -

Scottish Fold ... Scottish Fold Cats Scottish FoldThe Scottish Fold is a breed of cat that is said to be quite different in character from others. Due to a dominant gene the Scottish Fold looks a tad unusual from

the rest because of its folded ears, giving it an owl-like appearance. This book shall also show you the benefits of taking in a Scottish Fold.Home | Scottish Fold CatsThe Scottish Fold is a breed of domestic cat with a natural dominant-gene mutation that affects cartilage throughout the body, causing the ears to "fold", bending forward and down towards the front of the head, which gives the cat what is often described as an "owl-like" appearance.. Originally called lop-eared or lops

after the lop-eared rabbit, Scottish Fold became the breed's name in 1966.Scottish Fold - WikipediaThere is nothing a Scottish Fold-named for their folded ears-likes better than to be with their people, participating in whatever they are doing.
