Finalist for the 2020 Hugo, Nebula, Dragon, and World Fantasy Awards “Unlike anything I’ve ever read.” —V.E. Schwab “Lesbian necromancers explore a haunted gothic palace in space!” —Charles Stross “Deft, tense and atmospheric, compellingly immersive and wildly original.” —The New York Times The Emperor needs necromancers. The Ninth Necromancer needs a swordswoman. Gideon has a sword, some dirty magazines, and no more time for undead nonsense. Tamsyn Muir’s Gideon the Ninth unveils a solar

system of swordplay, cut-throat politics, and lesbian necromancers. Her characters leap off the page, as skillfully animated as arcane revenants. The result is a heart-pounding epic science fantasy. Brought up by unfriendly, ossifying nuns, ancient retainers, and countless skeletons, Gideon is ready to abandon a life of servitude and an afterlife as a reanimated corpse. She packs up her sword, her shoes, and her dirty magazines, and prepares to launch her daring escape. But her childhood nemesis won't set her free without a service. Harrowhark Nonagesimus, Reverend Daughter of the Ninth House and bone witch extraordinaire, has been summoned into action. The Emperor has invited the heirs to each of his loyal Houses to a deadly trial of wits and skill. If Harrowhark succeeds she will become an immortal, all-powerful servant of the Resurrection, but no necromancer can ascend without their cavalier. Without Gideon's sword, Harrow will fail, and the Ninth House will die. Of course, some things are better left dead. Conversations with Nostradamus:

Volume 2 Ozark Mountain Publishing

In 1945 when the atomic bombs were dropped in WWII, our "protectors" and "watchers" in outer space saw that Earth was on a collision course with disaster. The prime directive of non-interference prevented them from taking any action, but then they came up with a brilliant plan to save Earth and assist her in her ascension. They couldn't interfere from the "outside", but maybe they could influence from the "inside". So the call went out for volunteers to come and help. "Earth is in trouble - who wants to volunteer?" The

native souls living on Earth were too caught up on the wheel of karma. The only hope was to ask for pure souls to come who had never been trapped on the karmic cycle. Dolores in her hypnosis work has discovered three waves of these volunteers. Some have come direct from the "Source" and have never lived in any type of physical body before. Others have lived as space beings on other planets or other dimensions. Because all memory is erased upon entry to the Earth dimension, they do not remember their assignment. Thus these beautiful souls have a difficult time adjusting to our chaotic world. These souls have a vital role to play as they help all of the rest of us ascend to the New Earth. * Characteristics of the Three Waves of Volunteers * The Difficulties being Experienced by First-Timers * How the Shift is affecting the Physical Body * The Roles of ETs and Light Beings in the Shift * Keepers of the Grid * The Separation of the Old and New Earth * What is the New Earth? * What is the Significance of 2012?

The Ballad of Songbirds and Snakes (A

Hunger Games Novel) Dark Horse Comics THE BEGINNING What do you do when you

discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnotherapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives, regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and everyone involved, and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnotherapist who has explored thousands of cases in the forty years since 1968, and has written

fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1980, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come forth. Enjoy the adventure!

They Walked with Jesus Ozark Mountain Publishing

In *The Accidental Universe*, physicist and novelist Alan Lightman explores the emotional and philosophical questions raised by discoveries in science, focusing most intently on the human condition and the needs of humankind. Here, in a collection of exhilarating essays, Lightman shows us our own universe from a series of fascinating and diverse perspectives. He takes on the difficult dialogue between science and religion; the conflict between our human desire for permanence and the impermanence of nature; the possibility that our universe is simply an accident; the manner in which modern technology has divorced us from enjoying a direct

experience of the world; and our resistance to the view that our bodies and minds can be explained by scientific logic and laws alone. With his customary passion, precision, lyricism and imagination, in *The Accidental Universe* Alan Lightman leaves us with the suggestion - heady and humbling - that what we see and understand of the world and ourselves is only a tiny piece of the extraordinary, perhaps unfathomable whole. Praise for Alan Lightman: '...a gem of a novel that is strange witty erudite and alive with Lightman's playful genius.' Junot Diaz. 'It would not seem possible for Alan Lightman to match his earlier tour de force, *Einstein's Dreams*, but in *Mr g* he has done so - with wit, imagination, and transcendent beauty.' Anita Desai.

LEGACY FROM THE STARS

Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

When Breath Becomes Air Ozark Mountain Publishing

Please note: This is a companion version & not the original book. Sample Book Insights: #1 I have traveled through time and space to explore the history of the past, and the possibilities of the future. I have visited unknown planets and dimensions, and spoken with many so-called alien species. I have discovered that everything is hidden in the recesses of the subconscious mind, and that it can be

discovered and applied in our time. #2 I first became involved with reincarnation and past-life regression in 1968. My husband, Johnny, was career U. S. Navy for over twenty years, and had just returned from duty in Viet Nam. We were stationed in Texas and trying to return our lives to normal after a four year separation caused by the war. #3 1968 was a significant year in my life because it changed everything forever. My husband, Johnny, was almost killed in a horrendous automobile accident on his way to the Naval Base one night. He was hit head-on by a drunken driver, and mangled into the wreckage of our Volkswagen bus. The doctors said it was a miracle he lived, because his injuries were so extensive that he should have died. #4 I was glad to have the sanctuary of the hills as my retreat, as I was completely focused on my husband and the children. I had no idea where I would find clients in the hills of Arkansas, but I knew I wanted to do something with my life.

The Search for Hidden, Sacred Knowledge Pantheon

Through regressive hypnosis a lost legend of the history of mankind has been retrieved from the recesses of time. Did

the American Indians descend from the inhabitants of an alien spacecraft that crashed in the Alaska-Canada region thousands of years ago? Starcrash indicates that aliens continued to come to Earth, some intentionally and by accident, throughout our history. In order to adjust to harsh conditions they were forced to interbreed with the local aborigines. This was the only way to insure the survival of their race. Does their blood still flow in the veins of certain American Indian tribes? *Jesus and the Essenes* Red Wheel/Weiser Book Five in "The Convoluted Universe" series provides metaphysical information obtained through numerous subjects by hypnotic past-life regression.

ONE HUNDRED YEARS OF SOLITUDE

Penguin

Sequel to *Jesus and the Essenes*. The past-life memories of two women capture a true and compelling portrait of Jesus the man, from the healing miracles he performed to the gentle philosophy he preached. This is an INSIDER view, direct from Jesus' time, deep in feeling tones and profound in implications, giving a sense of how things truly were. This book includes

drawings of the Temple and Old Jerusalem, and includes scenes at the Temple in Jerusalem, visits to homes and leper colonies, political intrigues leading to the crucifixion, and also the personal feelings of those who met him. The realism of this information is astounding.

THE CONVOLUTED UNIVERSE: BOOK 3

Scholastic Inc.

“A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious.” —The New York Times
Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely

arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

Through a million-to-one-chance contact through hypnosis, Nostradamus has broken through to our time period to reveal the events he foresaw rushing toward humankind. The master himself explains the puzzles he carefully concealed in code within his famous quatrains or prophecies. By speaking from his time to our time, he warns us so we can use our free will to help change the future. These three volumes contain the quatrains that pertained to our present and future. Their accuracy has been astonishing. They have been coming true at an alarming rate. There was an addendum added to volume one showing some of these.

Seth Speaks (A Seth Book) Ozark Mountain Publishing
Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins. Her findings indicate that the earth was seeded eons ago by travellers from outer space. These visits by ancient extraterrestrials did not end with their intervention in human evolution. They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction.
